**SIMMONS' LIVER REGULATOR**  
TROPIC LIVER  
These marked peculiarities: A feeling of weariness and pains in the back, head, and limbs. A feeling of fullness, flatulence, and indigestion, with occasional attacks of cholera morbus, in the front of the head; nausea, dizziness, and yellowness of the skin. Headache, loss of appetite. Depression of spirits, and great melancholy, with insatiable and disposition to weep everything for to-morrow. A general flow of bile from the Liver is essential to good health. When this is obstructed it results in

**BILIOUSNESS,** which, if neglected, soon leads to serious disease. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretions of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

# THE DAILY REVIEW.

VOL XII. WILMINGTON, N. C., FRIDAY, SEPTEMBER 28, 1888. NO 201.

Albany, N. Y., had a slight shock of earthquake early yesterday morning.

The champion much-married man has just come to grief out in Detroit. He was found guilty of bigamy or trigamy or fifteen-igamy, or whatever it was. He had 33 wives and 15 of these comforted him in court. A dime museum ought to gobble him up.

Our Republican friends can't say that "nobody wants to bet on Cleveland." Read this from the New York Star:

A prominent dry goods dealer of Broadway has furnished the Wholesale Dry Goods Cleveland and Thurman Club with money to make the following bets:

One thousand dollars to \$5,000 that Cleveland will have 237 electoral votes or more; \$500 to \$2,500 that Cleveland will carry the State of Illinois; \$500 to \$1,500 that Cleveland will carry the State of Michigan; \$500 to \$1,000 that Cleveland will carry the State of California; \$5,000 to \$5,000 on the general election.

Any part or selection of the above in no less amounts than \$50 can be had by inquiring at the Wholesale Dry Goods Cleveland and Thurman Club, No. 343 Broadway, New York city.

Here is another straw which shows very plainly just how the wind doth blow. It is from yesterday's Charlotte Chronicle:

Mr. Thos. Rankin, who returned yesterday from New York, says that the metropolis is given up almost entirely to political talk, and some of the gossip is interesting. New York State is considered safe for Cleveland, and the Republicans have no hopes of carrying it. They seem to have some hopes, however, of carrying North Carolina, as they are betting even on the State going Republican. Connecticut is considered doubtful, but California is counted on strong for Cleveland. That State is almost conceded to the Democracy. Michigan, too, is considered as a Democratic State. A prominent and well known citizen of Michigan one day last week, in a New York club-house, put up \$10,000 that Michigan would go for Cleveland. The feeling among the Democrats in New York is one of safety. Cleveland's chances are now considered better than ever before.

Pimples, boils and other humors are liable to appear when the blood gets heated. To cure them, take Hood's Sarsaparilla.

**Complimentary Excursions.**  
On Tuesday next the Seacoast R. R. will give a complimentary excursion to Wrightsville and the Hummocks to the white ministers in this city, and on the following Monday, October 8th, they will give one to the colored ministers.

**Appeal for Masonic Sufferers.**  
Mr. D. W. Bain, Grand Secretary of the Grand Lodge of Masons of North Carolina, has issued an appeal in behalf of the Masonic sufferers at Jacksonville, many of the order there being in great distress. Contributions can be sent to Raleigh, N. C., to Col. W. E. Anderson, Grand Treasurer, or to Jacksonville, Fla., to the Masonic Relief Committee.

**The Cane Awarded.**  
The gold headed cane presented by Mr. I. Shrier for the benefit of the yellow fever sufferers, the chances for which were gotten up by a number of little girls, was awarded at Mr. Shrier's store this forenoon and was won by Mr. Guilford F. Horne. There were fifty-two chances, at 10 cents each, making \$5.20 for the cane.

**Not Much Damage.**  
The alarm of fire this morning about 9 o'clock, which was turned in from box 34, was caused by the burning of a hole in the roof of a one-story frame dwelling on the corner of Front and Meares street, owned and occupied by John Lord, colored. The damage was very slight. The department turned out but were met with the information on the way that it was "all out."

