Here is a list of the trusts that exist in the United States in consequence of high tariff:

- 1. The Steel Rail Trust, buttressed by a tariff tax of \$17 per ton. 2. The Nail Trust, by a tax of \$1.25 per 100 pounds. 3. The Iron Nut and Washer Trust, by a tax of \$2 per 100 pounds. 4. The Barbed Fence Wire Trust, by a tax of 60 cents per 100 pounds. 5. The Copper Trust, by a tax of \$2.50 per 100 pounds. 6. The Lead Trust, by a tax of \$1.50 per 100 pounds. 7. The Slate-Pencil Trust, by a tax of 30 per cent. 8. The Nickel Trust, by a tax of \$15 per 100 pounds. 9. The Zinc Trust, by a tax of \$2.50 per 100 pounds. 10. The Sugar Trust, by a tax of \$2 per 100 pounds. 11. The Oilcloth Trust, by a tax of 40 per cent. 12. The Jute-Bag Trust, by a tax of 40 per cent. 13. The Cordage Trust, by a tax of 30 per cent. 14. The Paper Envelope Trust, by a tax of 25 per cent. 15. The Gutta Percha Trust, by a tax of 35 per cent. 16. The Castor Oil Trust, by a tax of 80 cents per gallon. 17. The Linseed Oil Trust, by a tax of 25 cents per gallon. 18. The Cotton Seed Oil Trust, by a tax of 25 cents per gallon. 19. The Borax Trust, by a tax of \$5 per 100 pounds on borax and boric acid, \$30 per 100 pounds on crude borax and borate of lime, and \$4 per 100 pounds on commercial boric acid. 20. The Ultramarine Trust, by a tax of \$5 per 100 pounds.

The effect of monopoly tariff on capitalist combinations does not stop with those above enumerated. The tendency of the system is to foster trusts of all kinds, and to encourage close combinations of capitalists hostile to the interests of labor and to individual business enterprise.

The New York Herald has this to say of the tariff bill with which the Republican Senate now threatens the country:

The Republican Tariff bill will be given in full to the public shortly. In the meantime, however, we furnish our readers with a succinct statement of its main points and peculiarities. Mr. Blaine's advice has prevailed as to the abolition of the tax on tobacco. This will reduce the revenue about thirty millions. The tax on sugar has been cut down fifty per cent., which will decrease the revenue by twenty-five millions more. Ten millions additional are to be saved from the tax on alcohol used in the arts, and five millions from various articles placed on the free list. The bill proposes to abolish as far as practicable our ad valorem duties and raise the necessary Federal in-

come from specific duties.

This is so radical a change and one which will produce such embarrassing if not disastrous results, especially in its bearing on the purchases of the laboring classes, that the bill compares very unfavorably with the Mills bill, if the object of legislation is the benefit of the masses.

The wage earner and the man with a small income will find in it very little to comfort or cheer him. It compels him to pay heavily for the necessities of life, but puts a few luxuries within easy reach. Alcohol and tobacco may be had at the minimum rate; as for the articles of daily consumption few changes are made, and he must pay the old prices.

As the bill of a party which has gone back on its own repeated pledges, which is loud in promise but timid in performance, and which takes its place openly on the side of the classes as against the masses, it is worth a careful consideration. But as a bill for the people—the mechanics, artisans, farmers, wage earners of the country—it will be found entirely inadequate to meet the popular demand of the hour, unless so amended that in its present form it will be lost sight of.

Their Business Booming

Probably no one thing has caused such a general revival of trade at W. H. Green & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large size \$1 Every bottle warranted.

What burns to keep a secret? Sealing wax. In what color can a secret best be kept? In violet (inviolable).

To young men: It is better to be fast asleep than fast awake. A leader of men is often a follower her.—Wash. Critic. The reason that birds clean out a fruit tree so quickly is that they take the fruit away from a peck at a time.

The baby King of Spain has the cholera infantum. Probably this is owing to the negligence of his Minister of the Interior. It was a woman who saw the first snake, but since then the men have attended to that sort of thing.—Merchant Traveler.

Patient (to dentist)—"The tooth next to that 'un aches too, doc. Dentist—"Yes, it aches in sympathy." Patient—"Yank it out; darn such sympathy!"

Young man (to editor)—Did you receive a poem from me, sir? Editor—I believe I did, Young man—After looking it over were you able to do anything with it? Editor—Yes, I had just strength left to throw it into the basket.—Harper's Bazar.

Husband (who had advertised for a type-writer expert)—"Did many call to-day, my dear, in answer to the advertisement? Wife—"Yes, quite a number; but there was only one applicant whom I told to call again. He seems very bright, and I'm sure you will take him." Husband—"What was the trouble with the rest?" Wife—"They were all young women."—N. Y. Sun.

In the combination, proportion and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the phenomenal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to foot. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
