CONSTIPATION

It is called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous gases in the retention of decayed and effete matter in the stomach and bowels. It is caused by a torpid liver, not enough bile being secreted from the liver to produce a regular habit of body without causing the accumulation of such results as:

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce any more greater costiveness. To secure a regular habit of body without changing the diet or disorganizing the system

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and having tried almost everything else, I concluded to try it. I first took a small dose and afterwards reduced the dose to a teaspoonful, as per directions, after each meal. The result was so much more good than I had expected that I continued it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have no use for it, it having cured me."—Geo. W. Sims, Ass't. Clerk Superior Court, Bibb Co., Ga.

Nice is still suffering from the earthquake record. There were 15,000 visitors less, from October 1 to January 13, this year than last year. Rome is crowded with tourists.

It is said that the sale of liquors in the restaurant of the House of Representatives is carried on in the most open manner and in direct violation of a joint rule which forbids such sale under penalty of forfeiture of privilege.

Thomas a Becket's bones have at last been found in a rough-hewn stone coffin under Canterbury Cathedral, where heretofore their existence was only legendary. The skull is well preserved, and is said to be magnificent in size and proportions, in fact, one of the finest ever seen. Its crown bears unmistakable marks of a sword cut, which the chroniclers relate took off the top of his scalp.

A prominent railroad official says that fully 50,000 tramps continually infest the railroad lines of the country. They are a constant menace to the safety of travellers as well as to the property of the companies, as many of them do not hesitate to cause accidents by turning switches, burning bridges and other devices. It is estimated that 3,000 of them are killed annually while attempting to steal rides or walking on the track.

It is now understood that President Cleveland and his charming wife will visit our Southern States again. They will start some time about the 20th of the present month and will extend their visit as far South as Jacksonville, Fla., where the Sub-Tropical Exposition will be in progress. We have not yet learned what route they intend to take, but hope that they will take the Atlantic Coast Line, so as to pass through Wilmington. As Congress is now in session it will be impossible for the President to be absent from the capital more than a few days, and so we shall school our minds to be satisfied with merely a glimpse of them as they pass thro', hoping that at some later day and more fitting opportunity they may be induced to come to our city on the Cape Fear. In the meantime it is not wise, perhaps, to invite him here just at present, and for reasons which are well expressed in the following from the Charleston News and Courier:

"The President desires to visit, with his wife, every part of the country, and is particularly anxious to know, by personal observation, the South Atlantic cities which he was unable to include in his tour last year. Every city everywhere in the South, and in the North and West, will welcome the President and Mrs. Cleveland joyously and cordially. But the limitations of public station are fully understood, and what is impracticable is not expected. Every city along the line from Washington to Jacksonville hopes for a visit from the President and Mrs. Cleveland. But he cannot accept the invitations now, and it is better that they be not given. It is the height of courtesy to refrain from extending invitations which it is known, in advance, must be re-

used. Nowhere is this courtesy better understood than in the South, and it could not be displayed under more favoring conditions than those which now exist.

The Boston Stars were in Charlotte on Monday night and played to a large audience.

In the absence of Mayor Fowler from the city, Alderman Fishblate was Mayor pro tem this morning.

Steamboatmen report about 12 feet of water on the shoals in the Cape Fear, which is good boating water.

Ask those who have tried and they will tell you that the Boy Clipper Plo is the best made. Sold only at Jacobi's, who is the factory agent.

Eer. barque *Ceres*, Horch, cleared to-day for Hamburg with 450 casks spirits turpentine and 2,600 barrels resin, valued at \$11,571, shipped by Messrs. E. G. Barker & Co.

The stocks of fertilizers in Charleston, S. C., have been greatly reduced, especially acid phosphates, in consequence of which the price of guano has advanced about \$1 per ton and acid phosphates have advanced about \$2 per ton, with a probability that the prices will go higher.

50 dozen all wool flannel shirts, in all shades and colors, for men and boys, from 75 cents and upwards, at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop.

We are afraid that the fruit crop in North Carolina—or at all events in this part of it—is already seriously endangered. The buds are swelling and ready to burst and all that is needed now to "bust" the whole thing up is a tail end or two of some of the big Western blizzards.

You will find at Heinsberger's an elegant assortment, just received, of fine wire masks for ladies and gentlemen and some other articles needed for masquerade balls.

For North Carolina, colder, fair weather, with light to fresh winds, generally Northwesterly.

The Young People's Society of Christian Endeavor of the First Baptist Church met yesterday afternoon and adopted a constitution, besides engaging in devotional exercises. The Society has been organized about a month and is composed of young people of both sexes. We are glad to know that the Society is in a promising condition.

Death of Mrs. Dawson.

