The Daily Review has the largest circulation of any newspaper published in the city of Wilmington. Married Saturday; divorce proceedings Monday. Such is a Battle Creek matrimonial record. Mr. Blaine, in discoursing upon the magnificent Republican vote in the Western States, omitted to mention the State of Michigan. This State gave Hayes 25,306 plurality and Garfield 53,800 plurality. Mr. Blaine's plurality in the State is 2,839.

The First Assistant Postmaster General, in his annual report, strongly recommends the extension of the free delivery system to towns of ten thousand people and ten thousand dollars postal revenue. He makes suggestions where there are a number of towns close together.

Destitute negroes from the far South have appeared in New York. They said they had been informed that to make an easy living they have only to go to Liberia. They had not the slightest idea how they were to get to Liberia, and little or no money to pay their passage.

Marmalade is now made from banana skins in Philadelphia. An enterprising Italian has opened a factory and employs about twenty Italian boys, who gather the banana skins from the gutters and carry them to the factory, where they are washed, ground and cooked, with sugar and flavoring.

Dr. Barksdale, in charge of the Lunatic asylum near Richmond, testified at the trial of Guiteau that an insane negro's brain weighed more than that of Daniel Webster, which appears to be one proof among many that it is texture and not mass of brain that gives intellectual power.

The late Mrs. Elizabeth H. Cullum's will provides that her whole estate in New York city shall go to the New York Cancer Hospital. Her California property is left to her husband, Gen. George W. Cullum. Mrs. Cullum was the widow of the famous Gen. Halleck.

The West Virginia papers say that 800 persons have died from the disease ravaging the mountain district of the Western part of West Virginia and Southeastern Kentucky. The section affected is fifteen miles from railroads, has had no rain for months, and is without medical facilities. Eighty per cent. of the sick do not recover.

A Baltimore man was so confused when his sweetheart accepted his hand and heart, or what was left of the latter, that he drew a pistol from his pocket, which accidentally exploding, mortally wounded the romantic lady. He is now meditating suicide. Death may be a kind release from engagement with such a creature.

Why is the letter B like a fire? Because it makes oil boil. St. Jacobs Oil takes the fire out of a boil. It conquers pain.

# THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., TUESDAY, NOVEMBER 25, 1884. NO. 281

The Providence Journal, a high-toned Republican paper, advises Mr. Blaine to reflect upon these suggestive words of Mirabeau: "I could have said France could I have made the people believe I was virtuous." The Frenchman needed a good character and so did the Maine man. The Frenchman confessed his moral bankruptcy. The American keeps his hypocrisy in full blast.

Blaine's use of the subjective mood in explaining his defeat is well hit off by the Detroit Free Press, which says his excuses are like the twenty-four reasons that the Mayor had for not firing a salute to the King. "In the first place, your Majesty, we hadn't any gunpowder." "Stop there," said the King, "we can get along very well without hearing your other twenty three."

The ghost at the White House is said to walk half of every night, but he could put in for double that amount of work if he wasn't afraid of the morning air, and knew that Dr. Bull's Cough Syrup cured all kinds of troublesome coughs and colds.

## Board of Aldermen.

The Board met in called session at the City Court Room last night.

Present—His Honor E. D. Hall, Mayor, and Aldermen DeRosset, Boney, Bear, Fishblate, Sweet, Howe and Geyer.

Mayor Hall read the following: WILMINGTON, Nov. 25, 1884. To His Honor the Mayor and Board of Aldermen:

Gentle—I hereby tender my resignation as one of the Aldermen of the city of Wilmington.

Yours Respectfully,  
W. H. CHADBOURN.

On motion of Alderman DeRosset the resignation of Alderman Chadbourn was accepted.

On motion of Alderman DeRosset an election of an Alderman to fill the vacancy was had.

Alderman DeRosset placed in nomination Samuel Reid.

A ballot was then had, when S. H. Morton received five votes and Samuel Reid received three votes. S. H. Morton was declared duly elected.

The Chief of the Fire Department submitted a report, which, on motion of Aldermen Fishblate, was received and the Committee on Fire Department requested to act in the matter.

The Sanitary Committee submitted the following ordinance:

WHEREAS, contagious and infectious diseases are often introduced into communities by the importation of second-hand clothing, and the Board of Health of New Hanover has recommended that the introduction of the same into the city of Wilmington be prohibited, as a sanitary measure; Now be it

Resolved, That from and after the passage of this ordinance, any person or persons who shall bring or introduce into the City of Wilmington, or cause to be brought or introduced into the same, for the purpose of sale or traffic, any such second-hand clothing, from any town, city or place, in or out of the State, shall be guilty of a misdemeanor and punished by a fine, not exceeding fifty dollars, or imprisonment not exceeding thirty days, in the discretion of the court.

Provided, That this ordinance shall not apply to any person buying or selling second-hand clothing from persons within the city, not imported or brought from abroad as hereinbefore prohibited.

Alderman Geyer moved to lay the proposed ordinance on the table.

