**SIMMONS
LIVER
REGULATOR**

TORPID LIVER
 is known by these marked peculiarities:
 1. A feeling of weariness and pains in the
 limbs.
 2. Bad breath, bad taste in the mouth,
 and a sore tongue.
 3. Constipation, with occasional attacks
 of diarrhoea.
 4. Headache, in the front of the head;
 dizziness, and yellowness of
 the face.
 5. Heartburn, loss of appetite.
 6. Distention of the stomach and bowels
 by wind.
 7. Depression of spirits, and great melan-
 choly, with lassitude and a disposition
 to leave everything for to-morrow.
 A natural flow of bile from the Liver is
 essential to good health. When this
 is obstructed it results in

BILIOUSNESS,
 which, if neglected, soon leads to serious
 diseases. Simmons Liver Regulator exerts
 a most beneficial influence over every kind
 of biliousness. It restores the Liver to
 proper working order, regulates the secre-
 tion of bile and puts the digestive organs
 in such condition that they can do their
 best work. After taking this medicine no
 one will say, "I am bilious."

"I have been subject to severe spells of
 Congestion of the Liver, and have been in the habit
 of taking from 15 to 20 grains of calomel which
 generally laid me up for three or four days. Lately I
 have been taking Simmons Liver Regulator,
 which gave me relief without any interruption to
 business."—J. Hugo, Middleport, Ohio.

 of persons supported by all the
 forms of employment furnished by
 electricity at 5,000,000.

Mrs. Gladstone celebrated her 76th
 birthday a few days ago. The golden

 occur next July, if they both should
 live so long.

Governor Luce, of Michigan, says
 that there are many important
 measures that he would like to
 undertake, but he hasn't time, be-
 cause, owing to his small salary, he
 has to do other things. It is said
 that he has to groom his own horse.
 His salary is \$1,000.

Lord Lytton has written a letter
 to the congress of French teachers
 in England in which he gracefully
 likened the various languages and
 literatures to the seas and oceans
 which separate nations, but which
 at the same time prove a ready
 means of intercommunication be-
 tween them.

The colored people employed

 a dozen or more in number, all in-
 sist that every night at 12:30 they

 who was hanged there several weeks
 ago, and that at precisely that min-
 ute the trap of the scaffold falls
 with a great noise which can be
 heard all through the jail.

 come a grandmother at the age of
 twenty-five. She was married when
 only eleven years old, and while in
 her twelfth year became the mother
 of a daughter, who, in her turn was
 married at twelve, and became a
 mother at thirteen. The child just
 born is a girl.

Prof. E. Stone Wiggins, the earth-
 quake sharp, has been heard from
 again. He says that a great earth-
 quake period in North America
 will begin in 1904—on August 19, to
 be exact. Meanwhile he will not
 bother with small shakes, like those
 which have taken place recently,
 which are merely "the negative or
 reflex action of an earthquake, the
 position being located south of Cape
 Horn."

Probably the most remarkable
 railroad in the world is that running
 from Glogginz to Lounering, near
 Vienna. It is only twenty-five miles
 in length, and cost over \$7,000,000.
 It begins at the little station of
 Glogginz, at an elevation of 1,400
 feet, and from there the train, haul-
 ed by two powerful locomotives,
 winds round and round over some
 fifteen double viaducts and through
 as many tunnels. It creeps along
 precipices affording glimpses of
 some of the wildest scenery in Eu-
 rope. Its terminus, Lounering, is at
 an elevation of 3,500 feet.