**Weekly Lectures on the Lord's Prayer.**  
Rev. Mr. Creasy is delivering weekly lectures on the Lord's Prayer at Grace Methodist E. Church. The subject last Wednesday evening was "Thy will be done in earth, as it is in Heaven." On Sunday night, by the request of the Woman's Missionary Society, he will preach a sermon on missions.

**Col. Waddell Last Night.**  
Hon. A. M. Waddell spoke at the Opera House last night to a large audience, among whom were many ladies. The notification was a late one and this fact shows the great esteem in which this eloquent son of the Cape Fear is held here in his own home. It was the first gun of the campaign in Wilmington and will be followed up by others very soon.

**Rock Crystal Spectacles and Eyeglasses.**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

**All In One Minute.**  
Old "Harry" the hose reel horse of the W. S. F. E. Co., No. 1, is always in a big hurry when the fire bell taps and at such times he can't be held. He knows his business and he goes at it without any preliminaries. When the alarm struck this morning he was out at the work and moved off with Dave, the driver, on his back, in full tilt for the engine house. Two gentlemen who were standing at the corner of Fourth and Market streets timed him as he passed and it took him just one minute by the watch to go down Fourth street to the engine house, get into his harness and appear again at the same spot with the hose reel behind him. The distance was not great, it is true, about 225 yards, but he had to turn into the engine house, get into position for the harness, receive the harness, and get into the shafts of the hose reel and then get out of the house, into the street and up the hill. But one minute is a very small period of time and all of this was done in that one small minute.

Masonboro comes to the front with a big fish. On Wednesday a gentleman resident there caught on the beach a drum which weighed 26 pounds and measured 44 inches in length. Now trot out your big fish.

Dr. Pritchard's lecture to-night at the Brooklyn Baptist Church will treat of the late Missionary World's Conference in London, the London Tower and other curiosities of that great city, with a sketch of Mr. Spurgeon and his work.

Messrs. Munds Bros., pharmacists, have renewed their advertising contract with the REVIEW. This house was established 15 years ago and it has steadily grown in the confidence and esteem of the public. There are two stores, on North Front street and on North Fourth and at either place will always be found a full stock of fresh medicines.

**This Morning's Fire.**  
The alarm of fire this morning at 3 o'clock was caused by the burning of a one story frame dwelling on Third, between Dawson and Wooster streets, owned and occupied by Jane Farrow, colored. There was insurance for \$100 on the building in the Northern Insurance Company, represented here by Mr. M. S. Willard.

**Dr. Moran Alive and Improving.**  
We are very glad to chronicle the fact that Rev. Dr. Moran is not dead, as was stated by us a few days since. The report was current here to that fact and we only voiced it. He has been a very sick man, though, but we are rejoiced to know that he is still in the land of the living. Mr. H. M. Bowden received a letter to-day from Rev. Dr. Deems, which gives this gratifying information. It says that the crisis of Dr. Moran's malady has been passed and that his medical advisers report him as improving and state that in all probability he will get well.

**Important Notice.**  
It will no doubt be a relief to those suffering from defective vision to learn that I have succeeded in securing, for a few days only, the services of the expert optician, Mr. H. L. Cason, who is representing the famous A. K. Hawkes' Eye Glasses and Spectacles; this gentleman, as many of our citizens remember, visited this city before and readily secured the confidence of the public. This is a rare opportunity to secure a perfect fit without extra charge for these glasses than the established retail price.  
I will endorse any contract made by Mr. Cason.

Druggist,

**Thanks from the Tycoons.**  
The committee appointed by the Little Tycoon Opera Company for the purpose, sent the following communication yesterday to Col. Jones: WILMINGTON, N. C., Sept. 27, '88. Col. J. C. Jones, Superintendent Carolina Central Railroad:

DEAR SIR:—The members of the Little Tycoon Opera Company, through their committee, beg leave to offer you their thanks for the courtesy of the Carolina Central Railroad during their recent trip to Charlotte, and to convey to you their gratitude for the welcome generosity by which the benefit was made practicable and the charity more effective. The excellent cars taken of us and the luxury of a private car are also warmly appreciated.

