THE DAILY REVIEW.

VOL. XII WILMINGTON, N. C., WEDNESDAY, SEPTEMBER 26, 1888. NO 199.

SIMMONS' LIVER REGULATOR
TORDIP LIVER
Known by these marked peculiarities:
1. A feeling of weariness and pains in the back, head, and limbs.
2. A feeling of fullness, and taste in the mouth, and a coated tongue.
3. Constipation, with occasional attacks of diarrhoea, in the front of the head; nausea, dizziness, and yellowness of skin.
4. Headache, loss of appetite.
5. Heartburn, and bowels
6. Distension of the stomach and bowels
7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow.
A natural flow of bile from the Liver is essential to good health. When this is obstructed it results in

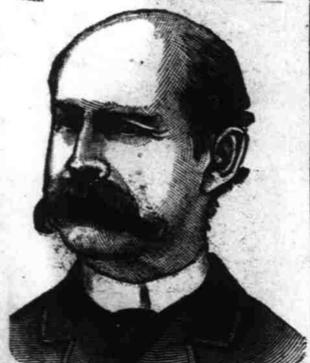

BILIOUSNESS,
which, if neglected, soon leads to serious disease. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretions of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."
"I have been subject to severe spells of Constipation of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally did me up for three or four days. Lately I have been taking Simmons' Liver Regulator, which gave me relief without any interruption to business."—J. H. Middleport, Ohio.

The Rads in the North will rely largely on money this campaign. It is said that Matt Quay is saving up several hundred thousand dollars to buy voters with in Connecticut and Indiana. The purchasable voter abounds in those two States.

We have no doubt that there will be many votes which can be bought in some of the Northern States this year. They are simply stock in trade with many. But it would take a bigger pile than the Treasury surplus to buy enough to elect Harrison.

Charles H. J. Taylor, colored, is ex-minister to Liberia, appointed by President Cleveland. Here is what he told them at the Democratic headquarters in New York on Monday:

Nine States, said he, have held colored democratic conventions. There are sixteen newspapers conducted by colored men which are supporting Cleveland and Thurman. He had no doubt that two hundred and forty thousand negroes will vote the democratic ticket because of their love for Cleveland, which has been inspired by his willingness to pay the money the Freedmen's Bank lost during Grant's term, his appointment of negroes to places of prominence, the sending of a message to Congress recommending that a gunboat be given to the Liberian government and his desire to respect their rights under the constitution. The negroes are also interested in the tariff. They know that a reduction from forty seven to forty-two per cent does not mean free trade and lower wages, but cheaper provisions and clothing.

Here is one of the straws which show the way the wind is blowing. It is from the New York Herald:

Camden county is always depended on by the Republicans to give them a good majority. Camden has increased a great deal during the last four years, over 1,200 houses having been erected during the last twelve months. It is safe to assume that eighty per cent of this accession is Republican. But the Republican workingmen, who some years ago threw off the yoke of Robeson, and who have for some time chafed under that of Sewell, have taken matters in their own hands and have organized the Workingmen's Tariff Reform Club for the intelligent discussion of the tariff. A large number of debates have taken place and the result is, the club will vote solidly for Cleveland and tariff reform. Membership in the club has not been limited to Republicans, and of the three hundred members nearly one-third are Democrats and independent voters.

Congressman Breckinridge seems very sanguine of the result in November. This is from the New York Star:

Congressman Breckinridge had just returned from a stumping tour through Maryland, New Jersey and Southern New York. When asked his opinion of the outlook he replied: "Excellent, excellent. Our friends all speak in the most encouraging manner. They realize that our opponents are making the most desperate efforts to get up a foolish scare among the laboring masses, but they see that the laboring men clearly understand that the reduction of the surplus, as proposed by President Cleveland, and formulated by the Democrats in the House of Representatives, will greatly help instead of hurt them. They see that free raw materials and a reduction of the monopoly part of the tariff—that part which is not needed to command a home market, and which is only desired by trusts and combinations to oppress the home market—will not only increase the purchasing power of wages, but also increase the days of labor and the amount of each day's wages.

"Our friends also report that very large accessions are being received from the most conscientious and intelligent elements of the Republican party. They see that what President Cleveland is trying to do is only to keep even in small part the pledges of every responsible element of the Republican party up to a few years ago, and what they then said, as they now know, would be beneficial to all the wage workers and consumers in the country, and conducive to stability and a really healthy condition for capital and to a clean and economical administration of the Government."

