THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C. TUESDAY, NOVEMBER 18, 1884. NO. 275

The New York World, discussing the Senatorship of the Empire State, asks: "Would it not be to the honor of the State and to the credit of the people if party considerations could be laid aside and the Legislature be induced to tender the United States Senatorship unanimously to Roscoe Conkling?"

A curious fact in relation to the Greely arctic expedition is not generally known. According to Lieutenant Greely's account, of the nineteen men who perished all but one were smokers, and the one was the last to die. The seven survivors were non-smoking men. This is an important argument for the anti-tobaccoists.

Bristol Printers.
Mr. R. H. Mardon, of Mardon, Son & Hall, lithographers and printers, Bristol, England, writes: While suffering from neuralgia I tried St. Jacobs Oil, and found wonderful relief. I bought a case for use among our work-people and it has proved invaluable.

The latest November styles can be had at Dyer's. New goods and low prices.

The Kittie Rhoades combination will play in this city on next Friday and Saturday evenings. Mr. M. A. Mosely, the agent of the troupe, is expected here to-night.

We beg to suggest to the people living on the line of march which the Democratic procession will take to water well the streets on Thursday evening, where it is practicable. It will add greatly to the pleasure of those who participate as well as to the lookers on.

We understand that the display of fireworks in this city on Thursday night will be the grandest ever known in this State. Col. Kerchner has been to Baltimore to order them especially for the occasion and "for one night only."

Notice to Marshals and Assistant Marshals.
It is expected that all the Marshals and Assistant Marshals, taking part in the procession Thursday night, will be mounted and have white sashes trimmed with red and blue.

H. McL. GREEN,
Chief Marshal.

First of the Season.
The first fruit cargoes of the season arrived here to-day on the schooners *Pioneer* and *Hattie Darling*, consigned to Messrs. Croly & Morris. The sale will commence to-morrow, by Mr. S. H. Trimble, Mr. S. W. Davis, Auctioneer, at 10 o'clock, and will be continued from day to day until the fruit is all disposed of.

Illumination.
Let every Democrat in the city turn out and carry a torch on Thursday night, and let every house in the city be illuminated. If candles and lanterns are not available for the latter purpose, throw open the doors and the windows and draw up the blinds, and place all of the lamps you can muster near the openings. The ladies all know how to place their home plants near the lights so as to add to the charming effect.

To a Loving Mother.
If you want to afflict your little girl with an ugly catarrh that may last her a lifetime, muffle her head up in a woolen hood every Sunday morning during the Winter and send her to church to remain in an overheated atmosphere for an hour or two, and then let her play out of doors all the afternoon bar-headed. If this should kill the child outright don't think the dispensations of Providence altogether inexplicable.

Getting Ready.
If there is not a grand, glorious turn out of the sterling Democracy of the Cape Fear on Thursday night it will not be through lack of interest on the part of our people. The First Ward has promised to have two hundred men in line with torches, transparencies &c., and the Fifth, in addition to other features, will have a band of savages, with war paint, costume, tomahawks &c., some fifty strong, in the procession.

Step Ladders, all lengths, at Jacob's Depot.

Second Ward Democrats.

At the meeting of the Democratic Club of the Second Ward, last night, a resolution was adopted that the chairman appoint a committee to notify members of the second Ward Democratic Club to meet in front of Court House at 7 o'clock on Thursday evening, to participate in the grand parade and that said committee be authorized to make all arrangements that may be necessary. The following gentlemen comprise the committee: G. J. Boney, W. L. Smith, J. C. Munds, E. J. Lilly and W. C. Jones.

State Guard News.

General orders No. 12, Adjutant General's office, orders the biennial elections of field officers to be held on the fourth day of December next. The field officers are chosen by the line officers of the various regiments. Each of the four regiments chooses a colonel, lieutenant-colonel and major. The officers of the First regiment meet at Tarboro; of the Second at Wilmington; of the Third at Winston; of the Fourth at Charlotte.

The field officers of the First battalion, colored, meet at Raleigh December 4th to elect a major, to command the battalion.

The "Iredell Blues," late Co. C, Fourth regiment, will hereafter be known and designated as Co. K, Third regiment.

Aid for the Orphans.

We cheerfully comply with the request made of the Press throughout the State to extend the notice of the proposition to take up a collection for the benefit of the Oxford Orphan Asylum wherever religious services are held on Thanksgiving Day, and will also suggest to those who wish to manifest their appreciation of the blessings and mercies of the past year, that in case no services are held on that day in their immediate neighborhoods, that voluntary contributions in the shape of drafts, checks, money orders, postal notes or by registered letter, be sent to the Superintendent of the Asylum, Dr. B. F. Dixon, Oxford, N. C., who will see them properly applied.

Third Ward Democrats.

The Third Ward Democratic Club met in the Mayor's office last night for the purpose of making arrangements for the club to participate in the celebration next Thursday. Col. John D. Taylor, the President, called the meeting to order, and Mr. W. W. Shaw was requested to act as Secretary.

A committee consisting of Col. J. L. Cantwell, T. Donlan and B. F. White was appointed on transparencies and to collect funds. Capt. C. D. Myers was appointed a committee on music.

The President requests all members of the club and all Democrats of the Third Ward to meet promptly at 7 o'clock, Thursday evening, at the gate of the City Hall yard, on Third street, and join the procession as a club.

