QUEEN OF ST. JOHN'S—Moonlight Excursion

A big excursion party is expected here next Tuesday from Monroe.

WireCloth for your windows and doors can be had at Jacob's Hd. Depot.

Economy and strength are peculiar to Hood's Sarsaparilla, the only medicine of which "100 Doses One Dollar" is true.

Fishing Tackle. A full assortment of all kinds for both salt and fresh water fishing at Jacob's Hd. Depot.

Dog collars. Largest and finest assortment ever before brought to this city, to be had at Jacob's Hd. Depot.

Another lot of those celebrated Oil Stoves just received at Jacob's Hd. Depot. It will pay you to use one.

There will be a game of base ball on the 27th between the Mutuals of this city and the Nationals of Wilson, both colored, on the grounds of the latter.

If you want to feel comfortable and well all you need is a good Hammock. You will find the largest assortment and cheapest at Heinberger's.

Bathing Suits. Come down to Headwaters. 25 dozen Flannel Bathing Suits, in all sizes and colors, sold at the lowest manufacturing prices at the Wilmington Shirt Factory, 27 Market St., J. Elsbach, Prop. Look for the blue awning.

The Sylvan Grove will make her third trip to Carolina Beach at 6 o'clock this afternoon. She will run down "by the light of the moon" and return ditto, leaving the Beach at 9 p. m. To-morrow night she will take down a large crowd to see the display of fireworks at the Beach.

The New Hanover County Republican Convention will be held at the Court House in this city to-morrow. There is a big revolt on hand against the white bosses of the party, as will be seen by the notice published elsewhere in this issue, and some lively times are expected.

There will be a grand moonlight excursion this evening on the Queen of St. John's. The moon is now nearing its full and the prospects are for a clear, beautiful night. There will be music for dancing. The boat will leave her wharf foot of Dock street at 8 o'clock and the fare is very low, only 25 cents.

A Briny Monster.
Yesterday morning two fishermen at Zeke's Island, opposite the Rocks, Messrs. Daniel Stubbs and Ed. Foster, caught an immense saw fish in their seine. They dragged him to land and dispatched him with clubs. They then cut off the saw and turned the body adrift. The fish measured 16 feet in length and the saw is 4 feet, 8 inches long.

City Court.
Mayor Fowler disposed of the following cases this morning:
Austin Campbell, disorderly conduct, case continued.
Jennie Farrow, disorderly conduct, \$20 or 30 days.
Amos Boston, disorderly conduct, case continued.
Mack Cooper, drunk and down, \$10 or 20 days.

Rock Crystal Spectacles and Eyeglasses.
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinberger's.

Hands Wanted.
One hundred hands wanted on pants. Highest price paid. N. ne but experienced hands need apply.
I. SHRIER,
Clothing and Hatter,
16 N. Front street.

Fly Traps, best and cheapest, at Jacob's Hd. Depot.

Regatta, German and Fireworks.
They have had a fine day for the regatta at Wrightsville, provided there has been wind enough. There are attractions also at the Hummocks to-night, a German given by Mr. Bryan at the Island Beach Hotel and a display of fireworks at the Beach. As the start for the race was not made until 3:30 we cannot announce the result in this issue.

German's Lodge in a Group.
We understand that Mr. C. Faust, of New York, who has recently arrived here to take charge of the photograph gallery in the Yates building, has made arrangements to take a large picture of the members of Germania Lodge No. 4, K. of P. The picture will be 5 1/2 feet wide and 7 1/2 feet long, each member appearing in cabinet size, and the background will be painted in oil. Mr. Faust comes to Wilmington with excellent endorsements. He made 44 groups of the above size in St. Louis.

Death of Mrs. Baldwin.
We regret very much to learn of the death in this city last night of Mrs. Bettie S. Baldwin, wife of Dr. A. M. Baldwin and daughter of Mr. B. F. Mitchell. The deceased lady had been sick for months past and her death was not unexpected. She was a most estimable Christian woman and her death is deeply deplored by a large circle of devoted relatives and friends. The funeral services will take place to-morrow morning from the First Baptist Church, at 10 o'clock, and the interment will be at Oakdale.

Sanitary.
Capt. J. M. McGowan has been detached from regular duty and put on special duty on the blocks from Second street up and down the river front to make an elaborate inspection, and have everything thoroughly cleaned, and also to see that the dry trash is burned and the filth is buried in trenches prepared for it. Carts for hands will be furnished, so as to remove the filth as fast as possible. Let every good citizen assist the health officers. Mr. W. M. Hays will assume control of all the carts and wagons formerly under officer McGowan until this sanitary work is completed.

