THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., SATURDAY, DECEMBER 6, 1884. NO. 292

The Daily Review has the largest circulation, of any newspaper published in the city of Wilmington.

The semi-annual dividends payable in Boston this month aggregate \$3,972,300.

Harvard University has this year 1,561 students, 1,006 being in the academic department.

Lieutenant Doty, of the navy, recently court-martialed on the European station, has been sentenced to two years' suspension.

The crown jewels of Brunswick, gems of immense value, were carried on a tray behind the coffin at the funeral of the late Duke.

Of the 34,000 newspapers of the world nearly 32,000 are published in Europe and North America, leaving little over 2,000 for all the rest of the world.

General Farnsworth, of Albany, a member of Grover Cleveland's staff, seems to be the coming United States Marshal for the District of Columbia.

Ohio is now the only State to hold October elections, West Virginia having just adopted a constitutional amendment abolishing that political enormity.

The order issued by the Pennsylvania coal combination for a general suspension of work at the mines the first week in December has been rescinded.

Thirty-one men in Arizona have sent a representative, equipped with their photographs, to search the Eastern cities for women willing to marry them.

As the Rev. Dr. Burchard is said to have received very flattering offers from a lecture bureau he is probably in a position to test the truth of the adage that it is an ill wind which blows nobody good.

Mr. John Roberts, M. P., owns about 300 acres of the land on which Liverpool is built, containing at present 7,500 houses, with a population of about 40,000. No liquor saloons are permitted on the property.

The Rev. Joe Lee, a prominent negro preacher and politician in Florida, has come to the conclusion that after all the Republican party is "not a necessity," that Cleveland's election will be a benefit to his race, and in fact Joe Lee is jolly.

The fastest time ever made on an English railway was recently done between Paddington and Swindon Stations, on the Great Western road—77½ miles in one hour and twenty-seven minutes, being 53½ miles per hour. No stops were made.

In the South, turkey bones are thrown away to the dogs and cats. In the North they are carefully collected, first to make soup, second to make glue and third to make pearl buttons and pipe stems. Turkey bone pipe stems retail for twenty cents each and are bought at wholesale for about \$2 a gross.

The annual report of the Controller of Currency shows that there are 2,671 National banks in existence, located as follows: Eastern States 10 banks, capital \$910,000; Middle States, 25, capital \$1,812,250; Southern States 30, capital \$2,001,100; Western States, 102, capital \$8,905,889; Pacific States, 5, capital \$380,000; Territories, 19, capital \$1,143,000.

Cotton seed is the Southern bonanza. There are three and a half pounds of seed to every pound of fibre, and more than 4,000 tons are produced annually. A ton of seed yields 35 gallons of oil, 22 pounds of cotton and 750 pounds of cake, used for fattening cattle. The value of these products is \$19. The oil is largely used for making fine soaps, and when refined properly can hardly be distinguished from olive oil, which it is superseding for many purposes.

Philadelphia Times: Of those who will seek office, not one in five will be successful; of those who shall happen to be successful, not one-half will better their condition even for the present, and of the other half, only the bitterness of disappointment and helplessness will be their portion. Not one subordinate in 500 ever rises above the position of a dependant. It is a worse than wasted life to many; a profitless life to all. Don't.

Why is a poor lawyer who has left off practice, like a phenomenon in nature? In one we see causes with effects, in the other, effects without causes. The effects of St. Jacobs Oil are to cause a cure in all cases.

The Baltimore American says: "Democratic organs before election preached civil service reform. Now they daily proclaim that Republican officers must go. Consistent fellows, these Democrats!" Of course, says the Savannah News, they are consistent. How can we have anything like civil service reform until we "turn the rascals out?"

Israel Hart, a Jew, has just been chosen Mayor of Leicester, England. The general interest of the fact lies in the circumstance that about the year 1230 Simon de Montfort, Earl of Leicester, granted a charter to the borough for the total exclusion of the Jews from Leicester, and they took refuge near the Jewry wall, a portion of which is still preserved.