The November Star Sprinkle.

The display of the meteors radiating from the constellation Leo, due about this time, should not be allowed to escape the observation of amateur stargazers. As the meteor stream to which they belong is a permanent member of the solar system moving in a closed orbit, diligent observers can hardly fail to be well rewarded for their pains. The dates of the November display recorded from A. D. 902 to 1833 have been found to advance on the calendar at an average rate of almost exactly three days in a century. On the strength of the observed interval between the great shower of 1799 and that of 1832, a great meteoric exhibition was predicted for the nights of November 13 and 14, 1876, which came to pass. Since the grand showers of the Leonids occur only in periods of about thirty-three and one third years (the earth then passing through the densest part of the meteor ring, the thickness of which is less than the ten thousandth part of its length), we can only expect now a star sprinkle. But the sight will probably well repay the trouble of those who can watch for it. The best time for seeing meteors, generally, is after midnight or in the early morning, when twice as many are usually observable as in the evening, but they are visible at all hours of the night. The point of the heavens from which they may be seen to diverge is near the centre of the sickle in Leo. The weather on the Eastern side of the country now promises to be favorable for observing them.

The Goldsboro Fire.

We have some few more particulars relative to the big fire in Goldsboro on Sunday.

There seems to be no doubt that the disaster originated as stated, from a match thrown carelessly on some cotton by a lad who had just lit a cigarette. The loss is not far from \$250,000 and with insurance for not more than two-thirds of this amount. The following shows the principal sufferers, with the insurance they carried: Jones & Yelverton, loss \$25,000; insurance \$15,000. J. F. Miller, loss \$5,000; insurance \$3,500. Miller & Shannon, loss \$4,500; insurance \$3,000. W. F. Korngay, loss \$6,000; insurance \$3,500. W. F. Korngay & Co., loss \$25,000; insurance \$15,000. Fonville & Sauls, loss \$14,000; insurance \$9,000. W. S. Farmer, loss \$8,000; insurance \$4,000. L. Einstein & Co., loss \$14,000; insurance \$14,000. J. D. Winslow, loss \$6,000; insurance \$3,600. R. Edmondson, loss \$4,000; insurance \$3,000. E. B. Borden, loss \$18,000; insurance \$10,000. W. W. Crawford, loss \$12,000; insurance \$8,000. J. A. Bonitz, loss \$15,000; insurance \$7,000. M. E. Castex & Co., loss \$6,000; insurance \$6,000. Methodist Advance, loss \$3,000; insurance \$1,500. Borden Bros. loss \$5,000; insurance \$5,000.

Capt. Jordan, a conductor on the North Carolina R. R., than the reporter of the Raleigh Chronicle that the loss sustained, by Mr. J. A. Bonitz, of the Messenger, is \$18,000, a small part of which was insured, and that a large part of his insurance expired on Saturday. Captain Jordan added that the blaze was so great that it would have stopped a train.

The scene is one of desolation. It is the most conspicuous portion of the town that was burned—the very centre of its business street and the portion of it of which it was proudest. Any other spot (except the Opera House block across the street) could be destroyed with less loss of property or less destruction from the appearance of the town. It is a calamity that Goldsboro will recover from, but the recovery will require a great effort and much money. The buildings burnt were not such as can be replaced with easy advantage. It was not a beneficial fire, but a destruction of much of the most valuable property in the town.

Slight Fire.

There was a slight fire this morning at the residence of Mr. Thomas H. Howe, on Fourth street, near Ann. It caught on the roof, probably from a defect in the chimney. It was discovered in time and by the assistance of the neighbors and passers-by it was soon suppressed, after having burned a small hole in the roof. The alarm was not given until after the fire had been put out and there was of course then no need for the services of the department.

First Ward Democrats.

At a meeting of the First Ward Democratic Club, held last evening, the following resolution was unanimously adopted and copies of it were sent to every other ward club in the city:

Resolved, That all the ward club and Democratic organizations request the Committee of Arrangements to change the hour for starting the procession from 7 1/2 p. m. to 3 o'clock p. m., and that the line of march be extended up Fourth to Nixon, out Nixon to Sixth, down Sixth to Red Cross, out Red Cross to McRae, down McRae to Princess, &c. And that the line of march be continued until 12 o'clock, midnight.

A Chicago lover bet his girl that he could tell what she was thinking of. He thought she was thinking of him, but she wasn't; it was about Dr. Ball's Cough Syrup, which had just cured her of a dreadful cough.

Burglary.

This morning about 3 o'clock Col. W. L. Smith, who boards at the street of Mrs. Dickson, on Chestnut street, was aroused by the sound of breaking glass in a window opening on the back piazza. Springing from bed to the window he discovered a pane of glass broken and the shutter open. As he open the room door to rush out he heard a cry of "A robber is in my room." from a room on the second floor, to which he hastened and found the lady occupant in fearful anxiety, stating that a black man had been in her room, having gained access by a window opening on the upper piazza. For perhaps a half hour he had been ransacking her trunks and bureau drawers and she was in such terror that she feared to give an alarm until she heard the opening of a door down stairs. The object was money as nothing but a purse with a few dollars in it was missing. The rascal escaped before Col. Smith reached the room.
