MASON & HAMLIN ORGANS. \$22 TO \$900.

The cabinet organ was introduced in its sent form by Mason & Hamlin in 1861.ther makers followed in the manfacture of hese instruments, but the Mason & Hamlin Organs have always maintained their suprenach as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact than at all the great World's Exhibitions, since that of Paris, 1867, in competition with best makers of all countries, they have invariably taken the highest honors. Illustrated out the following manifesto:

PIANOS. GRAND & UPRIGHT.

Mason & Hamlin do not hesitate to make the extraordinary claim for their planes, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building. but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "Mason & Hamlin Plano Stringer," by he use of which is secured the greatest pospurity and refinement of tone, together with greatly increased capacity for standing In tune, and other important advantages. A circular, containing testimonials from

three hundred purchasers, musicians and tuners, sent, together with descriptive catague, to any applicant. Planos and Organs sold for cash or casy pay-

The Daily Review

JOSH. T. JAMES, Editor & Prop'r.

WILMINGTON, N. C. ATHURSDAY, APRIL 19, 1888.

Entered at the Postoffice at Wilmington, N.C. as second-class matter.

Dr. Hammond's assertion that no man need to die if he only knew the laws of life, and obeyed them, gets considerable comfort from recent English statistics. Noel Humphreys, in 1883, showed that the reduction of the mean death rate from a little over 22 to about 20 per 1,000, meant an addition of two years to the mean duration of life of every male, and of three and a half years to that of every female. The farther death rate reduction to 19.3, which has been achieved since 1884, means an' other proportionate increase of the duration of lives. From 1840-1850 the death rate of Liverpool was 36 per 1.000. It is now 23.7 per 1,000. This is due to the application of sanitary science. That is, there are about 4,000 persons alive now, who, under the death rate of 1850, should be in their graves. The health-saving is even greater. The savings of a mometary sort are over \$3,000,000. The latest British iroaclad, the

dockyard, is the most powerful ship of war ever constructed in England, if not in all the world. The only others comparable with it are the British ship Trafalgar, built from nearly the same plans, and the Italian Doria, Lauria and Morosini, and these are not superior to it, unless possibly in speed, a point yet to be determined. The Nile may be briefly described as a twin screw steamer, 345 feet long and 73 broad and of 271 feet draught. Her displacement is 11,940 tons and her indicated horse Croup, and all throat and lung diseases power 12,000. It is expected that she will steam nineteen miles an orge size \$1 Every bottle warranted. hour, and her 900 tons of coal will take her 6,000 miles at more than half speed. Her external steel armor is from fourteen to twenty inches in thickness. Her offensive weapons comprise four sixty-seven ton guns in turrets, eight five inch in the box battery, and six thirtysix pounder and eight six-pounder quick-firing guns. There will also be eight torpedo tubes, for each of which three Whitehead torpedoes will be carried. She is divided into 120 water-tight compartments, and her pumps have a capacity of 3,000 troit, 1500 at Philadelphia, large classes of tons an hour. She can discharge simultaneously 5,649 pounds of shot, including four missiles of 1,250 pounds each. Finally, her total cost expensive ship ever built. It is an interesting circumstance that the launching of this huge fighting ma chine has left not another warship on the ways in any British yard, a state of affairs not seen before by this generation.

> Another attempt is being made to revive the old Know-Nothing party. An assemblage which calls itself the 'American Alliance" was in session at Philadelphia on Monday and put

> The American Alliance to-day iscued a circular to the American voters of the United States, in which it states its purpose of reform in the methods of American politics as fol-

"The repeal of the naturalization

"The restriction of undesirable immigration.

The amendment of the Constitution of the United States restricting the elective franchise to twenty-one years of naturalization.

"To forbid and prevent the forming of political organizations composed exclusively of foreign-born residents to interfere in the political THE REGULAR ANNUAL MEETING OF affairs of this country.

"The American Alliance does not call in question the religious opinions or principles of any citizen, and American citizens, without regard the loth day of May proximo.

JNO. H. SHARP, ted to unite with us in this move-

"The National Committee hereby announce that a National Conference will be held on the 23d day of the Presidential election of 1888. All councils of the order have been dilling ventilation, the roof and many items of each Congressional district of their ten cents (postal stamps). Address respective States to compose this National Conference.

"Charters for new councils will be granted free of expense to all American-born citizens on application to the Secretary signed by three persons 21 years of age.

"The office of the Secretary of the National Committee will, until fur-ther notice, be at No. 703 Walnut LIFE, the grea all correspondence should be ad-

A school teacher recently asked her class the question: "What is a pilot?" The smart boy answered: It is a lot where they grow pieplant," and was sent to the foot of

Grandma (coming in unexpectedly)-Why, Tommy, what have you been doing to Poll? She looks as if she'd had a conniption fit! Tommy -Poll said something about wanting me to crack her, and I did.

"Will you love me when I'm old?" sang the ancient soubrette. "Ho old?" came a shrill voice from the gallery. The singer did not reply, but the audience smiled when the curtain dropped, showing a century plant in full bloom.

Merchant (buying a bill of goods of a Chicago drummer)-What is your usual time, thirty days? Chicago drummer (absent mindedly) Yes; or \$10. I always pay the fineoh-er-I beg pardon; yes, thirty days, Nile, just launched at Pembroke or 2 per cent off for cash.

When yesterday I asked you, love One little word to say, Your brother interrupted us; So please say yes-terday.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at W H. Green & Co's. Drug Store as their giving away to their customers of so many tree triat bottles of Dr King's New Discovery for Consumption Their trade is simply enormous in this very valuable article from the fact that is always cores and never disappoints Coughs Colds, Asthma, Bronchitis, quickly cared. You can test it before having by gotting a trial bottle free.

Were all wise enough to heed this advice in season, a world of suffering would be avoided. The best months in which to take Hood's Sarsaparilla, the great blood purifier, are

March April May

At no other season is the body so much in need of, or so susceptible to the benefit to be derived from Hood's Sarsaparilla, as now. The impoverished condition of the blood, the weakening effects of the long, cold winter, the lost appetite, and that tired feeling, all make a good spring medicine absolutely necessary. Try Hood's Sarsaparilla and you will be convinced that it is the ideal spring medicine.

Hood's Sarsaparilla Sold by all druggists. \$1; six for \$5. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass.

Contagious Blood Poison.

Mr. D. B. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well.' Col. B. H. Kieser, editor and proprietor of the Opelika, Ala., Times, under date of August 3, 1887, writes: "When I was a young man, through indiscretion, I contracted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having make it difficult for me to waik. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I walked the seven miles and have never felt any return of the left walker. of the old malady. After experiencing the good effects I must say I am satisfied with the result. I am sixty-eight years of age and

I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any incon-venience. I send you this without solicita-Mr. F. Woehl, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poisoning about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his staff a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and despaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank you again for the benefit derived from your medicine."

Dr. J. N. Cheney, a prominent physician, residing in Ellaville, Schley County, Georgia, in a letter recounting the infallible success he has in curing contagious blood poison verifies. cases in his extensive practice, writes "Those who know the almost inevitable permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder."