The sad news of the death of Mrs. Missouri Dawson, relict of the late James Dawson, was received here yesterday afternoon. It was totally unexpected and it was a terrible shock to her many friends here.—She was on a visit North to her two children and when she left here a few weeks ago she was in excellent health. The remains will be brought here for interment. She was an upright, Christian lady in every department of life and her good deeds, which are manifold, are known now only to her God and the numerous recipients of her charity and of her kindly ministrations.

Last Night's Fire.

The fire department were called out twice last night, to both of which they promptly responded.

The first time was at 7 o'clock, caused by the burning of a stick of lightwood in the engine room of the steamer *Entreprise*, which was lying at her wharf at the foot of Princess street. The flames were extinguished with a few buckets of water, and it seems to us that sending out the alarm was the cause of needless work for the firemen; but it showed how quickly they could be on hand in case of an emergency. The second alarm was at about 9:30 and was caused by the discovery of a fire in the old grist mill at the foot of Dock street, formerly the property of Mr. P. Cumming. When first discovered the flames were at work on the river front of the building, which is of wood. Fortunately the fire had nuke but little headway when discovered, and the flames were speedily extinguished by the firemen, who were promptly at work and but little damage was done to the property.

He Got His Pay.

A day or two since a man who keeps a store in the country, a few miles from the city, was here making purchases with which to replenish his stock. Just before leaving for the train he bought a small bill of goods of one of our Front street firms, and engaged a colored boy to take the package to the depot. The countryman and the boy with the package went to the depot together, and as there was but little time to spare, the goods were placed in the car and the owner jumped on the platform of one of the passenger cars just as the train was moving off. The colored boy followed him and wanted ten cents for carrying the package, when the former said that he had no money. As the boy was bound to have pay for his work he grabbed the man's hat and jumped off. It was then too late to attempt to recover the hat, and the countryman was taken hatless out of the city by the train. Probably by this time he has come to the conclusion that it will take a sharp countryman to get ahead of a Wilmington colored boy. In the meantime the hat hangs in the store where the goods were bought and where it can be redeemed by the owner by the payment of ten cents.

School shoes for children, best in the city, at Geo. R. French & Sons.

The "Feast of Months."

There was a large gathering at the City Hall last night to enjoy the pleasures of the second night of the representation of the "Feast of Months." In fact the throng was estimated to be considerably larger than it was on the opening night. Among the contributions to assist in making the entertainment a financial as well as a social success were some memorial bookmarks from Fayetteville, printed in gold letters, one of which bore the legend:

"In memory of Rev. L. S. Burkhead, D. D. who died December, 3d, 1887, at Fayetteville, N. C., during the session of the M. E. Conference held in that place.

Servant of God, well done; Rest from thy loved employ."

Another bore the following: "In memory of Capt. Wm. M. Parker, who died December 7th, 1887, at Fayetteville, N. C., at the close of the session of the N. C. Conference held in that place. "He giveth His beloved sleep."

The competitive drill of members of the Wilmington Light Infantry resulted in a victory for private Ed Moore, and the prize, a handsome gold-headed cane, was awarded him in a neat and felicitous speech by Col. Roger Moore. The entertainment will close to-night, and we are glad to say that thus far it has proved a most pronounced financial and social success. The receipts thus far have been \$700, and the probability is that with the amount that will be taken to-night the total will not fall far below \$1,000.

Zelonite Collars for 12 Cts., worth 25 Cts. I. Shrier, at No. 16 North Front street, will sell on Thursday, February 9th, the Zelonite Collar (warranted water proof), for 12 cents, the regular selling price 25 cents. Remember for one day only. Please bring the right change along. All other goods will be sold at proportionately low figures. I. Shrier, the old reliable clothier, No. 16 North Front street, Purell House, sign of the Golden Arm. Feb 8th

Thanks, Ladies!

Our thanks are due to the lady managers of the "Feast of Months" for their kindly remembrance in the shape of a plate of excellent cake of different kinds and other luxuries. We are proud of the success of the entertainment and highly appreciate their generous remembrance of us newspaper folks.

Literary and Musical.

There will be a literary and musical entertainment at the hall of St. Agnes' Guild, just East of St. James' Church, to-night, which will undoubtedly be an enjoyable affair. Among the attractive features of the evening the recitation of Schiller's "Diver," by Miss Josie Myers, and readings from Shakespeare and Dickens by Rev. Mr. Coerr, will be notable. The music, both vocal and instrumental, will be exceptionally fine, and those who attend may be sure of a pleasant, agreeable and entertaining time.

A Splendid Fire Department.

Wilmingtonians have good reason to be proud of their fire department. It is in an excellent state of efficiency and the way in which they move when the bell taps is a caution to outsiders.