Wide Awake for August.
The August issue of that bright juvenile monthly, *Wide Awake*, is at hand. It is replete with good things and the illustrations are, as usual, very fine. "Saved on the Brink" is the thrilling experience of a lad on a floating ice; "The English Daisy" is an account of the growth and habits of that modest flower; "Pets in Artist Life" is a beautifully illustrated article; "A Sabot" is a pleasant little story; "Plucky Smalls" is in its third instalment; and "The Elephants of an Indian Prince," "The Story of Boston Common," "The Temple of Music," "The Rewards of Industry," "A Neck-tie Party," "Hans Christian Anderson," "A Home-made Microscope," and various articles, nearly all of which are illustrated, will be found excellent reading matter. D. Lothrop & Co., Boston, at \$2.40 a year.

Personal.
Mr. J. A. Bonitz and family returned to the city last night from a visit to Asheville.
Hon. C. W. McClammy arrived here last night from Washington City on a brief visit to his family.
Ex-Sheriff Black, Dr. E. Porter and Mr. J. T. Collins, of Pender county, are in the city to-day.
Mr. B. H. J. Ahrens has gone North on a business trip, accompanied by his family, whom he will leave in the Catskill mountains for the balance of the season.

We were glad to receive a visit to-day from our good friend Mr. E. Boney, of Teachey's, who is here on one of his rare visits. Mr. Boney was present in Wilmington during the yellow fever epidemic of 1862 and saw all of its horrors. His opinion is therefore worth a great deal. He says that he is struck with the wonderfully clean condition of the city at this time and thinks we need have no fears of a visitation here this summer.

Elder Cargyle will preach his farewell sermon to-night and those who want seats should go early.

Headquarters for Bass Balls, Hats, Masks, Gloves, Belts &c., is at Heinberger's.

(ADVERTISEMENT.)
To the Colored People of New Hanover County.

WHEREAS, Hon. D. L. Russell in his letter to the State Executive Committee of the Republican Party of North Carolina, declining the nomination as Judge on the Supreme Court Bench, and recommending the withdrawal of the Republican State Ticket, which would result in the dismemberment of the Republican Party in the State, and

WHEREAS, in the said letter to the Committee in his denunciation of the character of our race, he declares that "the Negroes of the South are largely savages, * * * and are no more fit to govern than are their brethren in African swamps or so many Mongolians dumped down from pagan Asia," and

WHEREAS, for years the colored citizens of New Hanover have been under the control of a system of bossism which has developed into a political tyranny, which is dangerous in its operation and revolting to our manhood and our sense of race pride, especially since Hon. D. L. Russell has assumed the role of the Republican Moses to lead the Negro race into the land of promise, and

WHEREAS, notwithstanding his declaration at Southport when prosecuting a Negro for larceny he declared that "all Negroes are natural born thieves: they will steal six days in the week and go to church Sunday, pray and shout their sins off and return to the bosom of their race, honored and respected members;" therefore, we consider that the time has fully come when as free American Citizens, we should rise in our might and the dignity of our manhood and throw off the Yoke of Political Oppression.

We deem it important in this connection, to call your attention to some of the grievances resulting from the operation of the above system.

A few white men, assuming the control of the political affairs, speculate year after year and upon 3,000 negro votes, with the same degree of conscious self-righteousness as did the (other kind of) slave holders before the war.

In 1886, in order to elect the sheriff, they made over 500 negroes vote the Democratic Ticket in this county. In 1870 they defeated Hon. O. H. Dockery for Congress by trading off a large number of negro votes with Democrats, thereby electing Hon. A. M. Waddell to Congress.

In 1880, by a bold and daring system of speculation and trading with the Democrats, they elected Hon. R. K. Bryan to the State Senate—a Democrat from a Republican district—all to save their Sheriff.

In 1874, by trading off the negro votes with the Democrats, they elected S. A. Ashe and Hon. C. W. McClammy to the State Legislature—two Democrats from a large Republican county—all to save their Sheriff.

In 1884 they defeated Hon. O. H. Dockery, the Republican candidate for Congress, by withholding the Dockery ticket, and refusing to furnish them when urged so to do, thereby electing Hon. R. T. Bennett, a Democrat, to Congress—all to save their Sheriff.

In 1886, emboldened by the successful operation of their unscrupulous manipulation, and in utter disregard of the fundamental principles of Republicanism, they entered into an alliance with Democrats to absolutely deprive the negroes of New Hanover county of a representation in the State Legislature, by putting upon the ticket two white Republicans and Hon. A. M. Waddell, a Democrat—all to save their Sheriff.