A large number of duds collected at an exposed corner last Sabbath, where the wind was high, and caught colds. Each little darling was speedily cured by Dr. Bull's Cough Syrup.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS. C W YATES—Holiday Goods. OPERA HOUSE—Gus Williams. MUELLER'S Northern Novelty Store. HINSBERGER—The Holidays are Coming. F C MILLER—Friends and Fellow Citizens.

Day's length 9 hours and 43 minutes.

There was a fine display of meats in the market to-day.

Sunset to-morrow afternoon at 46 minutes past 4 o'clock.

The receipts of cotton at this port to-day foot up 1,151 bales.

Cotton seems to have taken a boom within the last few weeks.

The storm signal was hoisted at about 11 o'clock this forenoon.

Appearances now indicate that we shall have a stormy, rainy night.

Cleveland collars are all the rage, and can be had at Dyer's for 25c each.

There were three interments in Bellevue Cemetery this week, one adult and two children.

There were two interments in Pine Forst Cemetery this week, both of whom were children.

There were four interments in Oakdale Cemetery this week, two adults and two children.

The steamer Wave, which at last accounts had been raised, had not reached the city at 3 o'clock this afternoon.

There were quite a number of flat loads of wood at the docks to-day, which was being sold at reasonable figures.

The Register of Deeds issued six marriage licences this week, two of which were for white and four for colored couples.

Nearly every one is afflicted with a cold, and this is just the sort of weather favorable to catching this unpleasant disorder.

We were blessed with some fine showers during the last night, and they were repeated at intervals during the morning hours.

There was no City Court this morning, and the guard house was without a boarder, which speaks well for the morals of the city.

There will be the usual regular services at the First Baptist church to-morrow, at which Rev. Dr. Pritchard, the pastor, will officiate.

We learn that there have been splendid rains on the line of the Carolina Central Railroad, and that the farmers are busy in sowing wheat and other small grains.

Rev. Mr. Peschau having returned to the city, there will be regular services at the usual hours at St. Paul's Evangelical Lutheran church to-morrow.

Steamboatmen who arrived here this morning state that, while there were frequent showers on the Cape Fear during last night, there was no considerable rainfall—not enough to make any material increase in the depth of water.

The storm centre, at 10:30 o'clock this forenoon, was near St. Louis and moving in a Northeasterly direction. This would indicate a storm from the Southwest in this vicinity and storm signals were ordered up for this city, Smithville and Fort Macon.

Indications.

For the South Atlantic States partly cloudy weather and local rains, lower temperature and Southeast winds.

Flat Sunk.

The strong Southeast wind blowing to-day, which at times amounted to the magnitude of a gale, caused a good deal of commotion on the river. Near the upper compass a flat was sunk, leaving the cotton with which it was laden floating on the surface and giving boatmen a plenty of work for a short time in gathering it together and landing it.

Religious Items.

Rev. Dr. W. H. Bobbitt will preach at the Front Street M. E. Church at 11 o'clock to-morrow morning and Rev. J. T. Kendall will preach at the same place at 7:30 p. m.

Rev. D. H. Tuttle, the newly appointed pastor of Fifth Street M. E. Church, will preach there at the usual hours to-morrow.

The New Code.

The new code governing the State Guard has been published, after considerable delay, and will at once be issued. It was prepared by a board of officers, which met at Asheville last summer. This board was composed of the Adjutant General, Inspector General, Col. Joo. W. Cotten, Capt. A. J. Edington, Lt. Robertson, of Asheville, and private John L. Cantwell, of Wilmington.

Fatal Accident.

Mr. Simon Pemberton, aged 84 years, was run over by a freight train going East on the Carolina Central Railroad, near Polkton, at about noon yesterday, and instantly killed. The engineer saw the deceased walking upon the track and blew his whistle, which caused Mr. Pemberton to look over his shoulder, but he did not leave the track, and as the train was on a down grade it was impossible to stop it in season. The deceased was quite deaf and he might not have heard the whistle distinctly. His head was severed from his body.

