teresting and Outspoken Letter.

The Rov. B. Mills is a Presbyterian elergyman and Doctor of Divinity, whose station is at leads Centre, Kan. He is an earnest preacher, a faithful pastor and a man who has the courage of his convictions. Some time since he made a statement which appeared in the public prints. and which, as all outspoken statements do, ocasioned much comment. Many letters were which Rev. Dr. Mills replied:

"Your favor with the inclosed stip is at hand The facts are these. My wife was an invalid for several years and, on our physician's recommendation, used a certain preparation with very great benefit. I received a letter inquiring as to | will be the date of the second uni-Its effects, to which I replied as follows: 'I am a Presbyterian clergyman, a Doctor of Divinity. not of medicine, but I am not afraid to say that Duffy's Formula and Duffy's Pure Malt Whiskey are the purest and most effective preparations | ly uniting for thirty minutes (the as medicines, I know of, and my experience is a large one.' I am a temperance man and never used and never would advise any man or woman to use any intoxicant as a beverage. My recommendation of Duffy's Formula and Whiskey was
made after a thorough knowledge of their great
value as medicines. The statement was made
deliberately and based upon facts, and I do not
heditate to stand by it. The many temperance

nen who have written me on this subject do not seem to realize that I was a temperance man, a many cases, before they were bern."

The above correspondence speaks for itself. It hows that an earnest, honest, orthodox minister, who desires the greatest physical as well as written well-being of the world, does not hestate to declare the truth about what he has ound to be pure, valuable and good. The world rould certainly be far better if there were more uch conscientious, honest and able men.

Mr. E. D. Jongh, of Portland, Or egon, writes as follows to the St Louis Globe-Democrat: "You are fressed to him upon the subject, to one of requested to publish, as a matter of special interest to religious circles and of general interest to all metaphysicians and moral philosophers, that the 27th of this month (May) versal or whole-world soul communion, occurring on Sunday. The observance will be by all simuitaneous exact time now being well understood in all the national capitals) in silently concentrating their thoughts in invoking universal peace and lift your hat or kiss me." "Why higher spiritual light. It will be the tenth in order of the monthly wholeworld soul communion observances. Monthly universal soul communion was instituted on the 27th of August. 1887, and the regular participants, it is estimated, (including all faiths and shades of opinion,) now number over 1,000,000, and there is an increase of thousands monthly."

> The British Medical Journal contains a full and scientific account of a remarkable operation recently performed by Dr. Gersung, of Vienna, being the transplantation of a nerve from a rabbit to a man. The patient is Prof. von Fleischl, a distinguished physiologist of the University of Vienna. Sixteen years ago he was poisoned by a cut during a post-mortem. His thumb had to be amputated, a disease of the nerve intervened, and after some years the whole system of nerves of the thumb and two first fingers were affected and became very painful. Gersung's operation consisted in taking as long a piece as possible of the sciatic nerve from a rabbit, of an entirely we which was still palpitating, and inmeters of the diseased median nerve cut from Fleischl's hand. For a few hours there was great pain. This then entirely subsided and healing began. Two months have now elapsed, and the pain has not returned. The success is believed to be permanent.

> > The announcement by the Mexican war Jepartment to its border garrisons that hereafter death will be the punishment inflicted for crossing the United States frontier armed and interfering with our authorities and laws will be likely to put an end to affairs like those of Nogales and Eagle Pass. In the former the guilty officers were condemned to death by court martial, and American intercession was made for them in the latter the guilty were sentenced to ten years' imprisonment. Severe as is the punishment now re solved upon, it is clear that the of fense is not only one of the greatest that can be committed, but partioularly to be guarded against, because it imperils international relations. It happened in both the cases spo ken of that the invading parties, consisting of four or five officers and men each, were handled a good deal more roughly than those whom they attacked; but had the result been different, and an American citizen killed, there might have been a rush of the angry border population to the Mexican town of Nogales or across the river to Piedras Negras. The Mexican Government does not propose to run such risks, and hence the penalty it announces for this

CURE OF

Judge T. C. McLendon writes to the Swift Specific Co., Atlanta, Ga., under date of February 14, 1888: " About three years ago, Jerry Bradley, a colored man, had a cancerous sore on his face, near the right eye. It caused him a great deal of pain, and he lost the sight of the eye, but was finally cured of the cancer by the use of Swift's Specific. This case is well known in Wilkes Co., Ga, where he lived (near Danbury), and of this case, I, myself, had personal knowledge." Mr. L. Cox, of Arkabutla, Tate Co., Miss.

writes, February 24, 1888 : "I suffered a great deal from old uleers for six years. Your medicine was recommended to me, and after using six bottles, I was completely cured, I never saw its equal as a Blood Purifier. My neighbors will use no other. Your medicine does even more than you claim for it. I have known it to cure cases which were thought to be hopeless. It is the best medicine made,"

Mrs. A. M. Goldsmith, No. 674 Warren St., Brooklyn, N. Y., writes, February 23, 1888: "I commenced using S. S. S. about three years ago. I had suffered with a sore throat for over a year, when I commenced using your remedy. I used a great many other remedles with no good results. My little girl, also, had sore fingers; it commenced from the quick, and then the nails would come off. We doctored her for over two years, and when I commenced using S. S. S. I thought I would see what it would do for her. I am thankful to say that it entirely cured her. It is the best remedy I know of for the blood. I really believe it was the means of saving my life. The doctor told me I had a throat disease similar to General Grant's. I cheerfully recommend it to all suffering from disordered blood. I use it now as a tonic when ever I think I need it."

Mr. B. F. George, Milford P. O., Ellis Co., Texas, writes: "I had a cancerous wart or mole on my eyelid, as large as the end of my thumb, which had the appearance of cancer, causing me much pain and inflammation, from which I suffered a long time. Seeing the S. S. S. advertised I commenced using it. and after the use of a few bottles the sore dropped out, my cancer was gone, and I was entirely relieved." Mr. G. W. Pettis, of Aikin, S. C., writes: "I

was a sufferer from cancer of the breast, and had been under the treatment of three physicians, but it did me no good. It was so bad that I had to stop work. After taking course of S. S. S. I was entirely cured. Treatise on Blood and Skin Diseases malle THE SWIFT SPECIFIC Co., Drawer 3, Atlanta, Ga. nov 26 law lydo
