

THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C. TUESDAY, FEBRUARY 7, 1888 NO. 31.

THIS PAPER published every evening, Sundays excepted. BY JOS. T. JAMES, Editor and Prop. SUBSCRIPTIONS, POSTAGE PAID: One year, \$4.00 Six months \$2.00 Three months \$1.00 One month, 35 cents. The paper will be delivered by carriers, free of charge, to any part of the city, at the above rates. If sent by mail, it will be 10 cents per week. Advertising rates low and liberal. Subscribers will please report any and all changes to receive their paper regularly.

CONSTIPATION

Called the "Father of Diseases," because there is no medium through which disease so often attacks the system. It is the result of decayed and effete matter in the stomach and bowels. It is caused by a torpid liver, not enough bile being secreted from the liver, and is generally accompanied with such results as:

- Loss of Appetite,
- Sick Headache,
- Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be tonic as well, and not produce any greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost everything else, concluded to try it. I first took a small amount, and afterwards reduced the dose to a single pill, and in a few days I felt much better. I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have never used it since. It cured me of Constipation. Use it, it is the best. Geo. W. Saxe, Asst. Clerk Superior Court, Bibb Co., Ga.

Take Only the Genuine.

Which has the Wrapper the red Z Trade-mark and Signature of J. H. ZEILIN & CO.

The first Florida strawberries are being in the New York market at 50 a quart.

The poppy grows luxuriantly in Florida, and a paper down there believes that opium will one day be the principal product of the state.

It is said that wealthy men in the liquor business in Philadelphia have formed a syndicate, with \$1,000,000 backing, to furnish bondsmen to enable the saloon keepers to comply with the new high license law of Pennsylvania.

A boy at Belfast, Me., bought a pig at a store for \$2 and told the clerk to charge it to his father and make the bill for \$3. Then when the father paid the bill, the boy called and got the extra dollar. He will probably grow up to be a Napoleon of finance.

There are two sisters between fifty and sixty years old living near Dalton, Ga., who have not seen each other for sixteen years, although they live only four miles apart and are on perfectly friendly terms.

A queer case of spontaneous combustion is reported in London. It is that of the body of a drunkard at Guy's Hospital. It was very much bloated, and when punctured and a lighted match applied the gas which escaped burned with the ordinary flame of carbureted hydrogen. As many as a dozen of these flames were burning at the same time.

Among those who have been named as fitting successors to Chancellor Mell, late of the University of Georgia, are Prof. Wm. Leroy Brown of Auburn, Ala., Prof. Wm. LeConte of the University of California, President I. S. Hopkins of Emory college, Dr. A. G. Haygood of Deatur, Prof. Harry White of the Georgia University, and Judge W. Hammond of Atlanta.

The "Pilgrim's Progress" has been translated into the Japanese language. It is profusely illustrated by native artists, and the pictures appear to be very comical to European eyes. Christian has a close shaved head. The dungeon of the giant Despair is one of the large wooden cages so well known to eastern criminals, and the angels waiting on the bridgeless river to receive the pilgrims are attired in the latest Yokohama fashions.

Princess Louise and Lord Lorne are staying in Naples, where they are in a simple, unostentatious fashion, dining at the public table, and otherwise practicing rigid economy. The Princess and her husband travelled incognito, and on their arrival in Naples walked to the hotel. The manager, however, recognized the Princess, and offered her a suite of rooms on the first floor, reserved for nobles. These were declined, as was a suggestion that the illustrious guests should eat in private.

Finest shoes for ladies wear in the city at French & Sons.

The New York Tribune says: "The dry goods region is worth seeing just now, with its piles of boxes and its busy draymen. A stroller across Worth street heard a remark which indicated something of the pressure of business. The speaker was a foreman, directing a gang of men handling goods, and he was addressing the driver, who had complained that one of the men was not working lively enough: 'Don't crowd that man, said he, he's been at work two days and two nights on the stretch.'"

"It is only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

Best shoes for boys at French & Sons.

The receipts of cotton at this port to-day foot up \$85 bales.

Ger. barque T. C. Berg. Kruger, hence, arrived at London Feb. 4th.

School Books and School Stationery you can buy cheapest at Heinsberger's.

