There is a big yellow fever scare all over the country. Even New York is fearful that it may get there and become epidemic. Every seacoast city is wisely taking precautions to guard against its introduction. In a few days, however, the smoke will clear away a little and then we think that people will see that there has been a great deal of unnecessary alarm. The fever is in Jacksonville, and is epidemic there, but it seems, after all, to be not so virulent as has been apprehended. Up to Saturday night there had to the whole system. Now is the been but sixteen cases and only two time to take it. Besure to get Hood's deaths. On Saturday there was no death. The New York Herald special from Jacksonville says:

A meeting of citizens and representatives of various city and county authorities was held this morning in the Board of Trade rooms, J. W. Archibald, acting Mayor, in the

Mr. McQuaid, from the Committee on Building for the Supernumerary Hospital, reported progress and the committee was continued.

Colonel Daniel, from the Committee on Organization, submitted a draft of a constitution for the formation of the "Jacksonville Auxiliary Sanitary Association," which was approved. This organization is to be voluntary, but permanent.

A temporary committee was appointed to confer with the proper authorities and put into practical operation the concussion theory, as propounded by Mrs. N. K. Ingram. Attention was called by Whitfield Walker to some of the garbage dumping grounds, and Mr. Kennedy, of the Board of Health, said

he would look after it. Mr. McQuaid also called attention to the fact that while the panicstricken citizens had mostly left the Presses produced by putting the the Body enlarged and strengthened. Full particular city there was a large population who could not leave, and that large of employment Mr. McQuaid also of employment. Mr. McQuaid also stated that it was rumored that all saw mills would be shut down for the season, that there were now no vantages over all of them. local orders for lumber, &c., and they could not ship lumber North, as vessels of no kind could be in-

duced to come to Jacksonville. Colonel Daniels said this was a matter he had been considering seriously, and he hoped that it would not be necessary to pauperize the city by asking financial aid from outside sources, and thus degenerate our citizens, and he trusted that the city authorities would so organize necessary sanitary work to be done that employment would be given to all those idle men; and further, that where possible employers of laborers should continue to keep their men engaged until the keep their men engaged unt

trouble was over.

to day stated that there were three new cases reported since last night. These were Mrs. W. T. McClelland and Miss E. B. Buchanan, who are ill at the Lafayette House, Forsyth street, and Mrs. Schofield, who lives at corner of Forsyth and Cedar. Mrs. McClelland is in a very dangerous condition, and is not expected to live. Since the above report was obtained it is reported that Mrs. Pino, wife of the fruit dealer under the Times Union office, on THE LADIES' EMPORIUM Bay street, has the fever. A little boy named Vandergrift, who formerly was employed as a cash boy in the store of John Furchgott & Co., is also reported to have it.

So far there have been no deaths, and all patients at the Sand Hills are cheerful and doing well, so Dr. Kenworthy reports.

charge of the Sand Hill Hospital, reports seven patients this morning, but all doing quite well. The Doctor has forcibly taken possession of the Springfield public school building for fumigating purposes. He became tired, he says, trying to take peaceable possession, and so took it anyway.

Dr. Mitchell telephones officially: "Henry Vesper, a tailor in Palmetto Block; Gelder, a restaurant keeper on Ocean street, and Mrs. Pino have yellow fever. Miss Moore is not dead, as reported.

All the places of business close at 5 p. m. now, and the streets are deserted after sundown. To-night numerous bonfires of tar barrels are burning as disinfectants. Hundreds left the city for Georgia and Tennessee mountains to-day. Most of the panic-stricken are now gone. The citizens who remain hope to

vigorous measures. The whole number of cases up to 8 p. m., 16; no deaths to-day; whole

> ---Don't Experimen .

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr King's New Dis covery for Con-umption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be de ceived, but insist upon getting Dr King's New Di covery, which is guar anteed to give relief in all Throat Lung and Chest affections. Trial botles free at W. H Green & Co.'s. Large
