Several of the drug shop-owners in New York say that the number of laudanum-drinkers is increasing, and that there is less effort to conceal the habit now than there was formerly.

No one ever saw the goose that lays a golden egg, but one Patrick Casey, of Lanesboro, Minn., finds flake gold in the crops of a flock of geese which he owns. When he wants a little of the precious metal he kills a goose and makes off with the golden crop. People are talking of placer mining about Lanesboro.

Among the many expenses that Wall street brokers have to face every year is the item for flowers with which they brighten and adorn their offices. Winter and summer, spring and fall, huge bunches of expensive posies are kept on hand in many of the very attractive offices. It is reckoned that the average expens for an office is \$10 a day. At dusk the office boys and lesser clerks divide the flowers.

The latest fashion in Paris is for every woman on every possible occasion to wear a big fur boa. The boa reigns triumphant at this moment, and no self-respecting Parisian female is without one. Your correspondent even saw two women of fashion at the opera very decollete, and with two immense blue snakes curling around their necks and falling to the ground. A ball is even promised in the rich Jewish society where boas are to be offered as accessories de cotillon.

Sick headache is readily cured by Hood's Sarsaparilla, which tones and regulates the digestion and creates an appetite.

There are five projected railroads now to engage the attention of the people of this city, viz: The Onslow Railroad, Cape Fear & Yadkin Valley Railroad, Sound Railroad, Street Railroad and a railroad from Near Castle Hayne to Scott's Hill.

Mlle Rhea, the famous French actress, appears at the Opera House on Friday and Saturday evenings, next week, and at a Saturday matinee, presenting "Fairy Fingers," a new play from the French, "Pygmalion and Galatea" and "Frou Frou."

We regret to learn of an accident which happened to Mr. W. B. Davis last evening, after dark. He was driving down Fourth street when his horse became unmanageable and ran into a dray throwing Mr. Davis out. He was badly bruised but we are glad to learn that no bones were broken.

Festival of the Months.
The ladies of Grace M. E. Church will hold a "Festival of the Months" at the City Hall on the 9th, 10th and 11th of February next, for the benefit of the church. Each table and booth will represent a month of the year and will be appropriately decorated for that purpose. As the festival will be held for a worthy purpose, contributions from home or abroad will be thankfully received.

Another Steamer.
The steamship *Pioneer* will take the place on the Clyde Line of the steamship *Regulator*, which was recently burned in our harbor, to ply between New York and this city. The *Pioneer* will leave New York on the 14th inst. for this port and returning, will leave here on the 20th inst. See advertisement of the fact in another column.

Election of Officers.
At an adjourned meeting of the lot owners of Oakdale Cemetery, held at the office of the Secretary last night, the following officers were elected:
President—Donald McRae.
Secretary and Treasurer—R. J. Jones.
Directors—G. R. French, W. J. Yopp, J. H. Chadborn, W. H. Northrop, Clayton Giles and Dr. A. J. DeRosset.

The Weather.
The cautionary signal was hoisted at the signal office yesterday afternoon in view of a storm, in Iowa moving Eastward. Strong Southerly winds prevailed along the Atlantic coast this forenoon. The highest velocity attained here was 20 miles an hour. The disturbance having passed this section, the signals were lowered by orders received from Washington at 10:25 a. m. to-day. Cooler Northwest winds and fair weather is next on the programme.

Personal.
We were pleased to receive a call to-day from Mr. Geo. W. Chalk, of Charlotte, who is here in the interest of the *Charlotte Chronicle*. Mr. Chalk has charge of the weekly edition of the *Chronicle*, a handsome, large, eight-page paper, and will call on our merchants in the interest of that paper. For commission keepers and others the *Weekly Chronicle* will be found an excellent medium for reaching the people of Central and Western North Carolina.

The Signal Service.
It seems that the signal service is growing worse all the time. When it was first organized, under Gen. Myers, the indications in a large majority of cases were correct, and the service was of great value. It was not so good under the administration of Gen. Hazen, yet it was tolerably correct. Since it has come under the control of Capt. Greeley it has been correct about one-third of the time, and not being reliable, it has no real value.

Hymeneal.
Our esteemed friend, Mr. R. H. Chasten, and Miss Mattie Murray, the accomplished musician and organist of Grace M. E. Church, were united in marriage at the Second Presbyterian Church last night, Rev. W. S. Creasy, of the former church, officiating. The impressive ceremony was witnessed by a large number of the friends and relatives of the contracting parties, and the floral decorations of the altar were elegant and most tastefully arranged. They have our earnest wishes for a long life of health, happiness and prosperity.

The Street Railway.
Messrs. E. K. P. Osborne and F. W. Dixon, street railway contractors of Charlotte, arrived in the city yesterday to try and make a contract for the speedy construction of the Wilmington Street Railway and possibly to extend the same to the Sound. They had a conference this forenoon with gentlemen in this city who have interested themselves in obtaining the charter, but no plan had been formulated when our reporter called upon them. They wish to have their contract embrace a railroad to the Sound, which would, in their opinion, be the most profitable part of the scheme. Their success in this latter part of the enterprise, however, bids fair to find serious opposition, as there are parties earnestly at work on an independent scheme for a railroad to the Sound, who have secured a large amount of the funds necessary to complete the enterprise, many of our merchants, business men and others having subscribed liberally to the project.

