VOL. XII WILMINGTON, N. C. WEDNESDAY FEBRUARY 29 1888 NO 50

is so enormous as almost to exceed belief. Mr. Babbage calculated that if a million of men were to be engaged dealing cards at the rate of one deal each minute, day and night, for a hundred millions of years, they would not then have exhausted all the possible variations of the cards, but only one-hundred thousandth part of them!

The peculiar purifying and building up powers of Food's Sarsaparilla make it the very best medicine to take at this season.

Best shoes for boys at French & Sons.
The last of the Winter months leaves us to-day.

It showed for a half hour on Monday last in Raleigh.

The receipts of cotton at this port to-day foot up 95 bales.

The revenue cutter came up from Southport this afternoon.

School Books and School Stationery you can buy cheapest at Heinsberger's.

There will be a coon hunt at Wrightville to-night, the start to be made from Mr. H. M. Bowden's place.

The work of placing in position the fountain intended for the corner of Castle and Fifth streets was completed yesterday.

The joint services of the Episcopal congregations of this city will be held in St. John's Church to-night at 8 o'clock. Seats free.

Where can you buy the best and finest boots and shoes for the money in the city? Why, at Geo. R. French & Sons. They keep the largest stock.

A party of three young gentlemen went down to Masonboro this morning and in four hours had bagged 49 birds and 1 squirrel. One of the party fined 20 times and got 18 birds.

There was a good frost this morning and it is feared that damage has been done to strawberry plants and to young peas. It is deemed to have been hardly severe enough to hurt the fruit.

It is generally fair and pleasant after a frost and to-day has proven no exception to the rule. The wind got around to the Southwest by noon and the afternoon has been delightful.

We are requested to say that those who would like to enroll themselves as members of the Society for the Prevention of Cruelty to Animals will find the list of signatures at Heinsberger's.

There are in this city about five hundred consumers of the water furnished by the Clarendon Water Works and of this number about four-fifths are householders and merchants, while the other fifth are manufacturers.

50 dozen all wool flannel shirts, in all shades and colors, for men and boys, from 75 cents and upwards, at the Wilmington Shirt Factory, No 27 Market street, J. Elsbach, Prop.

The boring for the artesian well at Hilton, by the Clarendon Water Works Company may hardly be considered as fairly under way as yet. The bore is as yet only about 30 feet deep and is now in the midst of the limestone formation, which is the strata which underlies our sandhills.

City Court.
Before the Mayor this morning Mary Haight was charged with disorderly conduct. She was fined \$20 or 30 days.

Abraham Watson, Ephraim Hurst and William Gilyard, all colored, charged with the outrage on young Swift Boatwright, on Monday last, were each sent on for trial at the next term of the Criminal Court.

Failing to give bond in the sum of \$100 each they were turned over to the Sheriff and by him committed to jail. All of the others of the gang, who had been arrested on suspicion were discharged.

The result of the railroad election will be decided to-morrow and the indications now are that both subscriptions will be voted by handsome majorities. To do this, however, it is necessary for the friends of the measures to rally to their support.

McIntyre and Heath.

This splendid troupe of real artists will appear at the Opera House in this city on Saturday night and also in a matinee on Saturday afternoon.

The Asheville Citizen says of them: This company afforded a large audience some fine fun Friday night. The usual features of negro minstrelsy, singing and dancing, were presented, but unusually well presented. Messrs. Heath, McIntyre, Buckley, Stewart, Sinclair, Morris, and Belknap were exceptionally good. The aerobicic feats were fairly good, but the Little Ah Sid, a diminutive sure enough negro, was very good. Altogether it was a very pleasing minstrel performance, and merits the applause it has received.

Col. Rowland at Home.

Hon. Alfred Rowland, Representative in Congress from this district, is at his home in Lumberton, called there, we regret to learn, by severe sickness in his family. The Robsonian says:

This distinguished gentleman, who for the past three months has been faithfully looking after the interests of his constituents in Congress, was summoned last week to the bedside of his only son, who is extremely ill. In his own person, and in his family, Col. Rowland has experienced an amount of sickness that few men in the Providence of God are called to endure. His two oldest children, the elder a most beautiful girl, and the latter a bright boy, both suffer from rheumatism, while to the latter is added diabetes in a most aggravated form. But like the true man that he is, he stands it nobly, and has a kind word for all his friends and acquaintances. Such men are the salt of the earth.

Remember if you do not vote to-morrow your failure to do so will count against subscription.

More Light.

The most essential thing to a buyer of clothing is plenty of light, so so that he may see what he is buying. The immense stores of S. H. Fishplate are the best lighted, by day or night, of any in the city. He keeps that class of goods that stand inspection with plenty of light. No Cheap John, shoddy, or moth-eaten goods in his establishment to palm off on the public. As regards Mr. Fishplate's prices and the quality of his goods, he guarantees to give you perfect satisfaction or cheerfully refund you your money. That is the kind of a house to trade with and we advise all of our readers in want of Custom or Ready Made Tailor Made Clothing or Furnishing Goods to patronize him and you will never regret it.

The railroad issues will be decided at the polls tomorrow. Let every voter cast his ballot.

Hip, Hip, Hurray!

