The New Engine.

We were considerably misinformed yesterday in the description of the new engine for the Howard Relief Fire Engine Co. The machine will be a No. 3 in sign and will weigh 5000 pounds instead of 2,600 pounds, as we stated. This weight will be without fuel or water. She will be "crane framed," so that she may be turned readily in any street, and will be furnished with all modern improvements and appliances by which to increase her usefulness and effectiveness in cases of fire.

The River.

There has been quite a little rise in the Cape Fear since the recent rain. On Wednesday morning last it had reached the highest point of rise, which was 17 inches, and had begun to fall again. Boats now come through from Fayetteville, although they are compelled to lighter over the shoals. This makes a good deal of delay and much hard work, necessitating two sets of hands. The rise is so small that unless there are more rains within a few days, it will have again fallen to the condition it was in for the last two months preceding the rise.

The Wave.

The steamer John Dawson, which left here on the 3rd inst. to go to the assistance of the steamer Wave, returned to the city last night. The Wave was sunk on Monday last while coming down the river, and when about half a mile this side of Whitehall and about 60 miles from this city. When at the place named she struck a sunken log which knocked a hole about five inches in diameter in her starboard bow, and in passing over the log the iron of her hull was cracked for about seven feet, and she soon sunk up to her gaugens in four feet and a half of water. When the John Dawson left yesterday the diver said that he would have the hole stopped in half an hour so that she could be pumped out, and when, later in the day, the D. Murchison came past her she was afloat, but she had not reached the city at the time of this writing.

Tombstone History.

The following inscription on a tombstone in the cemetery at Riverhead, L. I., is almost a complete family history, and will be of interest to our citizens, as it relates to the family of the late Phineas W. Fanning, who occupied many positions of trust in this city: Captain James Fanning died in 1776, in the ninety-second year of his age. He was the great grandson of Dominicus Fanning, who was mayor of a city in Ireland under Charles I., and was taken prisoner at the battle of Drogheda in 1649, all the garrison except himself being put to the sword. He was beheaded by Oliver Cromwell, his head stuck upon a pole at the principal gate of the city, his property confiscated, because when Charles I. made proclamation of peace, as member of the Irish Council, he advised not to accept unless the British Government would secure to the Irish their religion, their property and their lives.

His son Edmund was born in Kilkenny, Ireland, married Catherine, daughter of Hugh Hays, Earl of Connaught, and emigrated to this country with his family, consisting of his wife, two sons, Thomas and William, two servants, Lahorne and Orna, settled in Stonington, Conn. William, in a battle with the Indians, was killed by King William, who split his head open with a tomahawk. Thomas had a daughter, Catharine Page, and one son, James. This Captain Fanning served under Great Britain, whose government was at war with France, married Hannah Smith of Smithtown, had five sons and four daughters, viz: Phineas, Thomas, Gilbert, Edmund, James, Catharine, Bethia, Sally and Nancy. Phineas had a son, Phineas, who graduated at Yale, 1768, two of whose sons are now living, 1850, viz: William Fanning, in New York City, and P. W. Fanning, in Wilmington, N. C. His wife Hannah, son Thomas and daughter Catharine are buried beside him. Gilbert settled in Stonington, Conn. Edmund became Lieutenant-Governor of Nova Scotia, where he held large estates. James settled on Long Island, had two sons, John and James. The latter was a merchant residing for many years three miles East of Riverhead, had five sons, four of whom are now living. The elder, James, died at Moriches, in his seventy-second year; two, Manasseh and Carl, reside in Riverside town; Nathaniel resides in the town of Southampton, and the fifth son, Joshua Fanning, physician, in Greensport, Southold town. Sally Fanning married Captain Josiah Supton, Catharine married a Mumford, Bethia married a Terry, and Nancy married Major John Wickham.

The Moon.

The December moon full Monday at 2 o'clock in the evening. The moon was at her nearest point to Saturn yesterday, and will be nearer to Jupiter on the 8th. She is in conjunction with Venus on the morning of the 11th, at 37 minutes past 4 o'clock, passing 1 degree 15 minutes north. The morning star and the roaming moon will form a lovely celestial picture, especially soon after the appearance of the two actors in the scene. The moon pays her respects to Mars on the 18th, the day after her change, and to Mercury on the 19th. On the 26th she is in conjunction with Neptune, and she passes Saturn for the second time in December on the 30th. Our satellite hides no larger star from the view of observers in this belt of the earth's territory, but observers farther north, between the limiting parallels of 94 degrees and 54 degrees, will be privileged to behold, on the 29th, the occultation by the moon of Alpha Tauri, or the brilliant first magnitude star Aldebaran, which is the next best thing to the occultation of a planet. Step Ladders, all lengths, at JACOBI'S Depot.

Election of Officers.