These indignities, insults and imposition perpetrated from time to time upon our race by a class of political overseers, whose influence, wealth and power are the results of our contributive support and suffrages, stand unchallenged for ingratitude and inhumanity among any people in the civilized world.

We therefore call upon each and every member of our race to support this effort we are making to defend our manhood, our liberties and our rights. Trusting upon the guidance of a righteous God who will deliver his people from oppression and controls the destinies of nations.

We are your humble servants in defense of the race.

Vance and McClammy on the Outlook.
Senator Vance and Representative McClammy have both been interviewed as to the prospects in North Carolina anent the report that the State is to be flooded with "hoodle." We find the following in the New York Herald:

"In the years," said the Senator, "when local differences arise our vote drops off, and this encourages the Republicans to think they can beat us the next time. North Carolina however, is as safely Democratic as any Southern State, and our majority next autumn will not fall far short of 15,000, if it does not greatly exceed it."

Congressman McClammy, according to the Evening Critic, is equally confident. Said he: "The Republicans are going to put plenty of money into North Carolina this year, and I am glad of it. I'm progressive, and plenty of money in the State will make good times, but North Carolina will roll up from twenty to twenty-five thousand majority for Cleveland and Thurman in November all the same."

The Board of Directors of the Seacoast R. R. have decided that there will be no more Sunday trains from this time until the regular annual meeting of the company.

The Race Yesterday Afternoon.
The Little Joe came out ahead yesterday in the boat race on the river. The contest was witnessed by a larger number than usual of interested spectators. The winning boat made the distance in 16 minutes and 11 seconds. The Nestle was second, 10 minutes and 42 seconds, and the Leona came in in 10 minutes and 48 seconds. It was a spirited contest. Another race is announced for next Thursday afternoon, over the same course.

Accident on the W. C. & A. R. R.
At 6 o'clock this morning the North-bound freight train on the W. C. & A. R. R. ran into the passenger train bound North at a point two miles South of Nichols, S. C., killing two colored tramps who were stealing a ride on the freight and injuring two colored train hands, Moses Scott and Calvin McRae, each of whom had a leg broken. There was but one passenger hurt and that was a Mr. Hart, whose ankle was sprained. Eight freight cars loaded with lumber were broken up and the rear car of the passenger train was slightly damaged. A working force was on the spot as soon as possible and the track was clear at 5 o'clock this afternoon.

As soon as the news of the disaster was received here a relief train was at once sent out. Drs. Love and Wood were on this train prepared to render all necessary surgical assistance. Mr. Walters, Capt. Divine and Capt. Dunn also went down to the scene of the accident on this train. The two injured train hands belong in this city and they have been brought here and conveyed to their homes.

Those Four Poor Pollicemen.
EDITOR REVIEW:—I notice from a morning paper that four policemen have been quarantined and sent out of the city because they were so indiscreet and imprudent as to enter the cars and engage in chatting with parties from the fever district. Now, while all praise may be due Mayor Fowler for his vigilance and earnestness, yet in all honesty I would ask: "What became of the cars in which came these passengers from the fever district? As the morning paper fails to tell our anxious citizens whether they were quarantined or permitted to enter and remain in the city. Was there any more danger of the disease spreading from the policemen than from the cars? If letters and papers in the United States mails have to be fumigated by the authorities to prevent their carrying the seeds of the disease to other localities is there not danger from upholstered cars in which for hours passengers from the fever-stricken district have ridden?"

CONSTIPATION

It is called the "Father of Diseases," because there is no medium through which disease so often attacks the system as by the absorption of poisonous gases in the retention of decayed and effete matter in the stomach and bowels. It is caused by a torpid Liver, not enough bile being excreted from the blood to produce Nature's own cathartic, and is generally accompanied with such results as

Loss of Appetite, Sick Headache, Bad Breath, etc.

The treatment of Constipation does not consist merely in unloading the bowels, but in restoring the system to its normal state, and not producing a regular habit of body without changing the diet or disorganizing the system.

"My attention, after suffering with Constipation for two or three years, was called to Simmons' Liver Regulator, and, having tried almost everything else, concluded to try it. I first took a single dose, and afterwards reduced the dose to a teaspoonful, as per directions, after each meal. I found that it had done me so much good that I continued to use it until I took two bottles. Since then I have not experienced any difficulty. I keep it in my house and would not be without it, but have no use for it, it having cured me."—Geo. W. Sizer, Asst. Clerk Superior Court, Bibb Co., Ga.
