Pender County's Appreciation of the Gallant Stedman.

BURGAW, N. C., June 4, 1888.

Hon. C. M. Stedman: DEAR SIR—The undersigned, who represented Pender county at the recent Democratic State Convention, after due consultation with our Democratic brethren in the county, are instructed to invite you to accept the compliment of a public dinner to be given to you at Burgaw at such an early day as may suit your convenience.

The Democracy of Pender is prompted to this spontaneous movement not alone because of their appreciation of your high character as a gentleman, North Carolinian, and a statesman of broad and comprehensive views, but because of your noble record in the manly, high-toned and chivalrous contest you made for the nomination for Governor. In this contest, as in your whole public life, you have occupied an elevated plane of motive and purpose, as well as of ways and means of success, and your ennobling example and conduct remains not alone as a proud inheritance to your hosts of friends in all the counties, but as a needed incentive to those who would place contests for political preferment, in our State, upon higher and more patriotic grounds than those which so unjustly contributed to your defeat at Raleigh. In war, as in peace, your exultation is not only unblemished but invites, by its brilliancy, the admiration of every North Carolinian who cherishes the bravery and heroism of our soldiers in the late war, or honors those commanding personal traits, private virtues, and high executive abilities, that combine in you as the eloquent champion of the rights and interests of the people of our State.

In this connection it is appropriate to say that, though defeated at Raleigh, a fair interpretation of public sentiment places you in the front ranks of the foremost leaders of the Democratic party of our noble old State.

And let us assure you that your friends will stand by you in the future, as in the past, assured that the highest honors of North Carolina yet await you.

We beg you to believe that this letter is no empty compliment but an earnest and sincere expression of the views and attachment of your admiring friends.

Please say, in your reply, that you will meet your friends of Pender and invited guests of other counties, around the festive board, where they can re-assure you of their continued high appreciation and devotion.

Very truly, your friends,  
W. T. ENNETT,  
G. F. LUCAS,  
G. A. RAMSAY,  
BRUCE WILLIAMS,  
A. C. WARD,  
S. S. SATCHWELL.

MAJOR STEDMAN'S REPLY.  
WILMINGTON, N. C., June 6th.  
Messrs W. T. Ennett, Geo. F. Lucas and Others—Committee.

GENTLEMEN:—Your letter of the 4th instant, tendering me on behalf of the Democrats of Pender County the compliment of a public dinner, was received to-day. It has been seldom the fortune of any man in North Carolina to hold and enjoy for so long a time during the changing fortunes of political life the undivided confidence and support of the people of any county in the State. I have ever received affection and kindness from the people of your county. Whatever internal discussions may have existed amongst them, they have ever united to a man in my behalf. In a contest for offices of high distinction, to have twice received not only the unanimous endorsement of your county convention but also every vote cast in your primaries might well gratefully any man. I have never given your people ought in return but sincere regard and affection and an honest endeavor to do so in private and public life as to merit somewhat the kindness they have shown me. You are good enough in your letter to allude to the fact that I have never sought by any but proper methods to win the political fights in which I have been engaged. This statement whilst very kind to me is nevertheless true. I have never served the Democratic party with the hope of reward and whilst the natural course of events has brought me into some very sharp conflicts, no defeat could ever possibly affect my relations personally towards those who differed from me or impair my political integrity. Whatever fortune may betide me in life, my thoughts will ever recur with grateful remembrance to the brave and gallant people of your county.

As to the influence brought to bear at Raleigh to effect my defeat for the nomination for Governor and to which you have alluded it is unnecessary here to speak. The principles of our great party will long survive the actors in that scene.

Whilst appreciating fully the kindness intended to me by a public dinner, it seems to me that such a gathering at this season of the year would take your people from their agricultural pursuits. I think it therefore best to forego the present great pleasure it would give me to meet my friends of Pender upon an occasion which would otherwise give me genuine satisfaction.

Later on I trust I may have an opportunity to return them my thanks in person and address them upon the political issues of the day.

With assurances of high personal regard for each one of you and a full appreciation of the terms in which your letter is expressed and the sentiments therein conveyed.

I am, very truly yours,  
CHAS. M. STEDMAN.