Pursuant to General orders No. 12, A. G. O., the officers of the several companies composing the Second Regiment N. C. S. G. either in person or by proxy, assembled at 10:30 o'clock yesterday morning at the armory of the Wilmington Light Infantry, in the basement of the City Hall, for the purpose of electing field officers for the command. The companies represented were as follows: Company A., Fayetteville Independent Light Infantry, by Maj. W. L. Campbell, 5 votes. Company B., La Fayette Light Infantry, by Capt. W. S. Cook, 3 votes. Company C, Wilmington Light Infantry, by Capt. R. H. Beery, First Lieutenant W. C. Jones and Second Lieutenant J. C. Morrison, 3 votes. Company E, Shoe Heel Rifles, by Maj. W. L. Campbell, as proxy, 3 votes. Company F, Sampson Light Infantry, by Capt. R. H. Beery, as proxy, 3 votes. Company H, Smithville Guards, by Capt. R. H. Beery, as proxy, 3 votes. The meeting was called to order by Capt. R. H. Beery, who requested Maj. W. L. Campbell, of the Fayetteville Independent Light Infantry, as the ranking officer present, to take the chair. Maj. Campbell, upon taking the Chair, stated the purpose of the meeting and declared it open for the transaction of business. On motion of Capt. R. H. Beery, Second Lieut. J. C. Morrison, of the Wilmington Light Infantry, was elected Secretary. The Secretary read the votes of the several companies, when, owing to the fact that Company E was not represented, the meeting adjourned until 3 o'clock p. m. so as to give the absent company time to either send a representative or a proxy. The meeting re-assembled at the hour designated and, after reading of the minutes of the morning session, a telegram was read from the captain of Company E, requesting Maj. Campbell, to cast the vote of that company. Nominations being then in order Maj. Campbell named First Lieutenant W. C. Jones, of the Wilmington Light Infantry, for the position of Colonel. Capt. Cox seconded the nomination, and, as no other names were presented, the roll of companies was called, which resulted in the unanimous election of Lieut. Jones for the ensuing term of two years. Upon the announcement of the result Lieut. Jones, in response to calls from his comrades, expressed his grateful appreciation of the honor conferred upon him in appropriate remarks. Maj. McRae and Capt. Faison, of the Sampson Light Infantry, were then placed in nomination for the position of Lieut. Colonel, and on the call of the roll by companies, the former officer was declared elected. For the position of Major the names of Capt. Cook, of the La Fayette Light Infantry, and Lieut. J. T. Murphy, of the Sampson Light Infantry, were presented and, upon a call of the roll, the former officer was declared elected. Maj. Campbell introduced the following resolution, which was adopted unanimously: Resolved, That the office of Adjutant General has been most acceptably filled by Gen. Johnstone Jones, and that the State Guard has materially prospered under his administration. Lieut. Morrison expressed an earnest desire to see the Second Regiment encamped at Smithville during the approaching summer, whereupon, on motion of Lieut. Jones, the field and staff officers of the regiment were appointed a committee to endeavor to secure an appropriation from the State Government to this end, and also to make all necessary arrangements for said encampment. The following, offered by Capt. Cook, was adopted: Resolved, That the thanks of the convention are due and are hereby tendered to the Wilmington Light Infantry for the use of their armory and to the officers for their kind attentions while in the city. Adjourned. The meeting was entirely harmonious and the selections gave general satisfaction. After the adjournment a collation was served to which all did ample justice. At 8 o'clock this morning the pale moon was about W. N. W. in the heavens, which, it seems to us, was usually far North. It was then evidently two hours high, which would bring its setting nearly in the Northwest.

Personal.

Mr. J. N. Anderson, formerly of this city, but recently in the office of the Western Union Telegraph Company in New York, passed through here last night en route for Jacksonville, Fla., where he will be employed during the Winter. Mr. A. N. Dodd. This individual, who was the subject of some police action yesterday morning, seems to have taken umbrage at our report of the proceedings in his case, and we learn that he denounced that portion of it which stated that he received a dispatch yesterday morning from Toronto, the contents of which were known only to himself, as absolutely false. Now, Mr. Dodd did send a dispatch to Toronto on Wednesday night, after he was arrested, as did also Capt. Brock, our Chief of Police. At about 9 o'clock yesterday morning Capt. Brock took a dispatch from the telegraph office here and delivered it unopened to Dodd, to whom it was addressed. Capt. Brock knew nothing of the contents of that dispatch further than as they were stated to him by Dodd. We endeavor to make all our reports correct, and we carefully avoid doing injustice to any man, and especially in the case of a stranger who gets into a difficulty in our midst. In this case we were careful to avoid saying anything to place Mr. Dodd in a false position. We said nothing to which he had the least cause to take exception, but what we did say was absolutely true and we can prove our assertions by a well known and highly respected official of this city, whatever Mr. Dodd may say to the contrary notwithstanding. The Darwinian theory perplexes the multitude. They object to a line of descendants from monkeys. But not even a baby objects to Dr. Bull's Cough Syrup.

NEW ADVERTISEMENTS.