We also desire to return thanks to Messrs. J. H. Sharp and W. F. Williams for many courteous attentions received from them.

H. M. EMERSON,  
L. L. CURTIS,  
C. C. CHADBOURN,  
Committee.

**All In.**  
Mr. S. H. Fishplate, the King Clothier, has his Fall stock ready for inspection. He always purchases early so as to obtain the choice styles. Merchants buying their stocks this season of the year have to take the "cullings," or what is left, that other merchants would not have. Mr. Fishplate's stock is composed entirely of first class goods and tailor made—equal to custom make. He employs no women at 25 cents a day and work them 10 hours each day to make pants and cheap John goods to palm off on the public. His stores are well lighted day and night, which is very essential for buyers of clothing. We advise our readers to beware of a dark store and cheap John goods.

**Personal.**  
Rev. Dr. Pritchard's family, who have spent the Summer at the Sound, have returned to the city.

Messrs. Scott Stanford, of the Goldsboro Argus, and W. W. Teachey, of Teachey's, are in the city and favored us with a call this forenoon. We greatly regret that we were not in at the time.

We are glad to hear that Mr. Geo. Grant, who has been very sick for the last month, is very much improved.

Mr. Norwood Huske, senior member of the new firm of Huske & Draper, who are to open a new dry goods house in this city next week, is here making arrangements for that purpose. Mr. Draper is in New York purchasing the goods.

**Death of Mrs. Calder.**  
We regret very much to learn of the death of Mrs. Phila C. Calder, one of the oldest residents of this city, which occurred at her residence here to-day. She was the widow of the late William Calder, who died many years ago, previous to the war, and the mother of Mr. William Calder, the only one of her children who survives her. She had been an invalid for some time and her death was not unexpected. She was an exemplary Christian woman, for more years than we can remember a member of St. James' Church, and she passed away calmly and peacefully with the assured hope of another and a brighter life beyond.

**For October.**  
We are indebted to Mr. F. P. Chaffee, Signal officer here, for the report of the probable weather for October, calculated from observations of the past 17 years. It shows that we usually have quite a cool change between the 14th and 18th, and again about the 25th. The highest temperature recorded here during October was 92 degrees, in 1874; the lowest, 35 degrees, in 1887. Clear days average one in every four, cloudy, one in four, and it rains one day in four, with an average daily rainfall of 0.13 of an inch. The greatest daily rainfall was 4.51 inches on the 11th, in 1885. The average velocity of wind is five miles per hour from the northwest, and this direction is 33 per cent. of all others. Highest wind velocity here during the month is 47 miles, from the northeast, on the 6th, in 1873.

**Wilmington Library Association.**  
A meeting of the Wilmington Library Association was held at the Library Rooms last night to consider a proposition made by the Young Men's Christian Association.

This proposition, briefly stated, was: The Y. M. C. A. to pay the present debt of the Association (not to exceed \$350) upon condition that the library and furniture be transferred to it, and to give the life members of the Association, and such of the other members as shall keep up a membership in the Y. M. C. A., by paying the annual dues of \$2, the privilege of the books. In the event of failure of the Y. M. C. A. to keep up its organization, the books to revert to the Association.

The meeting was called to order by Dr. Thomas F. Wood, President, and Mr. Iredell Meares was requested to act as secretary.

The proposition from the Young Men's Christian Association was submitted, and was strongly advocated by Mr. B. G. Worth and Mr. W. M. Cumming, and was opposed by Col. B. R. Moore, Mr. Junius Davis, Dr. W. G. Thomas and Capt. W. H. Bixby. Finally, on motion of Dr. Thomas, the proposition was rejected by a vote of 19 to 5.