The Mendelssohn Quintette Club.
of Boston, arrived here last night and registered at the Orton House. They will have a crowd to greet them at the Opera House to-night.

Railroad to the Sound.
A movement has again been made for the construction of a railroad to the Sound, and for several days past parties interested have been quietly but persistently at work obtaining subscription to the stock, preparatory to commencing operations. Already a large part of the money required has been subscribed, and the signs give strong indications that all the money necessary will soon be raised and that the work will be pushed as rapidly as possible to completion.

Officers Elected.
At the Masonic Grand Lodge in session at Raleigh this week, the following officers were elected for the ensuing year, as we learn from the *News and Observer*:
M. W., Charles H. Robinson, Wilmington, Grand Master; R. W., S. H. Smith, Winston, N. C., Deputy Grand Master; R. W., Hezekiah A. Gudgeon, Senior Grand Warden; R. W., John W. Cotten, Tarboro, Junior Grand Warden; Wm. E. Anderson, Grand Treasurer; Donald W. Bain, Grand Secretary. Thomas A. Green was reelected a director of the Oxford Orphan Asylum for a period of five years.

Meeting Delayed.
The officials of the Cape Fear & Yadkin Valley Railroad who came here yesterday to confer with the commissioners appointed by the city relative to the extension of that road to Wilmington went down the river on the steamer *Louise* this morning. They had a meeting of conference appointed at the Mayor's office at 3:30 o'clock this afternoon, and the commissioners of the city were on hand in due season, and were waiting for the return of the railroad officials from Southport when our reporter left. They had not arrived at 4 o'clock this afternoon.

A Thing of Beauty.
A thing of beauty may be a joy forever, but C. I. Hood & Co., the enterprising proprietors of Hood's Sarsaparilla, are quite content to make a thing of beauty an annual affair. Their third Household Calendar is the thing of beauty which will represent them, and serve the public, during the year 1888. Hood's Household Calendar for 1888, as usual, leads all others in beauty and style. The most taking feature about it, because it is unique in calendars, is that it is cut-out, as if by hand, and the bright, healthy face of a handsome young girl, with a wealth of brown hair, contrasts beautifully with her blue bonnet and strings. The head is a marvel of color printing, the flesh tints being as natural as life. The pad is also printed in colors, with a special design for every month, and there is condensed upon it a large amount of valuable information; indeed, it has so many points of excellence that it must be seen to be appreciated.

An Enjoyable Occasion.
The festival at the residence of Col. Roger Moore, last night, given by the ladies of St. Paul's Episcopal Church, was a really delightful affair. It was gotten up for the benefit of the church, and there was a good attendance. The evening's programme was admirably arranged for the enjoyment of all present. The exercises were both literary and musical. Mr. Arnold, rector of the church, gave a sketch from Dotheboy's Hall, a place made infamous by Dickens in his novel of Nicholas Nickleby. Mrs. Arnold recited the famous Irish Sketch of "Shamus O'Brien," with much effect, and Miss Josie Myers read with exquisite pathos Jean Ingelow's magnificent creation—"High Tide." Mr. and Mrs. M. F. Manning gave some vocal selections with their well known skill, and their efforts were highly appreciated. An elegant supper was served, to which ample justice was done, and we are glad to know that the affair was a social as well as financial success.

The Review staff were kindly remembered by plates of ice cream and cake and jelly, all of which were delicious and for which our heartfelt thanks are tendered.

Finest shoes for ladies wear in the city at French & Sons.

There was trouble with the telegraph wires North of Washington to-day, in consequence of which the market reports from New York and Chicago were much delayed.

The Library Association.
The Wilmington Library Association propose an entertainment at the Library next Monday night for the benefit of that institution. It is to be a stereopticon exhibition, under the charge of Mr. E. V. Richards, and we trust that there may be a large attendance. The Association is sadly in need of funds and it is a pity and almost a shame that so worthy an institution should be allowed to languish for the want of aid.

Indications.
We regret to learn that Mr. W. J. Yopp is again quite sick and confined to the house.
For North Carolina, warmer, fresh to brisk Southerly winds and rain followed by fair weather.

We were pleased to receive a visit to-day from Mr. Owen Ferrel, the courteous and clever manager of Mlle Rhea's entertainments.
Mr. George Harris, Jr., of Philadelphia, arrived here last night and will remain here about three weeks. He is well and hearty.
Rev. Dr. Pritchard expects to leave to-night for Fayetteville on the steamer *A. P. Hurt*, to take part in a religious revival which is now in progress there.

Messrs. C. H. Robinson, W. R. Kenan, J. I. Maeks, E. S. Martin, Samuel Northrop and W. P. Oldham, who have been in attendance of the Masonic Grand Lodge, at Raleigh, returned last night.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