Measles are prevailing considerably among the children in some parts of the city.

50 dozen all wool flannel shirts, in all shades and colors, for men and boys, from 75 cents and upwards, at the Wilmington Shirt Factory, No. 27 Market street, J. Elsbach, Prop.

Messrs. Worth & Worth have received and are now offering for sale the first cargo of the season of new crop Cuba molasses. It is being landed from the Br. schr. Resolution, direct from Matanzas.

Bro. T. W. Clawson, local reporter of the Messenger, left yesterday morning for Columbia, S. C., for the purpose of bringing his family to this city. He is expected to return here to night, and his family will accompany him.

Mr. W. L. Pridgen, residing near Point Caswell, tells us of a strange natural freak he has. It is a pig, born last October, without eyes and with only stumps for legs. It is alive and well, feeds heartily and follows Mr. Pridgen about the yard wherever he goes. It is a real curiosity.

This weather is especially favorable to truck farmers, and we learn that this class of agriculturists are busy preparing and planting their early vegetables. It would seem that the back bone of Winter was broken, but we shall undoubtedly have much more cold weather before we shall see the blossoms of May.

Indications. For North Carolina, generally fair weather, slightly warmer, with light to fresh variable winds, generally from South to West.

Fatal Accident. We learn that the vestibule train last night, in passing Rocky Point, ran over and instantly killed Mr. George Hollingsworth, a young man belonging in Warsaw, Duplin county. We have been unable to gather any of the particulars regarding the accident, further than as above stated.

Chicken Thieves. On Friday night last thieves raided the premises of Mr. W. H. Hurst, on Market street, between Fifteenth and Sixteenth, and stole four guinea fowls, one turkey and a number of chickens. These midnight marauders are a great nuisance and we wish that some means might be adopted by which it might be abated.

Personal. Messrs. D. E. Gilchrist, freight agent of the Wilmington, Columbia & Augusta Railroad, Wm. Johnson, Jr., and J. H. Vollers, all of Nichols, S. C., were in the city this forenoon. Mr. Louis L. Curtis, of Newark, Del., who has been engaged as organist and choir conductor of St. James' Church, arrived here last night. We had the pleasure of meeting him to-day and found him a very clever gentleman.

See the "Artful," the best rat trap known, at Jacobi's Hdw. Depot.

A Fishing Party.

The fishermen who live on Masonboro Sound go up the Cape Fear river at this time of the year, for the purpose of fishing for shad. This has been an annual proceeding for many years. Yesterday five fishing boats, with their crews, nets and cooking utensils came up from the Sound and after launching their boats in the Cape Fear river and procuring necessary supplies, proceeded up the river to pursue their piscatorial avocation.

Romeo and Juliet.

There was a large audience at the Opera House last night to witness the performance of Mrs. James Brown Potter and her company in the Shakesperian drama of *Romeo and Juliet*. We suppose that many of those present were actuated by a desire to see a leading society lady who with but little preparation had stepped from the ceremonies and formalities of the parlor to stellar a position on the stage. She is a fine looking woman, but she is not, in our humble judgment, an actress, nor will she be until she learns to avoid many mannerisms and forgets her own individuality and social position in the characters which she attempts to represent. We were forcibly reminded many times during last night's performance that it was Mrs. James Brown Potter, a society queen, and not *Juliet*, a love-torn maiden, who was speaking. This was especially the case in the balcony scene. She may be a good actress sometime in the distant future, but she has much to learn. Her support, with the exception of Mr. Bellew, who is quite a good actor, was inferior. Nearly all of them repeated their lines so rapidly and mumbly—if we may use such an expression—that the words could not be understood, and it was only those who were familiar with the play who could keep track of the dialogue.

Board of Aldermen.

The Board of Aldermen met last night at the City Hall. All the members of the Board were present with the exception of Alderman King. Mayor Fowler presided.

The Street and Wharves Committee, to whom was referred the petition of the Seacoast Railway for right of way through certain streets, with power to act, reported that the petition had been granted, substituting Queen for Castle street, and reserving the right to require the road to go under Market street at Tenth, after three years, if deemed necessary.