Prevention of Cruelty to Animals.
 Pursuant to announcement a meet-
 ing was held last night at the City
 Hall for the purpose of organizing a
 Society for the Prevention of Cruelty
 to Animals.
 The meeting was called to order
 by Col. E. D. Hall, who was invited
 to the chair on motion of Capt. J.
 H. Daniel. Mr. U. M. Robinson was
 made secretary.
 Mayor Fowler moved that the
 chair appoint a committee of three
 to recommend officers for the Soci-
 ety.
 The chair appointed Mayor Fow-
 ler, Mr. Jos. McLaurin and Capt. J.
 H. Daniel as the committee.
 Remarks were made by the chair-
 man and by Mr. F. A. Lord, the lat-
 ter speaking of efforts made by citi-
 zens in years past to prevent cruelty
 to animals.
 The Mayor read the report of the
 committee, recommending the fol-
 lowing officers:
 President—J. H. Watters.
 First Vice President—Rev. J. Car-
 michael.
 Second Vice President—Fred Rhew.
 Third Vice President—Rev. D. H.
 Tuttle.
 Fourth Vice President—A. S. Heide.
 Secretary and Treasurer—G. H.
 Greene.
 Mr. Watters wished to withdraw
 his name and nominated Mayor Fo-
 wler for President. Mayor Fowler
 declined, whereupon the officers re-
 commended by the committee were
 unanimously elected.
 Mr. G. H. Greene moved that a
 committee of six be appointed to
 draft a constitution and by-laws,
 to report at a meeting to be held two
 weeks hence. The motion was
 adopted and the following were ap-
 pointed: Messrs. John H. Daniel,
 John J. Fowler, T. J. Southerland,
 F. A. Lord, J. H. Boatwright, Dr.
 E. A. Anderson.
 Mr. John McLaurin suggested
 that the secretary correspond with
 the New Orleans society, instead of
 the society at New York, to get
 views upon the subject.
 The laws of this State relating to
 cruelty to animals were read by the
 Mayor, and it was suggested by Rev.
 Mr. Tuttle that the newspapers of
 the city be requested to publish
 these laws.
 There being no other business the
 meeting adjourned.

 You will find at Heinsberger's an
 elegant assortment, just received, of
 fine wire masks for ladies and gen-
 tlemen and some other articles need-
 ed for masquerade balls.

We thank Col. W. P. Canaday,
 Sergeant-at-Arms of the U. S. Sen-
 ate, for full sets of bound volumes
 of the Congressional Record for the
 last (the 49th) Congress. They ar-
 rived safe this morning and fill one
 entire mail bag.
 The gentlemen who composed the
 committee for the masquerade ball
 last night, desire to return thanks,
 in behalf of themselves and Ger-
 mania Band, to the ladies who so
 kindly assisted them in making the
 arrangement and to whose efforts
 the success attained was in a great
 measure due.

The pavement in front of the Par-
 cell House property, on North Front
 street, now owned by Messrs. W. E.
 Springer & Co., is being laid with
 the granite stones which formerly
 formed the porticoes and front of
 the building. Some of the pieces
 are more than a foot thick and the
 pavement bids fair to last forever
 and a day.

It seems strange, that in this big
 town of 25,000 inhabitants there is
 not a crockery store in existence.
 We mean one devoted exclusively
 to that business. To any one who
 may think of embarking in this line
 the opportunity of securing a good
 stand is now at hand. The store
 recently occupied by Mr. I. Shrier,
 just North of Capt. McIntire's store,
 on North Front street, is for rent.

Dividend Declared.
 At a meeting of the Directors of
 the Bank of New Hanover, held yester-
 day, a semi-annual dividend of
 four per cent. was declared, payable
 on the 9th inst.
 The annual meeting of stockhold-
 ers will be held at the banking house
 in this city on the 9th inst., at noon.

News From Oxford.
 A friend at Oxford writes us of the
 continued progress being made in
 that town and section. On Monday
 last the Board of Commissioners de-
 cided to have the town lighted by
 electricity. Ten lights are to be
 erected at a cost of \$1,000 a year,
 the municipality reserving the right
 to purchase the plant within 60 days
 after the lights are in successful
 operation.
 The Oxford & Clarksville R. R. is
 fast approaching the town and in
 the course of a few days more of
 good weather the engine will sound
 its whistle at the depot. This latter
 is being pushed forward with every
 dispatch by the Messrs. Elliott, the
 enterprising contractors.
 The engineer corps on Wednesday
 commenced the survey of the Hen-
 derson & Danville R. R. The line
 began at the Court House in Oxford,
 only to place the town on their
 maps, so that should the company
 decide to take in Oxford on their
 line they will know the best way to
 get into the town.
 The location of the Oxford & Dur-
 ham R. R. will be completed in a
 week or ten days and the road is
 advertised to be put under contract
 very soon.