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

Rock Crystal Spectacles and Eyeglasses. Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Indications.
For North Carolina, fair and slightly warmer weather.

Mr. John F. Garrell has a speaking ad. in this issue. It will attract the eye at once and everybody will read it.

The regular monthly meeting of the Young Men's Democratic Club will be held at Linder's Hall to-night.

Happiness supreme. This is the condition of all who have been wise and purchased Stoves at Jacobi's Hdw. Depot.

Personal.
Ex-Mayor Fishblate has returned to the city from a short visit to Richmond.

The threatened storm did not arrive. It seems to have kept at sea and was headed for Hatteras as it passed up North. The cautionary signal was ordered down this morning.

Y. M. C. A.
The regular monthly meeting of the Young Men's Christian Association, held last night at the Library Rooms, was an occasion of unusual interest. It was a prayer and praise meeting. It was opened at 8:15 by Mr. Jos. H. Mitchell, with Mr. C. H. Robinson at the organ. There was a good attendance and much interest was manifested.

City Court.
Mayor Fowler disposed of the following cases this morning:
Charlie Galloway, disorderly conduct, \$20 or 30 days.
Charles Johnson, hogs running at large, dismissed.
W. H. Howe, disorderly conduct, case transferred to Justice John Cowan.

Deft Hands at the Business.
There is a good deal of system about the many housebreaking jobs which have taken place here of late. The rascal who got into Mr. Craft's house on Saturday night must have been well equipped with false keys as everything was found securely bolted and barred on Sunday morning. One of the neighbors had a good view of the man as he left. He was colored and a full description of his appearance has been given to the police but as yet there are no arrests.

Still Boring.
The drill at the artesian well at Hilton has gone down 466 feet. It has first passed through a thick strata of clay and is now entering another of sand. Good water is not yet comeable but the drill is still boring for it. Some of these days it may strike one of the wells in China and then the bottom of that well will drop out and the Chinese man will know right off that the Melician man is up to some kind of mischief.

The Campaign Organ.
The numerous newspapers of the State have put on their war paint and settled down to business. We may expect some lively music here November. The best campaign Organ and one we can recommend is sold by J. L. Stone. Polite and attentive salesmen will take pleasure in showing instruments and giving prices.

For The Sufferers.

A number of young lassies and laddies will give an entertainment to-night at the residence of Miss Sophie Campbell, for the benefit of yellow fever sufferers and we hope that there will be a large attendance and will realize a handsome sum.

Tarboro Wants It.

The people of Tarboro want to have the Little Tyecoon prouced in their city and with this object in view have telegraphed an invitation here to the Company to go there and play one night at an early date, to be fixed upon. The use of the Opera House there is offered free and a big house is guaranteed. The matter will be taken under advisement and an answer returned as soon as a decision is reached.

Will Probably Reconsider.

It is reported here and elsewhere that Mr. Sol Haas may reconsider his determination to give up his position as Traffic Manager of the Associated Railways, to accept a similar position with the Chesapeake & Ohio system. Mr. Haas' resignation, which was tendered something more than a month ago, is to take effect on the 1st of November. A strong effort, it is said, has been made to induce him to remain with the Associated System and with this end in view there is talk of admitting the Chesapeake & Ohio into the Associated system. The Charlotte *Chronicle* says that the R. & D. people seem to think that Mr. Haas will remain where he is.

The American Magazine.

The September number of the *American Magazine*, now at hand, is a very interesting issue, with an excellent table of contents and handsome illustrations. Lieut. Fullam, U. S. N., has a fine article on "The American Navy of To-Day"; "Into the Dark" is a pretty little poem; James G. Blaine has a very well-written, very amusing article entitled "The President's Error"; J. B. Foraker talks of "Tariff and Labor"; Guy B. Seeley presents a very interesting paper on "Rambles About Naples"; "In Hiawatha's Country" by Henry Cleveland Wood, is a fine thing, and is also illustrated, and ex-Gov. R. M. Price tells of "A Moonlight Duel on the San Juan." There are also a number of other fine papers, among them several poems and the usual editorial department. Published at 749 Broadway, New York, at \$3 a year.

Gala Week Association.