An illustration of this is found in the fact that last night, when the first alarm was sounded, the Atlantic Hose Reel was crossing Third street, at Market, two blocks from the engine house, in 65 seconds from the first tap of the bell. Immediately behind, and 2 seconds later, came the Hook and Ladder truck, and 5 seconds behind this came the Adrian Hose Reel, and in 90 seconds after the first sound of the alarm the entire department was at Market Dock.

Musical.

The incomparable Jules Jevy, the greatest cornetist in the world, will appear at the Opera House here on Saturday, the 18th inst., at night and also at a matinee. The combination of which he is the leader consists of Miss Stella Levy, soprano; Miss Ollie Torbett, violinist; Miss Edith Pond, singing reader; Mr. Gustave Thalberg, tenor, and Mr. R. F. Downy, pianist and accompanist. Miss Torbett, the violinist, will be remembered as being one of the Kellogg troupe when that artist was here two years ago.

City Court.

There was not a large docket for Mayor pro tem. Fishblate's consideration this morning. It was as follows:

Mike Sholley, a sailor, was drunk and disorderly in the Hollow last night and a fine of \$10 or 20 days work on the street was the sentence in his case.

Gilbert Telfair, colored and an old offender, was drunk on the streets last night. The sentence in his case was \$10 or 20 days in the chain gang.

Two boys were charged with disorderly conduct. Judgment was suspended as to them, with a warning not to be guilty again.

James Pittman, a tramp who has twice been sent out of the city, was again furnished with an escort to the city limits, with a warning that if he returned he would have to work 30 days in the chain gang.

Personal.

Col. Fleming Gardner was in the city yesterday.

Capt. T. J. Green, of Fayetteville, was in the city to-day.

Mayor Fowler went to Rocky Point for a day's hunt this morning.

Bro. McLaurin, of the Presbyterian has gone to Durham on a visit to his daughter.

We are sorry to hear that Mr. John F. Garrell is sick and confined to the house.

Mr. DuBrutz Cutlar, Jr., has been licensed by the Supreme Court to practise law.

Col. Julius A. Gray, President of the Cape Fear & Yadkin Valley R. R. is, in the city.

Maj. Stedman has gone to Washington City in the interests of the Seacoast R. R.

Mr. Fred Pelham, business manager for Jules Jevy, the cornet virtuoso, is in the city making preparations for the appearance of Mr. Jevy and his company here on the 18th inst. He gave us the pleasure of a very pleasant call this morning.

Finest shoes for ladies wear in the city at French & Sons.

Stockholders' Meeting.

The regular annual meeting of the stockholders of the Bank of New Hanover was held at their banking rooms at noon to-day.

Mr. H. C. McQueen was called to the chair, and Mr. S. D. Wallace was secretary.

Messrs. S. D. Wallace and M. S. Willard were appointed a committee to verify proxies. They reported 3,686 shares represented in person and 5,500 shares represented by proxy, making 8,186 shares in all that were represented.

The chair then declared the meeting duly organized and open for business. An election of a Board of Directors was then held, which resulted in the reelection of the entire old Board, viz: Isaac Bates, Geo. W. Williams, W. I. Gore, C. M. Stedman, E. B. Borden, H. Volders, J. W. Atkinson, J. A. Leak, Donald MacRae, R. R. Bridgers, F. Rheinstein.

There being no other business the meeting adjourned.

A meeting of the Board of Directors was subsequently when the following officers were elected:

President—Isaac Bates.
Vice President—George W. Williams.

Cashier—S. D. Wallace.
Assistant Cashier—W. L. Smith.

Death of Dr. Fred. Thompson.

We regret very much to learn of the death of Dr. Frederick Thompson, a highly esteemed resident of the Point Caswell section, which occurred yesterday morning at his residence, about four miles from the village. He was a native of this city, but when a mere lad he removed to Point Caswell and has ever since resided there, engaged in the practice of his profession. He early volunteered his services during the war and joined the company raised in the Black River section, of which Dr. John R. Hawes was made captain. Dr. Thompson was elected a lieutenant and served in this capacity during the first year of the war, the company having been attached to the 18th N. C. Regt. On the reorganization of the regiment in 1863 Dr. Thompson was elected Captain but this position he afterwards resigned and enlisted in the Third N. C. Cavalry, where he remained until the close of the war. Just previous to the outbreak of hostilities he was at the University of New York, attending medical lectures, but he, in common with other students from the South, withdrew and went to the Medical College at Nashville, where he graduated.

A year or two after the war Dr. Thompson married Miss Carrie, daughter of Mr. Randolph Corbett, who with three children, two sons and one daughter, survives him.

He was a gentleman of high honorable, noble impulses and his death is a serious loss, not only to those near and dear to him but to the people of his entire section.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