A petition from the officers of the steam fire engine companies to replace the gongs at present in use at the engine houses with the combination gong and indicator, was referred to the Committee on Fire Department with power to act.

Petition from Cape Fear Fire Engine Company, for better facilities for housing engine and stabling horses, and asking that their engine house shall be located on the southwest corner of Fifth and Ann streets, or northeast corner of Fourth and Ann, was referred to the Committee on Fire Department with power to act.

A resolution offered by Alderman Price was adopted, that the Committee on Streets and Wharves be directed to inquire into the feasibility of constructing a bridge across the Wilmington & Weldon Railroad, on Fifth street, and report at the next meeting of the Board.

On motion of Alderman Pearsall, an ordinance was adopted, that no deduction will be made in the pay of any member of the police force, on account of sickness or disability, provided a physician's certificate be furnished certifying to such sickness or disability and provided such sickness or disability does not continue more than thirty days.

A motion of Alderman Fishbait that the city purchase one dozen of the Empire fire extinguishers was referred to Committee on Fire Department with power to act.

The action of a former board, March 7th, 1887, granting right of way to the Seacoast Railroad Company through certain streets, was rescinded.

On motion of Alderman Price, the Committee on Streets and Wharves were instructed to take into consideration the advisability of having the trees set out on Fifth street protected by boxes.

Fine Cow.

Mr. George Tilley brought a very fine cow to market this morning, which he will slaughter for beef in a few days. The animal was raised in the Western part of the State and was recently owned by Mr. I. Bates, from whom she was bought by Mr. Tilley. Her live weight is estimated at 1,100 pounds, but she possesses none of the marks of a good cow for milk.

The City Hall.

Our lady and gentlemen friends of Grace M. E. Church were as busy as bees this morning preparing the City Hall for the "Feast of Months," which will be commenced there to-night. The hall was in dire confusion, but we are assured that order will be brought out of chaos, so that at the opening to-night everything will be in "apple pie" order, or, as a sailor would say: "ship shape and Bristol fashion."

The Pastors' Conference.

The Pastors' Conference, which was adjourned yesterday, met again this morning and concluded its labors. All the arrangements for the coming meeting were perfected and the appointments for the four week's services will be published weekly by the press of the city and also from the different pulpits. The four week's service will be preliminary and preparatory to the series of meetings to be conducted by Rev. R. G. Pearson, which will begin on the 18th of March next.

City Court.

Three colored men, whose names we suppress by request, charged with selling liquor on Sunday, were the first to claim the Mayor's attention this morning. The investigation of the charges preferred against them was continued until to-morrow.

Frank Bradley, colored, and a deaf and dumb tramp, who has been before the Court on a previous occasion, was ordered to be escorted out of the city, with a warning not to return.

Thomas Pearson, a Norwegian sailor, who claims that he tramped here from Norfolk, and was seeking for a vessel, was discharged and told to seek employment.

School shoes for children, best in the city, at Geo. R. French & Sons.

County Commissioners.

The Board of County Commissioners met in regular monthly session yesterday afternoon at the Court House. There were present H. A. Bagg, Esq., chairman, and Messrs. Roger Moore, B. G. Worth, E. L. Pearce and J. A. Montgomery.

The Treasurer submitted his monthly report, showing a balance on hand to the credit of the general fund amounting to \$15,888.13, and balance to the credit of the educational fund, \$3,432.15. Twenty-four coupons for \$3 each were exhibited and destroyed in the presence of the Board.

The Register of Deeds also submitted a monthly report, showing fees received for marriage licenses during January amounting to \$9.50. Licenses to retail liquors were granted to Wm. Genant and G. W. Linder.

The chairman reported \$383.44 of the delinquent taxes collected, and exhibited the Treasurer's receipt for the same.

It was ordered by the Board that the Sheriff be authorized and directed to levy on the property of D. N. Chadwick, agent for Mrs. L. R. Chadwick, to satisfy taxes for the year 1887, as listed by him.