City Court.
 There was a formidable docket
 for the Mayor's consideration this
 morning which was disposed of in
 the following order:
 Sam Larkins, colored, larceny, dis-
 charged.
 Thomas Blackwood, colored, lar-
 ceny, discharged.
 William Lord, Daniel Emanuel,
 Fred Lord, Maggie Lord, Ellen Lord,
 Aleck Lord and Elmira Emanuel, all
 colored, with some doubts as to the
 latter, charged with disorderly con-
 duct. The testimony showed that
 it was a sort of free fight, beginning
 with dogs and ending with the men
 and women. William Lord and
 Daniel Emanuel were fined \$20 each
 with the alternative of 30 days in
 the chain gang. Fred Lord was dis-
 charged. Maggie Lord, Ellen Lord
 and Elmira Emanuel were fined \$10
 each or 20 days in the chain gang.
 Aleck Lord was fined \$25 or 30 days
 in the chain gang for carrying a
 concealed weapon.
 Willie Robinson and John Wad-
 dell, two dirty looking colored
 youths, for sleeping under a private
 residence, were ordered to be con-
 fined ten days in the city prison on
 short rations.
 Aleck Howe and John Flowers,
 colored, disorderly conduct. Flow-
 ers was discharged and \$10 or 20
 days was Howe's sentence.
 Sam Smith, James Hall and Wil-
 liam Byard, tramps, were given an
 escort out of the city, with a warn-
 ing that if they returned they would
 be put in the chain gang.
 One man, whose name we suppress
 by request, for being drunk and dis-
 orderly, and also for abusing and
 insulting an officer, was fined \$20 for
 each offense.

The Masquerade Ball.
 The Masquerade Ball given in
 Germania Hall last night by the
 Germania Band was in every re-
 spect a delightful and successful
 affair. The attendance was large,
 the costumes unique, rich and ap-
 propriate and the characters well
 sustained. There were nearly forty
 persons on masques and the specta-
 tors filled all of the available space.
 Altogether it was one of the noted
 events of the season, and will long
 be remembered.

The Pine Wool Industry.
 Mr. W. R. French, the polite and
 efficient agent of the Acme Manu-
 facturing Company, is doing a big
 work, says Col. Polk in the Raleigh
 Farmer, not only for his company,
 but for our State. His company
 manufactures elegant carpeting,
 matting, etc., from the fibre of the
 straw of our long leaf pine, and it is
 an interest that is growing into
 splendid proportions. We predict a
 large trade for this goods, with such
 an active, intelligent and efficient
 representative as our good friend
 Mr. French. We are glad to see by
 our exchanges that Mr. French has
 made contracts for placing these
 North Carolina carpets on the floors
 of the Treasury and Interior De-
 partments in Washington City. This
 is quite a compliment to him, as
 well as to our State. Well, 'Will'
 deserves success, and we wish him a
 large measure of it.

Oakdale Cemetery.
 This calm "city of the dead" natu-
 rally attractive, but made more
 beautiful by the cunning hand of
 skill and art, is receiving particular
 attention at this time from those
 who have it in charge. The drive
 ways are being somewhat extended
 and 3,000 feet of terra cotta sewer
 pipe were received yesterday from
 the Pomona Hill Nursery at Greens-
 boro, for the purpose of draining
 the Eastern part of the grounds.
 Oakdale Cemetery was organized
 November 16th, 1853, and the first
 interment in the grounds was on
 the 5th of February, 1855. The
 cemetery embraces 65 acres of land,
 which is divided into 11 sections,
 and these latter are subdivided into
 867 lots. There are between three
 and four miles of main avenues or
 drives and a great number of walks
 where carriages cannot pass. There
 are 453 Confederate soldiers interred
 within the Confederate lot, besides
 others whose resting place is in
 family or private lots. The records
 show that 358 persons died of yellow
 fever, when that scourge was in the
 city in 1862, who are interred in Oak-
 dale, but as the records were not
 regularly kept at that time, and as
 many died of fever, which were
 classed as typhoid, brain, malarial
 and other fevers, which were with-
 out doubt yellow fever, before the
 disease was declared epidemic, their
 is little doubt that the actual
 number was twice as large as the
 records show.
 Many of the records were lost dur-
 ing the war, and hence it becomes
 impossible to more than approxi-
 mate the number of interments be-
 fore and up to the close of hostilities
 between the States. In fact, the
 records were not regularly and com-
 pletely kept until 1867. Since then
 they have been kept with great care.
 Since that time to 1887, both inclu-
 sive, there have been 2,292 inter-
 ments, being an average of 109.17
 annually. The largest number of
 interments in one year was in 1875,
 when they were 155; the least num-
 ber was in 1880 and 1881, when they
 were 79 in each year.
 Within the memory of many now
 living Oakdale Cemetery was mere
 waste land, possessing, it is true,
 many natural advantages, which
 have been utilized, until now it is
 one of the most attractive burial
 places in the South. Too much
 praise cannot be bestowed upon Mr.
 T. Donlan, the Superintendent,
 through whose good judgment, fine
 taste and horticultural skill these
 works of improvement and adorn-
 ment have been effected.
