Rock Crystal Spectacles and Eyeglasses Advice to old and young: In se lecting spectacles you should be cautious not to take more magnifying yower than has been lost to the eve as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Open Every Evening.

The Y. M. C. A. has made arrangements whereby the Library Rooms will be kept open every evening, Sundays excepted, from 7:45 to the General Secretary, to visit the rooms as often as they can conveniently do so, as he is anxious to become acquainted with them.

Mr. S. H. Fishblate, the King Clothier, States that he will make a special effort this season to increase his Merchant Tailoring department, His reason for so doing is the suc cess he has met with in that department since he established it. He will show you the names of over three hundred gents whom he made suits to order for in the past twelve months and to whom he refers. His fits cannot be surpassed and his styles are far superior to any that can be obtained in the city, and you will save at least ten dollars in the price that you would have to pay elsewhere. And if you are not perfectly satisfied with the fit and make you don't take the suit.

The Rowing Race.

Only two boats of the Recreation Club-the Little Joe and the Leona -took yart in the race yesterday afternoon, the crew of the third boat-the Nettle-being unable to attend. The race was an interesting one, however, and many spectators assembled on the river front to witness it. The crew of the Little Joe were again the winners, beating their competitors by six seconds, the time being: Little Joe, 9 mins., 51 secs; Leona, 9 mins. 57 secs. The course was the same as on the previous race, and the judges were Mr. Forshee and Mr. LeGrand.