A meeting of the Gala Week Association was held last night at the Orton, the President, Mr. F. W. Kerchner in the chair, and Mr. J. C. Morrison secretary.

After a general expression of views as to a postponement, Mr. J. N. Sebell submitted the following, which was adopted:
Resolved, That owing to the backwardness of the crops and the late disastrous heavy rains, the gala week be postponed from the last week in October to a period commencing November 12th, and lasting a week, inclusive.

The Finance Committee were instructed to proceed at once to raise the necessary funds to carry out arrangements for the entertainment. It was stated that \$3,500 is the amount required, and that the committee are satisfied that it can be raised. Mr. J. A. Bonitz was added to this committee.

The meeting adjourned, subject to the call of the chairman.

All In.

Mr. S. H. Fishblate, the King Clothier, has his Fall stock ready for inspection. He always purchases early so as to obtain the choice styles. Merchants buying their stocks this season of the year have to take the "cullings," or what is left, that other merchants would not have. Mr. Fishblate's stock is composed entirely of first class goods and tailor made—equal to custom make. He employs no women at 25 cents a day and work them 10 hours each day to make pants and Cheap John goods to palm off on the public. His stores are well lighted day and night, which is very essential for buyers of clothing. We advise our readers to beware of a dark store and Cheap John goods.

Long to be Remembered.

The "Little Tyeoons" all returned safely to the city last night, after a short but truly enjoyable visit to Charlotte. They speak in the most grateful language of the many kindnesses and courtesies tendered them by the people of the old historic town. In fact, their stay there was one continued ovation. All who could get into the Opera House were there to attend the entertainment, and the *Chronicle* speaks in very handsome terms of the presentation of the "Little Tyeoon." At the close of the piece they were banqueted at the Buford House, the entertainment there having been tendered them by the young ladies of Charlotte. There were about a hundred ladies and gentlemen of the city who sat down with them. Yesterday morning the young men of Charlotte seemed to have taken a holiday and their lady guests were driven all over the city. The young men, too, were the recipients of many courtesies and it is said that they were not allowed to spend money for anything. They could not buy even a package of cigarettes without being told, when payment was tendered, that they were already paid for.

On the whole, the brief visit to Charlotte was one of the most noted hospitable events in the history of our good old State. It will be long before the Wilmingtonians will cease to remember with feelings of gratitude and delight the generous hospitality of the clever Charlotte.

The return trip a meeting of the members of the company was called and a committee, consisting of Mrs. K. DeR. Meares and Messrs. S. S. Curtis and C. C. Chadbourn, was appointed to write a letter of thanks to the people of Charlotte for the exceedingly clever manner in which they had treated their guests.

To My Friends and the Public Generally.

RECENT EVENTS CONNECTED WITH the renting of Stalls in Front Street Market had me to say a few words to my many kind friends and patrons and to housekeepers generally.
It is not the location of the Stall that sells the most but the quality of the meat which is offered for sale. When I opened at my present location, on the South Side of the Market, I took stalls which were out of the way and where purchasing was difficult. I have since changed the location of my stalls, which attracts the buyer. The proof of this lies in the fact that my sales for the past twelve months have far exceeded my anticipations when I located in the lowest.
My meats will sell anywhere, for consumers will always find out where the best meat is had at the market cost.
I have the BEST MEATS in the market, as is a well known fact, and I will continue to have the Best. I have contracts with parties in the West whereby I am to be supplied every Thursday throughout the season with a Carload of Western North Carolina and Tennessee Cattle, than which there are none better in the world. This enables me to compete with the Richmond and Baltimore markets every day during the season this meat will be found on my stalls. This week the offerings will be unusually good, because the weather justifies and I would respectfully call your attention to the display I am to make on Friday and Saturday.
Respectfully,
J. F. GARRELL,
Stalls 1 & 2 Front St. Market, South Side.

TO THE PUBLIC.
AS SOME MERCHANTS ARE NOT VERY particular whether they catch their trade by false advertisements or not, we desire to caution the public against advertisers of DUNLAP STYLES, SHAPES or BLOCKS in hats. A SHRIEK is the Sole Agent for Wilmington, where the *Gentle Dimpled* hats are sold, and all other dealers who advertise the shapes, Styles or Blocks, do so knowing them to be imitations, as they cannot obtain the genuine Dunlap Hats, unless they buy them from our other customer from an authorized agent at retail.