Extended observations at Paris and at Munich indicate that the sanitary condition of a locality depends on the amount of water contained in the ground. The years in which there has been a large quantity of ground water present have invariably been the healthiest, while those in which there has been a smaller quantity have invariably been the unhealthiest.

Heavy machinery is now run by Artesian well power in many parts of France, and the experience of the French shows that the deeper the well the greater the pressure and the higher the temperature. The famous Grenelle well, sunk to the depth of 1,800 feet, an flowing daily some 500,000 gallons, has a pressure of some sixty pounds to the square inch, the water being also so hot that it is used for heating the hospitals.

According to Prof. Sargent, the strongest wood in the United States is that of the nutmeg hickory of the Arkansas region and the weakest the West Indian birch. The most elastic is the tamarack, the white or the shellbark hickory standing far below it. The least elastic, and the lowest in specific gravity, is the wood of the ficus aurea. The highest specific gravity, upon which in general depends value as fuel, is attained by the bluewood of Texas.

The Birmingham (Ala.) Hardware Manufacturing Company has been organized in that city with a paid up capital of \$150,000, of which a considerable portion was subscribed by New York and Connecticut capitalists. The incorporators have secured the entire line of machinery of the Birmingham Hoe and Tool Company, Birmingham, N. Y. All this machinery will be removed to Birmingham at an early date. The buildings for this important enterprise are already in course of erection.

Berlin, it seems, has gradually become the headquarters of the carved wood industry, supplanting Switzerland. Six hundred artists in wood carving, the same number of turners, and 700 carpenters are engaged in manufacturing such articles as cigar cases, newspaper and picture frames, napkin rings, &c. The value of the annual export of these articles is given as 5,000,000 marks, and this is exclusive of the costly carved wood furniture, the manufacture and export of which are assuming large proportions.

Women lawyers are becoming a power in the land. Michigan University has already sent out twenty-four young women holding the degree of LL. B. This year a young woman from the Sandwich Islands, Miss Alma Hitehook, will make the twenty-fifth. In England there is a club of woman lawyers. It is mainly a correspondence club, yearly letters from the members being printed and circulated. Mrs. Belva Lockwood and Miss Waugh, from the Law School in Chicago, are among the members. The motto of the club is: "All the allies of each."

"Can't eat a thing." Hood's Sarsaparilla is a wonderful medicine for creating an appetite, regulating digestion, and giving strength.

## Rescinded.

The Board of Managers of the Produce Exchange, at their meeting yesterday, adopted the following:

WHEREAS, It appears that the rule adopted by the Produce Exchange, March 6th, with reference to the shape of spirits turpentine casks and the kind of timber used in headings for the same, has operated to the prejudice of this market by diverting shipments to other markets; therefore, so much of this rule as applies to poplar heads is hereby rescinded.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

## Injunction Dissolved.

The injunction against the Seacoast Railway Company, restraining the company from constructing a bridge with a twenty-foot draw across the Banks Channel, from the hammocks to the beach, at Wrightsville Sound, was dissolved by Judge Boykin at Clinton last Monday. Evidence was presented showing that the Banks Channel at that point is not navigable for sea going vessels.

Tucker & Co., granite dealers and manufacturers of cemetery, monumental and building work, have located here and we welcome them to our city by the sea, trusting that their stay among us may be long, pleasant and profitable. They have secured the yard and buildings on North Front street, East side, two doors North of Mulberry, and are now prepared to receive orders for all kinds of work in their line. They invite all in need of work in their line to call upon them and examine specimens and job prices.

## Annual Meeting.

The annual meeting of the stockholders of the Wilmington Home-Steak and Loan Association took place last night at the City Hall.

President C. H. Robinson called the meeting to order and a committee, consisting of C. C. Brown, Geo. D. Parsley and H. W. Malloy, were appointed to verify proxies. They reported that a majority of the stock was represented.

After this Mr. C. C. Brown, Secretary and Treasurer, and the President, C. H. Robinson, submitted their reports, showing the prosperous condition of the Association.

The Auditing Committee, consisting of Messrs. J. C. Chase, A. D. Brown and N. Jacoby, reported that they had examined the books of the secretary and treasurer and found them neatly kept, and showing a net gain of 8 1/2 per cent. during the past year.

