#### Careless, Good-Natured, Sassy.

Southwestern Missouri has devlopslatype of careless individuality little different from the conventional nonveru of the "old-time" Arkansar squatter. A traveler on horsethe chilling rain, stopped late in the night at a small stone house situated on the top of a bleak knob. After the traveler had shouted until he feared that his throat had been permanently damaged the door was opened with a creak that echoed down the "hollow," "Mister," the traveler began, "I

am as wet as a dog, and--"Must uv been in the rain," the native broke in, opening the door a little wider and poking out his head a little farther.

The traveler turned his horse loose and entered the house. The host raked the chunks together and soon a bright blaze sprang up in the great fireplace. He did not stop at this small attempt to make his guest comfortable, but brought him a "hunk" of corn bread and the broil-

#### Platform of the Democratic Party in North Carolina.

We again congratulate the people of North Carolina on the continued affairs of the State which has now three days my leg was all right been unbroken for so many years; upon the just and impartial enforcement of the law; upon the increasing efficiency of our common school system, and the progress made in popular education; upon the improvement and enterprise manifested in all parts of the State. We again challenge a comparison between this state of things and the ontrages, crimes and scandals which attended Republican ascendancy in our borders. We pledge ourselves to exert in the future as in the past our best efforts to promote the best interests of the people of all sections of the State. Affirming our adherence to Democratic principles as heretofore enunciated in the platforms of the party, it is hereby Resolved, That no government has

the right to burden its people with taxes beyond the amount required to pay its necessary expenses and gradually extinguish its public debt; and that whenever the revenues. however derived, exceed this amount, they should be reduced, so as to avoid a surplus in the treasury. That any system of taxation which necessitates the payment of a premium of \$270 by the government on each \$1,000 of its bonds, taken up with the millions that would otherwise lie idle in its vaults, and paid to bondholders who purchased, in many instances, at less than par, is undemocratic, oppressive and iniquitous and should be refunded. The course of our Democratic Representatives in Congress, in their efforts to give relief to the people from burdensome internal revenue and tariff taxation, meets with the approval of the Democratic party of this State and we respectfully recommend that if they find it impossible to give to our people all the relief demanded, they support any just and practical measure presented in Congress that will afford a practical relief from such existing

Resolved, That while the details of the methods by which the constitutional revenue tariff sheriff shall be gradually reached are subjects which the representatives of our people at the national capital must be trusted to adjust, we think the customs duties should be levied for the production of public revenue, and the discriminations in their adjustment should be such as will place the highest rates on luxuries and the lowest on the necessaries of life, distribute as equally as possible the unavoidable burdens of taxation, and confer the greatest good on the greatest number.

Resolved, That we, as heretofore favor, and will never cease to de mand, the unconditional abolition -of the whole internal revenue system, as a war tax, not to be justified in times of peace; as a grievous burden to our people and a source of annoyance in its practical operations We call the attention of the people of the State to the hypocritical pretensions of the Republican party in their platforms that they are in favor of the repeal of this onerous system of taxation, enacted by their party, while the Republicans in Congress are taxing their energies to obstruct all legislation inaugurated by the representatives of the Democratic party to relieve the people of all or a part of this odious system.
