The cabinet organ was introduced in it nt form by Mason & Hamlin in 1861 .other makers followed in the manfacture of hese instruments, but the Mason & Hamlin Organs have always maintained their supremach as the best in the world.

Mason & Hamilin offer, as demonstration of | ment, the unequalled excellence of their organs, the fact than at all the great World's Exhibitions, since that of Paris, 1867, in competition with best makers of all countries, they have invariably taken the highest bonors. Illustrated catalogues free.

#### PIANOS GRAND & UPRIGHT.

Mason & Hamlin do not hesitate to make the extraordinary claim for their planes, that they are superior to all others. They recog-nize the high excellence achieved by other leading makers in the art of plane building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "Mason & Hamlin Piano Stringer," by the use of which is secured the greatest possible purity and refinement of tone, fogether with greatly increased capacity for standing in tune, and other important advantages.

A circular, containing testimonials from three hundred purchasers, musicians and tuners, sent, together with descriptive catalogue, to any applicant.

JOSH. T. JAMES, Editor & Prop'r. WILMINGTON, N. C.

TUESDAY, APRIL 17, 1888.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

It is a remarkable fact that Iowa, one of the strongest Republican States in the Union, has had a Demperatic United States District Judge ever since the organization of the Republican party. James M. Lovewho is still upon the Bench, was appointed to the position by President Pierce in February, 1856, and has thus completed thirty two years of service. Long, however, as has been his career, Judge Love is ciary in length of service. In February, 1851, President Fillmore ap-California, then just admitted into the Union as a State. Mr. Hoffman was then but 28 years old, and, after a service of thirty-seven years, he is now less than 66 years old. This record is probably without a precedent in the judicial annals of the nation.

the situation of the great German lin. love match: "There are three Victorias of three successive generations thus named troubling Europe just now. There is Victoria, Queen of England and Empress of India, who is about to enter on the 70th year of her age. There is her daugh ter Victoria, the Empress of Germany, who is 48 years old. There is this last-named Victoria's youthful daughter, Princess Victoria, whose mother is an Empress, and whose two grandmothers are an Empress and an ex-Empress. These three Victorias have made up their minds that the Princess Victoria shall wed Republican. the Prince of Battenberg. They are determined to break down every barrier that can be raised against the match. The Czar of Russia may dislike it, the mighty Bismarck disapprove of it, and the powerful classes of Germany stand out against it; but the three Victorias are not to be outwitted or controlled in the matter. Their purpose is fixed, and each of them is possessed of a strong will in pursuit of it. Questions of State policy may be thrust aside in the Court of love, and the peace of nations may be imperilled for the sake of a happy match. It was evident from the first that the three Victorias would carry the day. The Prince of Battenberg has won the support of the ekiest of them and her daughter, both Empresses, and he has won the heart of the youngest of them. Such a combination, who can resist?"

During the next fortnight the friends of the candidates ought to be at work doing what they can to make their favorite the favorite of their township, so that when the township meetings are held the battle will be fought out at home. After the townships select their delegates the matter has passed beyond the control of the people. It then becomes a matter for the delegates. If the people are indifferent; if they have no choice; if they do not care who are to be the nominees, then the delegates may well consult their own views of what the occasion requires; but if the people favor any particular man they ought to express themselves at the township

# The Unly Remedy

## Contagious Blood Poison.

Mr. D. B. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me Col. B. H. Kieser, editor and proprietor of the Opelika, Ala., Times, under date of August 3, 1887, writes: "When I was

a young man, through indiscretion, I cona young man, through indiscretion, I contracted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if here was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I walked the seven miles and have never felt any return of the old malady. After experiencing the good effects I must say I am satisfied with the result. I am sixty-eight years of age and I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any incon-venience. I send you this without solicita-

Mr. F. Woehl, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I re-ceived from your excellent medicine. I contracted a very severe case of blood poison ing about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and despaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He re-luctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank

you again for the benefit derived from your medicine."
Dr. J. N. Cheney, a prominent physician, residing in Ellaville, Schley County, Georgia, in a letter recounting the infallible success he has in curing contagious blood poison cases in his extensive practice, writes: "Those who know the almost inevitable, permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder." Treatise on Blood and Skin Diseases mailed
