the world" has been completed at Baltimore after ten years of continnone work. It will be opened with formal ceremonies next autumn. It bears the name of Johns Hepkins. To the hospital he left thirteen acres of ground on Broadway, stocks and bonds to the market value of \$2,000, 000 and real and leasehold property, me." mostly stores, warehouses and commercial buildings, worth about \$1,-400,000 more. The buildings are twenty-three in number, and as they stand on three of the most elevated squares in Baltimore, being 115 feet above tidewater, they are conspicuous from every outlook in the city. From the main building, whose dome rises 200 feet above the ground, there is a superb view of all Baltimore and its surroundings.

The various reports made to the Methodist Episcopal General Conference and the Presbyterian Assemblies, together with the founding of a great University by the Roman Catholies at Washington, do not indicate that the people of this country are growing indifferent in respect of religion. It appears from the address of Bishop Merrill to the Methodist Conference that, since the last Conference was held, the membership of the Church has increased from 1,769,534 to 2,093,935; that the Church has now 12 theological seminaries, 54 colleges and 154 academies for the education of candidates for the ministry. The value of this school property is estimated at over \$25,000. The magnitude of the missionary work done by the Methodist Church may be inferred from the statement that \$1,200,000 are annually spent upon it. There are now 111 conferences under the control of the American Church.

Dr. Krause, who failed to get to would not pretend to be a Moham medan, distinguished himself on that journey by making the cheapest trip on record. He set out from Acera on the Gold Coast with a capital of exactly \$27.50, travelled north to within a short distance of Timbuctoo, and wended his way back to the coast, happy in the fact that he had found a fever plant that kept him in good health after his quinine gave out. He journeyed alone, had no weapon of any sort, begged his way or exchanged medical services for food and shelter, and actually travelled about 2,000 miles, much of it through unknown country. It has been supposed that Africa was a poor place for tramps, but the exploit of Dr. Krause, who, by the way, is a very competent explorer, may be commended to the attention of any of the brotherhood who find the pickings poor at home.

The Supreme Court Justices are mapping out their summer work. the Court having taken its usual long recess until fall. The Justices will, as a rule, go on circuit during the summer, but as it is not requir. ed that they shall sit on direuit every year some of them will go on vacation while the others do the work. On the death of Chief Justice Waite Justice Harlan was assigned to the 4th and 7th circuits, in place of the 5th circuit, to which Justice Lamar succeeds. Justice Harlan will take a rest this summer. Justice Miller will sit in the 8th circuit, which includes several Western and Northwestern States. Justices Blatchford and Gray will make a tour of their circuits, that comprise the New England States and New York, and Justice Field will assist the Circuit Judges in holding Court in the Pacific coast States. The new Justice, Mr. Lamar, has a large circuit, embracing the States of Georgia, Florida, Alabama, Mississippi Louisiana and Texas. Justice Matthews TEY THE CURE. HAY-FEVER work or play during the summer, but as he went to Europe on his wedding tour during the last prolonged recess, it is probable that he will be seen in his circuit, which embraces the States of Ohio. Michigan, Keniucky and Tennessee. Instice Bradley will not sit, as he thinks a vacation necessary to his health.

"You have a very sour look this morning," remarked a cucumber to his neighbor, a dyspeptic strawberry. Yes," was the tart reply; "one is necessarily unpleasantly affected when compelled to associate with such a seedy party as you are." "Cauliflower by any other name 'twill smell as sweet," shouted an onion near by, with a peel of laughter. - New York Sun.

You Who Lead Sedentary Lives

will find great relief from constipa tion, headache and nervousness, by taking Simmons Liver Regulator. It is a simple, harmless, vegetable compound, sure to relieve you. Persons of sedentary habits often suffer with kidney affections. If they would maintain the strength of the digestive organs and improve the quality of the blood by taking the Regulator Timbucto last year because he it would restore the kidneys to health

Were all wise enough to heed this advice in season, a world of suffering would be avoided. The best months in which to take Hood's Sarsaparilla, the great blood purifier, are

March Apri

At no other season is the body so much in need of, or so susceptible to the benefit to be derived from Hood's Sarsaparilla, as now. The impoverished condition of the blood, the weakening effects of the long, cold winter, the lost appetite, and that tired feeling, all make a good spring medicine absolutely necessary. Try Hood's Sarsaparilla and you will be convinced that it is the ideal spring medicine.

CURE OF

Judge T. C. McLendon writes to the Swift Specific Co., Atlanta, Ga., under date of February 14, 1888: "About three years ago, Jerry Bradley, a colored man, had a cancerous sore on his face, near the right eye. It caused him a great deal of pain, and he lost the sight of the eye, but was finally cured of the cancer by the use of Swift's Specific. This case is well known in Wilkes Co., Ga, where he lived (near Danbury), and of this case, I, myself, had personal knowledge."

Mr. L. Cox, of Arkabutla, Tate Co., Miss. writes, February 24, 1888 : "I suffered a great deal from old ulcers for six years. Your med icine was recommended to me, and after using six bottles, I was completely cured. I never saw its equal as a Blood Purifier. My neighbors will use no other. Your medicine does even more than you claim for it. I have known it to cure cases which were thought to be hopeless. It is the best medicine made."

Mrs. A. M. Goldsmith, No. 674 Warren St., Brooklyn, N. Y., writes, February 22, 1888 : "I commenced using S. S. S. about three years ago. I had suffered with a sore throat for over a year, when I commenced using your remedy: I used a great many other remedies with no good results. My little girl, also, had sore fingers; it commenced from the quick, and then the nails would come off. We doctored her for over two years, and when I commenced using S. S. S. I thought I would see what it would do for her. I am thankful to say that it entirely cured her. It is the best remedy I know of for the blood. I really believe it was the means of saving my life. The doctor told me I had a throat disease similar to General Grant's. I cheerfully recommend it to all suffering from dis ordered blood. I use it now as a tonic whenever I think I need it."

Mr. B. F. George, Milford P. O., Ellis Co., Texas, writes: "I had a cancerous wart or mole on my eyelid, as large as the end of my thumb, which had the appearance of cancer, causing me much pain and inflammation, from which I suffered a long time. Seeing the S. S. S. advertised I commenced using it, and after the use of a few bottles the sore dropped out, my cancer was gone, and I was

Mr. G. W. Pettis, of Aikin, S. C., writes: "I was a sufferer from cancer of the breast, and had been under the treatment of three physicians, but it did me no good. It was so bad that I had to stop work. After taking a course of S. S. S. I was entirely cured." Treatise on Blood and Skin Diseases mailed THE SWIFT SPECIFIC Co., Drawer 3, Atlanta, Ga.