New Books.

The committee appointed to select books for the Wilmington Library have performed that duty in part and have expended about \$160 in new material for the reading public. The books have arrived and been placed upon the shelves in the Library Rooms, and form quite an important and valuable addition. The works recently bought consist mainly of fiction, and are of the best writers. Of the older novelists there are the works of Bulwer, Lever and Dr. Warren, while the more recent novels are represented by the works of Wilkie Collins, Anthony Trollope, Miss Muloch, Grace Aguilar, W. D. Howell, E. P. Roe, G. W. Cable, Mark Twain and others. There are about \$150 now in the treasury, which will be used to further increase the reading matter in the Library as soon as the committee can make up their list.

Personal.

Rev. D. H. Tuttle, the newly appointed pastor of Fifth Street M. E. Church, gave us the pleasure of a call this morning, and we trust that he will call again.

Rev. Dr. E. A. Yates left here last night for Baltimore to attend the Methodist Centennial, which will be celebrated in that city on Tuesday next. Dr. Yates will deliver an address upon that occasion.

Dr. N. F. Kelly, Treasurer of Dunklin county, Mo., is here on a visit to relatives, with whom he will pass the holidays. He formerly resided in this city, but left here in 1868, and has resided in Missouri ever since.

Rev. F. W. E. Peschau, after an absence of two weeks, returned to the city last night. During his absence he visited his former home at Wheeling, West Virginia, where he attended the 25th anniversary of the church from which he entered the ministry. He is in good health and enjoyed his trip very much.

"One of the Finest."

Gus Williams, the inimitable Dutch character comedian, will appear at the Opera House in this city on the night of the 10th inst., as Capt. Mishler, in the above named play. Some idea of the play and Gus Williams' acting may be gathered from the following, which we clip from the Detroit News of August 25th:

"One of the Finest," which opened the season at the Detroit opera house last night to a very large audience, is a play specially adapted to fit Gus Williams' peculiar specialties. It abounds in laughter-provoking scenes and episodes, and the public manages to get a great deal of laugh out of it. Gus takes the part of the benevolent policeman and at a certain stage in the performance, when he appeared clothed partly in a night dress and partly in his uniform, as shown on the street posters, a yell arose which nearly took the roof off the house.

A Pretty Place.

One of the handsomest displays made in Wilmington is that of Mueller's Novelty Store, on Second street, between Market and Dock. It is a genuine toy store, and the display is very fine, embracing many new, pretty and desirable things for the holiday trade. The attention of our readers is invited to the attractive adv. in this issue.

Brilliant Entertainment.

One of the most brilliant amateur entertainments which have ever been rendered upon our boards, will be presented in the Opera House Friday night, the 12th inst., by a number of ladies and gentlemen, for the benefit of the Wilmington Library Association. The musical portion of the programme will include instrumental music by Miss Lavender and Miss Mary DeRoset, and solos by Mrs. Waters, Mrs. Kahnweiler and Mr. Nathan Mayer, with the Arion Quartette in their happiest renditions. Prof. Luzzi's band will render the orchestral music. The literary portion of the programme will be a novelty, and from the rehearsals now going on daily, which we have witnessed, it will be a most interesting one. Tennyson's "Dream of Fair Women" and Longfellow's "Hanging of the Crane" will be recited in character and illustrated in tableaux. Josh Green and his spouse visiting the Centennial Art Gallery will be presented in tableaux and pantomime, the statuary of the gallery being represented by a number of beautiful young ladies. The "Widow Bedott" will also be presented. Altogether it will be a novel and elegant entertainment, and for its own merit, independent of its worthy object will be heartily supported by the public.

The male members of the Second Presbyterian church are requested to meet at their house of worship at 8 o'clock next Monday night on business of importance.

Mr. Fred Seitter, a German, died yesterday at his residence, corner Fourth and Nixon streets, and will be buried to-morrow at 9:30 a. m., from St. Paul's Ev. Lutheran Church. Services at the house will begin at 9 a. m.
