He began by experimenting on him. self and the wonderful facility with the lid of his own coffin has caused considerable comment. It is generally thought that his speech in concerned. The Washington corbranch of Congress will talk about him as a possible candidate to-day. His speech of yesterday, in which he levelled his bitterest invective against the President, Gen. McClellan and Gen. Hancock, and practically accused the whole Southern people of continued disloyalty, is regarded as an indication from Mr. Ingalls of his indifference to a Presidential nomination. The Democrats are generally delighted with the speech. Some of the more dignified of them are disposed to hope that more speeches of the same sort may be made by the Republicans of the Senate and the House, for the reason that such speeches, in their estimation, will not only render it impossible for the Republicans to make gains in the South, but will disgust conservative and decent men everywhere in the country." Not many people are aware of the fact that there is a large amount of money in the Treasury of the United States which really belongs to the people of the South. It is the proceeds of "captured and abandoned property," taken for the most part immediately after the war, as the property of those who had refugeed from districts of country threatened by the enemy. Gentlemen-Seven years ago a sore devel-oped on my nose from a finger nail scratch. I tried a few simple remedies, but the sore would not yield. I grew worse every year for seven years. Many thought I had a canfor seven years. Many thought I had a caneer. Over a year ago I commenced taking

SPARTANEURS, S. C., April 2, 18 7.

Gentlemen—For twenty years I have had a sore on my left cheek. It had gradually been growing worse. The many physicians whom I had consulted were unable to do me any good. Last fall a year ago I began using S. S. S. At first it inflamed the sore, and it became more virulent than ever; so much so, indeed, that my family insisted that I should leave off the medicine. I persisted in using the S. S. S. At the end of two months the sore was entirely healed. Thinking that the evil was out of my constitution. I left off the medicine; but in November, ten months after, a very slight breaking out appeared. I at once began again on S. S. S. and now that is also disappearing. I have every faith in S. S. S. It has done me mere good than all the doctors and other medicines I ever took. cines I ever tools. Yours truly,

The cancer has entirely disappeared, there being no evidence or symptom of a cancerous character left. My general health is good now, and my appetite better than it has been in years. I am 82 years old, and to-day I am working in the field planting corn. Yours truly, Jonas Limebach. Gentlemen-I had a sore on my upper lip Gentlemen—I had a sore on my upper lip-for eight years. Seven different doctors at-tempted in vain to heal it. One gave me a small vial for five dollars, which was a "cer-tain cure." It is needless to say that it did me no good. About two years ago I became quite uneasy, as people thought I had a can-cer, and I took a course of eighteen bottles of S. S. S. The result has been a complete cure. The ulcer or cancer healed beautiful-ly, leaving scarcely a perceptible scar.
