TORPID LIVER Known by these marked peculiarities: 1. A feeling of weariness and pains in the limbs. 2. Bad breath, bad taste in the mouth, and furred tongue. 3. Constipation, with occasional attacks of diarrhoea. 4. Headache, in the front of the head; nausea, dizziness, and yellowness of skin. 5. Heartburn, loss of appetite. 6. Distention of the stomach and bowels by wind. 7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow. A natural flow of bile from the Liver is essential to good health. When this is obstructed it results in

BILIOUSNESS, which, if neglected, soon leads to serious diseases. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

"I have been subject to severe spells of Congestion of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally laid me up for three or four days. Lately I have been taking Simmons' Liver Regulator, which gave me relief without any interruption to business."—J. Hogg, Middleport, Ohio.

Col. Rowland and our Public Building—More Light for the Cape Feat—Presidential Possibilities, &c., &c.

WASHINGTON, D. C., June 18, 1888. EDITOR REVIEW:—The House today is without a quorum, about half of the Republican side having gone to Chicago, but the fact is not known in a parliamentary sense, and business is proceeding as usual. The Sundry Civil Appropriation bill is under consideration, and your active and watchful member, Col. Rowland, has just succeeded in getting through the Committee of the Whole the appropriation of \$150,000 for the public building at your city. This is tantamount to its passage by the House, as the committee's recommendation will unquestionably be adopted. Col. Rowland deserves much credit for this, as he has worked faithfully to accomplish it. On Saturday he was also successful in getting the Secretary of the Treasury to establish eight additional lights for the harbor of Wilmington and to replace the present ones with the best and most improved lights. This will be a substantial advantage to the commerce of our growing metropolis, and one that the people of Wilmington will thank Col. Rowland for.

Few members of Congress can show a record equal to Col. Rowland's in his attention to his duties, and a persistence in sticking to his post even to the detriment of his health. An old doorkeeper tells me he can always count, when looking for members, on finding Col. Rowland in his seat, and I remember during the long, weary nights of the deadlock, when so many members were getting leaves on trivial excuses, he positively refused to go to his hotel, though urged by his friends to do so on account of his real physical condition. His unanimous renomination by the Convention in your city, which is a foregone conclusion, will be a fitting tribute in behalf of his constituents.

The Chicago Convention is all the talk here now, and everybody seems to be at sea. The best impression however seems to be that Blaine and Harrison will be the ticket, with a possibility of Allison & Miller, or Hiseock & Harrison. Some of the North Carolina delegates who passed through here were "scooped" in by the Sherman men. They got tickets and some boodle, with promise of more, but as a northern Republican remarked the other day, "the d-d fellows won't stay bought." CAPE FEAR.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla, which gives strength, a good appetite and health.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

If you want to feel comfortable and well all you need is a good Hammock. You will find the largest assortment and cheapest at Heinsberger's.

The Young Men's Democratic Club will hold their first regular meeting to-night in the City Court Room.

The closing exercises of Misses Burr & James' School will take place to-night. We return thanks for an invitation to attend.

The ladies of St. Paul's Episcopal Church have their usual sale of ice cream and cake at No. 217 Market street this evening, beginning at 6 o'clock. Everybody praises the cream. Try it.

The Ladies' Aid Society of Brooklyn, Baptist Church gave an excursion to Carolina Beach to-day. There was a large crowd on the boat this morning, and others went down this afternoon.

The ladies of the Fifth Street M. E. Church will give an excursion on the Seacoast R. R. to the Hummock on Wednesday next, the 27th inst. The tickets issued by them will be good on any train during the day.

The grand family excursion of the Germania Cornet Band will take place to-morrow, on the Passport, to Southport and the Forts. The band will play and there will also be music by the harpers.

Last night was simply lovely and an appreciation of this fact was shown in the large crowd that went down on the moonlight excursion to Carolina Beach. There were a great many ladies in the party and quite a number of children.

Mr. Norwood Huske, of Florida, has been here for some days and we are glad to know that he contemplates returning to the city to reside. He will probably embark in business here in the fall. He will be cordially welcomed back to Wilmington by his many friends.

Thanks to the principals, Messrs. Bell & Gidney, for an invitation to attend the commencement exercises of the Shelby Military Institute, at Shelby on Friday next, the 22nd, instant. The address will be delivered by James A. Lockhart Esq., of Wadesboro.

A Tournament in August. The officers of the three white fire companies met last evening and heard the report of the Subscription Committee. It was decided to hold the tournament during the month of August, in deference to the opinion expressed by a majority of the business men consulted by the committee. It was further decided to open correspondence with fire companies at other places to ascertain the number who would probably visit the city and participate in the tournament, so that the amount of funds required to be raised to defray expenses can be approximated.

Board of Aldermen. A called meeting of the Board of Aldermen was held yesterday afternoon to consider a petition from the Wilmington Gas Light Company asking permission to lay its mains over the Brooklyn bridge, as they were before the old bridge was removed. The petition bore the approval of Aldermen Dudley and Fishplate. The Board was called to order at 4 o'clock, with Aldermen Ricard, King, Rice, Walker and Sampson present, and Mayor Fowler presiding. On motion of Alderman Ricard, Mr. E. S. Martin, attorney for the Gas Light Company, was invited to address the Board, and did so, stating that the company had been allowed to lay their mains on the new bridge as they had done on the old bridge, and had made all arrangements to do so; the pipe was small and light and would not interfere with the free use of the bridge, and it would be a great inconvenience to the company to be compelled to remove it. Alderman King moved that the petition be granted, and Alderman Ricard seconded the motion, merely, he said, to bring it before the Board. Alderman Ricard, Rice and Walker expressed their disapproval briefly, and the motion of Alderman King being put to a vote was defeated. On motion of Alderman Ricard the company was granted permission to carry the mains under the bridge. There being no other business the Board then adjourned.