E. V. Richards was ordered exempt from taxes on account of physical disability.

The following were drawn as jurors for the Criminal Court, which meets in March, viz: A. Jones, O. W. Styrone, W. W. Banks, D. McEachern, N. A. Barnes, R. W. Smith, James W. King, Jr., R. F. Roan, A. E. Alexander, Jno. H. Thees, T. M. Gardner, William Beaseley, W. A. Witz, Nathan Greenewald, Geo. W. Heyel, G. N. Harris, Jno. W. Riley, C. B. Skipper, J. W. Alexander, M. J. Heyer, J. J. Canaday, G. R. French, Jr., E. G. Jones, C. P. Mebane, W. J. Everett, D. L. Savage, W. J. Reeves, W. G. T. Keen, J. G. Darden, A. David, F. C. Singletary, J. W. Boales, C. Michaels, Patrick Glavin, J. R. Nolan, Lewis Gordon. The Board then adjourned, subject to the call of the Chairman.

This Afternoon's Fire.

At about 3:30 o'clock this afternoon the alarm of fire was sounded from box 15, at the corner of Front and Mulberry streets, caused by the discovery of a fire in the distillery of Messrs. S. P. Shotter & Co., on the West side of the river. At the time of closing our report the *Marie* had gotten to the scene and was doing good work, which would have been more effective had she been supplied with more hose.

LATER.—The *Marie* having been supplied with more hose soon had the fire under control and the flames were speedily extinguished. We could not ascertain the amount of the damage.

An Escaped Convict.

The one-armed white man who was arrested yesterday for an alleged burglary in Brunswick county, but who subsequently escaped and was recaptured by Mr. S. H. Terry, and who gave his name as William Webb, is yet in the city prison. From information received it appears that the real name of the prisoner is Jesse Crafton; that he was tried for murder at Edgecombe Superior Court in 1884, and was convicted of manslaughter and sentenced to eight years' imprisonment in the State Penitentiary. He had served about four years, or half of his time, when about a week ago he escaped. He will be returned to the penitentiary to-night in the custody of Mr. Terry, who arrested him.

Correct Time.

We learn from the Charleston *News and Courier*, that the Atlantic Coast Line with a view to preventing accidents as far as possible, will require every one connected with the running of their trains, including division superintendents, train masters, train dispatchers, conductors, baggage masters, enginemen, station masters, and yard masters, in their employ to have their watches examined every three months commencing on the 1st inst., for a certificate as to quality and condition. In order that this time inspection service may be properly conducted the management will appoint some expert and skillful watchmaker at Charleston, Columbia, Florence and Wilmington whose duty it shall be to examine the watches of the employes, and in all cases where they fail in the standard of accuracy, they must be replaced by others having the necessary accuracy.

An Encampment Next Summer.

Adjutant-General Johnstone Jones was in the city yesterday, accompanied by Col. J. T. Anthony, of the Fourth Regiment, and in company with Col. W. C. Jones, of this city, commanding the Second Regiment, and Capt. Jno. H. Daniel, visited Wrightsville Sound during the afternoon, with the view of selecting a place for the encampment of the State Guard next Summer, should it be decided to hold it in this locality. It is understood that Gen. Jones was favorably impressed and that he will recommend to the Governor that the encampment be held at Seaside Park, Wrightsville. This encampment is to be formed some time in July, possibly about the middle of the month, by which time the railroad from this city to Wrightsville will be completed. In this connection we copy the following from the *Raleigh Visitor*:

At the conference of the chief officers of the State Guard with Governor Scales last Saturday the most careful consideration was given the matter of equipment of the force composed of twenty-five companies, 1,200 men. It was decided by the Governor to issue overcoats, regulation pattern, to all the force, the issue to be made as soon as possible after July 1st next. The Governor also decided to issue cloth for uniforms to such companies as are reported by the Inspector General to be in need. Four were reported to be now in such need and will get the uniforms this year. It was also decided to hold an encampment of all the forces the coming summer. Capt. J. H. Daniel presented the advantages offered by the points in the vicinity of Wilmington as places for the encampment, and pledged a liberal subscription, together with the preparation of many things looking to the greater comfort of the troops. The place of the encampment was not, however, chosen. It will probably soon be agreed upon. The date of the encampment will be between the middle of August. Morehead City was the only other place considered in this connection.

PLEASE NOTICE. We will be glad to receive communications from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor. Communications must be written only on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.