Dr. Thomas then appealed to the members to come forward and relieve the Association from debt, and in response the following amounts were pledged for this purpose: Dr. W. G. Thomas, \$10; Capt. W. H. Bixby, \$10; Dr. G. G. Thomas, \$10; Dr. Thos. F. Wood, \$10; Dr. W. H. Green, \$10; Janius Davis, \$10; J. C. Chase, \$10; H. G. Smallbones, \$10; Jno. W. Bolles, \$10; B. G. Worth, \$10; B. Solomou, \$5; W. M. Cumming, \$5; Col. B. R. Moore, \$5; C. C. Chadbourne, \$5; C. B. Mallett, \$5; W. H. Bradley, \$5.

The following resolution was then submitted and adopted:  
**Resolved,** That Col. B. R. Moore and Junius Davis, Esq., be empowered and requested to secure from the municipal authorities of the city of Wilmington, a suitable room

**PLEASE NOTICE.**  
We will be glad to receive communications from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor. Communications must be written only on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

For the accommodation of the Library of this Association, if practicable.

A committee was, on motion, appointed to solicit new subscriptions to pay the debt and also solicit members. The Chairman appointed as the committee Dr. W. G. Thomas, Gabriel Holmes, J. W. Bolles and Capt. W. H. Bixby. There being no other business the meeting adjourned.

**A. G. P. to H. A. W., Jr.**  
EDITOR REVIEW:—I deem H. A. W., Jr.'s communication unworthy of notice, but out at respect to myself alone. I admit his statement about going to his office as true, but about what transpired there he is entirely wrong. I went to his office knowing that he would reply to "Bertha." We compared figures; his answer was \$4.92, and making the calculation as he did he was wrong. My answer by the same method was \$4.92-8-16.

Another gentleman sitting by made the calculation as it should have been made. I saw the manner in which he proceeded, but did not see the answer. H. A. W., Jr., snatched the paper from the aforesaid gentleman (and kept it concealed) upon which the problem was solved. I asked him to let me see the answer; this he refused, he intending to insert it in your paper. We then concluded to withdraw both our former answers and let the matter go unanswered. He requested me to withdraw them both. I then left his office and returned to my place of business. On returning, I made the calculation by the new method, and the result was it appeared in Wednesday's REVIEW. I then came to your office with the intention of withdrawing both, when to my surprise I was told that he ("H. A. W., Jr.") had sent up and changed his answer. I then concluded to insert mine. I assert emphatically that I did not tell him I was too late to have them withdrawn. Respectfully, A. G. P.

**DIED.**  
CALDER—In this city, on Friday, September 28th, Mrs. PHILA C. CALDER, relict of the late William Calder, aged 82 years. Funeral from her late residence to St. James' Church, at 4:30 P. M., on the 29th inst.; thence to Oakdale Cemetery.

**A CARD.**  
To My Friends and the Public Generally.

RECENT EVENTS CONNECTED WITH the renting of stalls in Front Street Market impel me to say a few words to my many kind friends and patrons and to housekeepers generally. It is not the location of the stall that sells the meat but the quality of the meat which is offered for sale. When I opened at my present location, on the South Side of the Market, I took stalls which were out of the way and where purchasers did not often penetrate. But I determined to have the BEST BEEF in the market and have continued to have the BEST and the result shows, as I have said, that it is the quality of the meat and not the location of the stall which attracts the buyer. The proof of this lies in the fact that my sales for the past twelve months have far exceeded my anticipations when I located in the market.

My meats will sell anywhere, for consumers will always find out where the best may be had at the lowest cost.

I have the BEST MEATS in the market, as is a well known fact, and I will continue to have the Best. I have contracts with parties in the West whereby I am to be supplied every day during the season with a Carload of Western North Carolina and Tennessee Cattle, than which there are none better in the world. This enables me to compete with the Richmond and Baltimore markets. Every day during the season this meat will be found on my stalls. This week the offerings will be unusually good, because the weather justifies it, and I would respectfully call particular attention to the display I am to make on Friday and Saturday.

Respectfully,  
**J. F. GARRELL,**  
Stalls 1 & 2 Front St. Market, South Side, sept 28 11