The "Bandana Spring Bed" is something new, presenting three especial features. It is light in weight, with a sealed bottom and no cords are used in its construction. It is made by Messrs. Howell & Cumming at their Mattress Factory, opposite the City Hall.

Moonlight To-Night. The Sylvan Grove will run down to-night on another moonlight excursion, leaving here at 8 o'clock, and the Beach at 11. An excursion party from Southport, on the Louise, will meet those from this city at Harper's Pier and the two will go together to the Beach. There will be music for dancing and supper at the Beach.

Moonlight To-Morrow Night. The Passport's dine excursion yesterday afternoon was well patronized. It was a warm evening and the run up and down the river and about the harbor was very refreshing. To-morrow night the Passport will give a moonlight excursion to the Rocks, leaving here at 8 o'clock and leaving the Rocks on the return at 11. There will be music on board and a good fish supper may be had at the Rocks.

The New Schedule. The schedule of the Seacoast Railroad, as at present arranged, should give general satisfaction. There are two trains in the forenoon, one which goes down early and returns with those who come up to the city to attend to regular business and another, at 9:30 o'clock, for those who may wish to go down early in the day. There are three trains in the afternoon, at 2:30, 5 and 7:30 and the last train at night, returning to the city, leaves the Hummock at 10 o'clock.

What Col. Rowland is Doing. Our special Washington City correspondent tells what Hon. Alfred Rowland, Representative in Congress for this district, is doing for our city and section. He has succeeded in getting the appropriation for the public building here in such a shape that it will be certain to soon become a law, and he has also been successful in getting eight additional lights for the Cape Fear River.

New Music House. Mr. J. L. Stone, of Raleigh, has established a branch of his music house in this city, and has located in the new Ahrens building, on Dock street, near Front. The business here is in charge of Mr. C. H. Addison, a gentleman who is thoroughly conversant with every detail of the business. They have in stock here a number of very fine pianos and organs of various makes, which the public are invited, in advertisement in this issue to call and examine.

The North East Ferry. We believe that there was a movement on foot some time ago to establish a free ferry across the North East river, at Castle Hayne, or to put up a free bridge, but we have heard nothing for some time of the proposition. This road is a great feeder to the city and the ferry is undoubtedly a great drawback to commerce. New Hanover and Pender counties should combine to purchase this ferry and to put up a free bridge there. A handsome, durable iron bridge, with a draw in it, can be put up, it is said, for seven or eight thousand dollars. We believe that such a thing would be greatly beneficial to the people of Pender county, as well as to those of this city, and we would be glad to see the matter take a practical shape.

Bathing Suits. Come down to Headquarters. 25 dozen Flannel Bathing Suits, in all sizes and colors, sold at the lowest manufacturing prices at the Wilmington Shirt Factory, 27 Market st., J. Elsbach, Prop. Look for the blue awning.

Quarterly Meetings. Second round of Quarterly Meetings for the Wilmington District of the Methodist E. Church. South: Onslow circuit, at Jacksonville, June 23 and 24. Elizabeth circuit, at Purdies, June 30 and July 1. Cokesbury circuit, at McNates, June 14 and 15. Bladen circuit, at Center, June 7 and 8. Waccamaw circuit, at Shiloh, July 21 and 22. Brunswick Mission, July 21 and 22. T. W. GUTHRIE, P. E.

City Court. Before the Mayor this morning Jackson Alexander and John Alexander were charged with allowing their hogs to run at large. The case was dismissed on payment of costs. Ed. Morgan and Ellen Morgan, man and wife, charged with disorderly conduct, were each fined \$10. Edward Gause and Mary Gause were charged with allowing their hogs to run at large. It having been ascertained that the hogs belonged to Edward Gause, Mary Gause was discharged. Edward was fined \$5 and he appealed, under bond of \$50.

Rifle Team of the W. L. I. The following constitute the Rifle Team of the Wilmington Light Infantry, chosen last night viz: Sergeant Mollhenny, Sergeant Gause, Corporal Holmes and Privates Edward W. Moore, E. P. Boatwright, J. E. Farrow, P. Heinsberger, Jr., W. R. Morrison, Walker Taylor and W. P. Toomer. The Team will practice three times each week, under direction of Col. Wm. L. DeRosset.

The Republican Convention at Chicago has not yet made a nomination. It is rumored that the New Yorkers have dropped Depew and have gone for Sherman. This will not nominate him, however. We are betting on Blaine to-day.

The nominating convention for this Congressional district, the Sixth, will meet in this city on Wednesday next, the 27th inst. We hear of no opposition to Col. Rowland and he will probably be nominated by acclamation.

The Sylvan Grove will make three runs down the river to-morrow, the last at 6 p. m. The last train will leave the Beach at 9 o'clock.

The wrecking steamer Rescue, Capt. Williams, from Key West, bound North, put in here to-day for coal.

The curves of the Street Railway, running from Front into Princess street, were being put in to-day.

Headquarters for Bass Balls, Bats, Masks, Gloves, Belts &c., is at Heinsberger's.

I have not used all of one bottle yet. I suffered from catarrh for twelve years, experiencing the nauseating dropping in the throat peculiar to that disease, and nose bleed almost daily. I tried various remedies without benefit until last April, when I saw Ely's Cream Balm advertised in the Boston Budget. I procured a bottle, and since the first days' use have had no more bleeding—the soreness is entirely gone.—D. G. Davidson, with the Boston Budget, formerly with Boston Journal.
