R DATIN REVIEW.

VOL XII

WILMINGTON, N. C., TUFSDAY JUNE 26, 1888.

NO 141

The New York Star estimates that more than 200,000 people left that city on Sunday for the near-by re sorts. The heat was intense. It was ten degrees warmer in Philadelphia than in New York.

There is war in "bleeding Kansas." Two towns, on fire with local jealousies, were about to wipe each other from the face of the earth, when the State militia were opportunely called in and peace and harenony were restored.

The ticket is Harrison and Morton. Levi P. Morton is his name and he is from New York. He has several barrels of money and has held some offices already. It is a that I. Shrier has the contract to good ticket, a splendid ticket-for the Pemocrats to beat. We are eminently satisfied. It is Cleveland hereafter be received. against Morton in New York and Thurman against Harrison in Indiana. No one but a weak-kneed Democrat will admit that the result c in be otherwise than a victory for the Democracy.

tent." . The Emperor is already spoken of as the schirmer des friedens guardian of peace.

There is a great deal of talk about the mysterious "white pasha" who has recently appeared. A cablegram in the New York Star from London says:

The intelligence from Suakim recently that a white pasha had made his appearance in the Bahr El Ghazee provinces with a large force of men has given rise to endless speculation in England.

It is suggested by some who have never been convinced of the death of General Gordon that that officer has escaped from Khartoum, and that the white pasha who is causing the Mahadi so much anxiety is he.

Others incline to the belief that Edmund O'Donoyan, the famous war correspondent of the London Daily News, who is generally supposed to have perished with the ill fated expedition of General Hicks, or that possibly some member of Pasha Hicks' force who has been kept in confinement by the natives. and who has now escaped, is the new found pasha.

Still another, and perhaps more plausible explanation of the exist ence of this white man, is that Stanley has joined Emin Bey and that together the explorers are forcing their way westward.

Further news of this mystical personage is awaited with the greatest interest.

Letters received from Herbert Ward, who has been with Major Bartellot and who is now on his been fearful suffering among all of Major Bartellot's force, and at one time they were near death's door on account of the scarcity of says, actually did sarve.

Pimples, boils and other humors are liable to appear when the blood good many of our citizens are degets heated. To cure them, take barred from the pleasure of witness Hood's Sarsaparilla.

Let's Have That Rowing Club.

As we have already one of the finest yacht clubs in the South and as it has proved a success and been way home, state that there has the means of a great deal of enjoy. ment to young men and maidens, old men and children, why not have a rowing club and thus double their provisions. Sixty-nine men, Ward pleasure? This is particularly desirable here as most of the yacht races take place on the Sound, and a ing them. We have a splendid stream on which our young men can have plenty of room and a good chance of showing their pluck in rowing, Some of the young men of our city, feeling as we do about this matter, have decided to organize a club, and in furtherance of that object will have a meeting at the office of Messrs. Smith & Boatwright to-morrow at 7 o'clock p. m. This is a convenient hour for our young men and we hope there will be a good attendance. We have heard several Claiminy, Mr. Fishlate's proposition who will have boats built and we understand that some of the "wharf rats" have one nearly finished and others from other sections of the city will soon follow suit, and it behooves the uptown boys to show them that their skill, muscle and endurance are not to be despised. Now, young men, turn out to this meeting.

Look for the blue awning.

The Concert To-Night.

The prospect is good for a large, fashionable and appreciative audience at the Opera House this evening, at the complimentary concert to be given to Miss Annie DeRosset. The charming young vocalist will be assisted by some of the best musical talent in the State and the occasion cannot be otherwise than a delightful one.

Young Democrats in Council.

Mr. Walker Taylor, chairman of the Finance Committee, tendered his resignation, which was accepted and on motion, Mr. E. H. Freeman was chosen to fill the vacancy.

Mr. S. H. Fishblate stated that there is to be a meeting of the Young Democracy of the United States, to be held on the 4th of July. in the city of Baltimore, and that it was for the interest of Wilmington that the Young Men's Democratic Club at this place be represented.

On motion of Mr. T. H. Pickett, Messrs. Walker Taylor, Sam'l Bear, Jr., and Herbert McClammy were selected as delegates to go to Baltimore by acclamation.

Mr. S. H. Fishblate, in a patriotic, rallying speech, urged the necessity of thorough organization in the coming campaign, and called upon all Democratic clubs to assist this Club to their fullest extent, and stated that he would furnish fifty Cleve. land and Thurman beavers gratuitously to the Club, to be given to members that were unable to bear the expense of purchasing. He was frequently applauded during his speech, and on motion of Mr. H. Mcwas accepted and a hearty and enthusiastic vote of thanks was tendered him for his liberal offer.

Capt. J. C. Rock Crystal Spectacles and Eyeglasses

Advice to old and young: In se lecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using Aigrettes, Hat Ornaments, glasses of stronger power than is ne cessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