Alderman Bear called for the ayes and noes, which were ordered, Aldermen Sweet, Howe and Geyer voting yes, and Aldermen DeRosset, Boney, Bear, Fishblate and Morton voting no; so the motion to lay on the table was lost.

Alderman DeRosset moved that the matter be referred back to the Sanitary Committee, with instructions to modify the same.

Alderman Bear moved to amend by referring it to a special committee.

Alderman Bear's motion lost. Alderman DeRosset's motion adopted.

Communications from J. K. Brown and R. J. Jones were read.

Petition of Golden Lyre Lodge for use of City Hall for January 13th, 1885, was not granted.

Petition of R. G. Meadows was ordered on file.

The matter of furnishing coal, as acted on by the Mayor, was confirmed.

The communication from Burr & Bailly, with reference to sewer under their shops, was on motion of Alderman Fishblate, as amended by Alderman DeRosset, referred to Committee on Streets and Wharves, also to take into consideration the whole sewer to its source, with power to act.

The petition of J. B. Watson was relieved from payment of any tax was granted.

The petition of Sykes & Orrell to erect a wooden building on lot occupied by them as a livery table was read and on motion of Alderman Fishblate was referred to committee on Fire Department with power to act.

A counter petition was read when, pending action, the Board, on motion, adjourned.

## Criminal Court.

The following have been the proceedings before this tribunal since closing our report yesterday:  
State vs. G. R. Ward, affray. Not guilty.  
State vs. Jos. Midyett, affray. Guilty. Judgment suspended on payment of costs.  
State vs. J. W. Sutton, carrying concealed weapons. Guilty. Judgment not yet pronounced.  
State vs. Jas. Anderson, assault and battery. Guilty. Judgment not yet pronounced.  
Several *scifus* were dismissed or otherwise disposed of.

## A Nuisance.

We again call attention to the reprehensible and dangerous practice of throwing banana and orange peelings upon the sidewalk, thereby endangering the comfort and safety of pedestrians. There should be something done to prohibit the nuisance. We have heard many complaints concerning the matter and know of quite a number who have come near being tripped up and thrown to the sidewalk by slipping upon the detestable things.

**Personal.**  
Our valued friend and former fellow citizen, Col. W. N. Peden, of Clinton, Sampson county, arrived in the city last night and registered at the Purcell House. He gave us the pleasure of a visit this morning and we were glad to see him looking in good health and not a bit angry at the result of the election.

We are glad to know that Prof. E. Van Laer, who has been quite sick for several weeks, has so far recovered as to be able to be upon the street again.

## Last Night's Fire.

At a little after 9 o'clock last night a fire was discovered in one of the rooms on the second floor of the residence of Mr. S. Sternberger, on Ann Street, between Front and Second, and the alarm was immediately given by members of his family. Fortunately the "Comet Star Club," a colored organization, was holding a meeting in the Cape Fear Engine house, on the adjoining lot, the members of which rushed in and extinguished the flames before any serious damage resulted. The general alarm was given and the firemen turned out promptly, but their services were not needed.

## Robbery in Duplin.

On the night of the 18th inst, the store of J. C. Cox, at Kenansville, Duplin county, was broken open and robbed of a lot of overcoats, furs, lard, cheese and tobacco, besides various other articles, valued by estimation at \$300. No money was taken. The matter was placed in the hands of officer Pinkney Rich, who, from some suspicious circumstances connected with the robbery, concluded that it was made by parties living on the Eastern side of the Northeast river. He went at once to that section of the county and soon found a small portion of the stolen property in the possession of Obed Maready, whom he at once arrested. Maready soon managed to make his escape and is now at large, although the officers are on the track of him and he will probably be re-arrested before long.

## Sudden Death.

Jim Starkey, a colored man about 60 years of age, who has been in the employ of Mr. B. H. J. Ahrens for a number of years, was taken quite sick this morning while at work in the ice-house on Dock street. Mr. Ahrens, who was present, took the old man into the store of Mr. J. G. L. Geisehen, corner of South Front and Dock streets, thinking that the warmth of a good fire might revive him. Starkey sat down in a chair beside the stove, and in a few moments laid down upon the floor, where he almost immediately expired. The Coroner and Dr. F. W. Potter, city physician, were called in, and in their opinion an inquest was deemed unnecessary, as the cause of death was evidently a disease of the heart. The deceased lost his wife several years ago, but leaves a family of two sons and two daughters.

## Serious Accident.

At about 9 o'clock this morning, while some hands were employed at the freight warehouse of the Wilmington, Columbia & Augusta Railroad in transferring some water pipe from one car to another, by some accident a piece of iron was thrown into the air and in its descent it struck Mr. George S. LeGrand, transfer clerk, in the forehead, knocking him senseless to the ground. At first it was thought that he had been killed outright, so fearful was the blow, but he soon rallied and was taken to his boarding house, where surgical assistance was immediately called. We are glad to say that the condition of the wounded man is not considered dangerous, although he has a severe scalp wound, which will probably cause him considerable pain and inconvenience for several days. His escape from instant death was almost miraculous.