The British ship *Etta*, cleared by Messrs Alex. Sprunt & Son for Liverpool, with 4,020 bales cotton, weighing 1,894,516 lbs and valued at \$194,200, crossed the bar at Southport to-day, drawing 18 feet 10 inches, without accident and is now safely anchored outside the bar. The captain telegraphs that he will proceed to sea to-morrow, March 1st. This cargo is beyond doubt the largest and most valuable ever taken out of Wilmington by a sailing vessel, and we are informed that the *Etta's* draft of water is the deepest ever taken over the bar.

This is just splendid. It is but two inches short of 19 feet of water. We can well remember, and that since the war, when 12½ feet, on a full flood tide, was the best water we had. The gain has been 6½ feet and perhaps in twelve months we may be able to chronicle 20 feet of water on the bar.

What we want now to back up this increased depth of water on the bar is more railroad facilities, and these are evidently on the way here.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eyes in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

The Railroad Meeting.

The railroad meeting at the Opera House last night was well attended and a great deal of interest was manifested in the subjects under discussion by those who were present. Mr. J. H. Currie called the meeting to order and on his motion Mr. W. A. French was called to the Chair and Messrs. D. G. Worth, Jno. D. Taylor, S. H. Manning, Wm. H. Sprunt, F. W. Kerehner, E. G. Barker and F. B. Rice were elected Vice Presidents, and Messrs F. W. Kerehner, J. R. Turrentine, S. H. Manning and Pembroke Jones were chosen as a Committee on resolutions. The representatives of the press who were present were requested to act as Secretaries.

Then A. M. Waddell was then presented by Mr. Currie and the distinguished gentlemen made a clear, plain and practical exposition of the reasons why the voters of Wilmington should go to the polls tomorrow and vote solidly in favor of the subscription of both roads. We would be glad to report his remarks at length but the want of space for bids this.

At the conclusion of Col. Waddell's speech, Col. Roger Moore spoke briefly and to the point in favor of the subscriptions proposed.

The following resolution, introduced by Col. Kerehner, was adopted:

Resolved, By the citizens of Wilmington, in mass meeting assembled, that it will be greatly to the commercial interests of the people of Wilmington that the subscription asked for to the C. F. & Y. V. R. R. and the W. O. & E. C. R. R. should be made, and we urge every voter of the city to cast his suffrage therefor.

Gen. Manning spoke in favor of subscription and he was followed by John Holloway, Valentine Howe and Geo. W. Price, also in its favor. Mr. Jno. H. Currie was the last speaker and he spoke at some length in warm and earnest advocacy of the pending measures.

The chairman was requested to announce that meetings in favor of subscription would be held to-night at Mt. Zion Church in the First Ward and at the corner of Fifth and Castle streets in the Fifth Ward. The meeting then adjourned.

The Committee to the Party.

RALPH, N. C., Feb. 25th, '88.
To the Democratic Party in North Carolina:

At a meeting of the Democratic State Executive Committee held in this city, on the 23d of February, instant, it was resolved that the Democratic State Convention be held in the city of Raleigh on Thursday, the 30th day of May, 1888.

The said Convention will be held for the nomination of candidates for the offices of Governor, Lieutenant-Governor, Secretary of State, Auditor, Treasurer, Superintendent of Public Instruction, Attorney-General, three Justices of the Supreme Court—one for the vacancy now filled by appointment of the Governor, and two to take their seats in case the number of Justices shall be increased by the vote of the people—and of two Electors for the State at large, and for the election of Delegates and alternate Delegates to the Democratic National Convention to be held in the city of St. Louis on the 5th day of June next. Also, for the adoption of a platform of principles and the transaction of such other business as may come before it.

It will be observed that the State Convention is to be held earlier this year than usual. This was necessary in order that the delegates to the National Convention, to be held the week after, may be selected. The National Convention is called earlier than usual in order that the party may be better organized and a more thorough campaign made in behalf of its nominees and its great principles. The same advantage attends the earlier meeting of our State Convention and nomination of its candidates.

The State committee respectfully urge upon the county committees throughout the State to take early action for the call of their county conventions, in accordance with the plan of organization which is published with this address, giving full notice of meetings in the different townships, so that primaries may be fairly held and fully attended. Thus the fairness of all nominations and other business done may be universally conceded. It is obviously important that every county shall be represented in the State Convention by one or more of its own citizens, but if for any reason one cannot attend, provision has been made for the representation of the county by any person appointed by the chairman of the county convention, or in case his failure to appoint, by one appointed by its secretary. For purposes of efficient organization it is desirable that all vacancies in the different committees be filled at once by active and zealous men. At the recent meeting of the State

committee it was made my duty to call special attention of the chairman of county and Congressional executive committees to the necessity of immediate steps to provide for the election of delegates to the National Convention from the different districts. If it shall seem impracticable to call conventions to meet in some of the districts for this purpose, it is suggested that the end may be effected by authorizing delegates to the State Convention from such districts to meet in Raleigh on or about the 30th of May in district conventions and elect delegates to represent the districts at St. Louis.

We have reasons to know that our adversaries will make desperate efforts this year to restore the State to Radical rule with all its attendant evils. Let true men and good democrats attend the conventions of our party, resolved to present for the suffrages of the people men of character, integrity and recognized fitness for the offices to which they are nominated, and only such, and the continued supremacy of the white race, which is synonymous in North Carolina with the supremacy of the Democratic party, will be assured for another term of years.

For the committee,
R. H. BATTLE, Chm'n.
B. C. BECKWITH, Sec'y.