Mr. S. C. Weill moved that the old Board of Directors, Messrs. C. H. Robinson, L. S. Belden, J. D. Taylor, H. C. McQueen, S. VanAurige, J. C. Stevenson, F. H. Stedman, R. W. Hicks, A. David, J. D. Woody, W. R. Kenan, be elected, which was carried unanimously.

Mr. S. VanAurige moved that sections 6 and 8 of the constitution be amended so as to allow loans by the Association on property on Wrightsville Sound between the northern line of Wm. Larkins' tract, Westbrook's northern line on the south, the sound on the east, and running back 500 yards from the meanderings of the sound. This failed for want of a quorum.

The meeting then adjourned.

## Reception.

A pleasant reception was given last night by Mr. W. P. Monroe, at the residence of his father, Mr. J. W. Monroe, in honor of the reception by the former of the handsome gold medal awarded to him by Hook and Ladder Company No. 1 for promptness and fidelity during the past year. Invitations had been extended to officers and members of the Fire Department, and other friends of Mr. Monroe, and many of these were present. Mayor Fowler, Chief Oldenbottle and Assistant Chief Newman sent letters regretting that they were not able to attend.

Among the toasts given were Wilmington Hook and Ladder Co., No. 1, which was responded to by Mr. H. J. Gerken; Wilmington Fire Engine Co. No. 1, responded to by Mr. W. C. VonGlabbe; the Light Infantry, responded to by Mr. C. C. Cutts; the Ladies, responded to by Mr. E. W. Moore.

## Ovation Tendered Maj. Stedman.

Some of Lieut. Gov. Stedman's warmest friends and admirers are found in Pender county. For many years past this has been the case, and during the late primary campaign we doubt if there was a Democratic voter in Pender county who would not, if called upon, have cheerfully given a week's hard work to secure the nomination of this gallant son of the Cape Fear section. This feeling finds its expression in the correspondence published by us to-day, in which a number of the prominent citizens of the county tender Maj. Stedman a public dinner at Burgaw. We regret that that gentleman has felt impelled to decline the invitation, but yet in doing so his motives are of the purest and the best, that unselfish regard for the welfare of his friends so characteristic of the man.

## Lutheran Anniversary.

There will be special Sunday School exercises in the church next Sunday at 3 p. m., and special services in English at 8 p. m.

## Stephen Freeman to Hang.

The following letter, from Gov. Scales, was received here this morning by Sheriff Manning:

RALEIGH, N. C., June 4.

Sheriff of New Hanover County, Wilmington, N. C.:

Sir:—I have this day notified Thos. W. Strange, Esq., that I did not feel justified in interfering with the verdict of the jury in the case of Stephen Freeman. You will please inform the prisoner that he may prepare for the charge that awaits him.

Very respectfully,

A. M. SCALES.

As will be seen by the above Freeman must pay the penalty for his crime. His counsel, Mr. Thos. W. Strange, has done everything in his power to save the life of his client, but the Governor refused to interfere with the verdict of the jury. When Mr. Elder, the jailer, told Freeman of his fate he seemed to be totally unaffected, simply remarking: "It is strange that a guilty man gets off and an innocent man is hung." He will be hanged on the 20th inst.

## Funeral of Mr. Wm. Doescher.

At 3:30 a. m. to-day, the mortal remains of the late Mr. E. Wm. Doescher, were borne from his late residence to St. Paul's Evangelical Lutheran Church, and thence to Oakdale. The Germania Cornet Band, headed the funeral procession and were followed immediately by the Howard Relief Fire Engine Company, Germania Lodge of Knights of Pythias and the pallbearers, etc. The band and fire company appeared in uniform, and the Knights of Pythias wore the regalia of their Order and all wore crepe. A sermon was preached in German and English by Rev. F. W. E. Peschau, and the choir rendered with most admirable taste and skill, the anthem "Rest, Spirit Rest!" The pallbearers were Messrs. C. Schulken, J. G. Oldenbottle, Dr. E. C. Miller, H. Hutt, Wm. Oterson, J. F. Ruffs, Sr., C. Richters and P. Fick. The floral gifts were unusually rare and handsome and the grave was almost literally covered with wreaths, etc.
