# THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C., THURSDAY, OCTOBER 11, 1888. NO. 212.

New York has thus far contributed \$61,042.33 to the yellow fever sufferers.

The Labor men will nominate a candidate for Mayor in New York and then it will be a quadrangular fight.

The Fox sisters will make a thorough expose in New York on Sunday of the methods of the spiritualistic mediums.

Nearly 100,000 voters registered in New York city on Tuesday, the first of the four days of registration. The other dates are the 17th, 26th and 27th.

In some of the Western cities bread has been advanced to 7 cents per loaf. But there has been a reactionary movement in breadstuffs and wheat and corn are fluctuating and seem about to fall off decidedly in price.

President Cleveland is reported as saying to a Democratic Senator, name not given, that he has no doubt whatever as to his reelection. "He believes himself to be," said the Senator, "a man of destiny, and that he cannot be beaten."

The New York Herald thinks that the Democrats in Congress should adjourn and go home; that they are playing into the hands of the Republicans by remaining in session. It publishes the following special from Washington City:

The Democrats will have ready in a few days a careful comparison of the Republican tariff bill with the present law and with the Mills bill. Experts are now at work on this, and the Republican offer to increase duties already too high, and to make the increase mainly on the lower grade of goods worn by the farmers and working people, will be exposed as it ought to be.

The exposure will be an excellent and effective campaign document—if only the Democrats know now to use it. If they keep Congress in session and depend upon tedious Senate speeches they will lose the whole effect of this exposure. But if they adjourn Congress at once and go home and address their constituents in the districts face to face with this exposure in their hands, they can make extremely effective use in these last weeks of the canvass.

Some of the Democratic leaders apparently don't care to see their constituents. They talk of sitting here the rest of the year, taking a recess only to go home to vote. That is exactly what the shrewd Republicans want to do.

The new moon enters on its second quarter at 15 minutes past 12 to-night.

Window Glass, by the box or light. Save money by buying from Jacob's Hdw. Depot.

Cautionary signals were ordered up here this morning and the wind blew 60 miles an hour during the night.

Here and there we see the small branch of a tree broken off by the wind and, this all of the damage that we have found.

If you want a picture framed go to Heinsberger's. He has a large assortment of Mouldings to select from.

Happiness supreme. This is the condition of all who have been wise and purchased Stoves at Jacob's Hdw. Depot.

Notice boys! You can get a Bracket Saw Frame with Saw complete, at Jacob's Hardware Depot, for 15 cents.

A large stock of Heating and Cooking Stoves can be seen at Jacob's Hardware Depot. He has Stoves at prices that will astonish you.

The County Commissioners are having an excellent roadway constructed, of clay, on the old Newbern road, from Bellevue Cemetery nearly to Capt. Nobles' place. The road has been graded and clay put down on the sand. When it has been thoroughly rolled it will make a very pleasant drive.

As shore on the Cut.

The Br. steamship Ravensdale, which cleared here yesterday for Liverpool, with cotton, by Messrs. Alex. Sprunt & Son, was towed down by the Marie but got ashore on what is known as the "Cut," nearly opposite the Rocks. She lies across the channel and will have to be lightened before she can be floated.

Will be Heard To-Morrow.

Mayor Fowler announced yesterday morning that the case of Charles Bryant, charged with a deadly assault on Missouri Bowden, would be called up on Friday but in the afternoon he concluded to hear the case to-day. He therefore sent a vehicle to-day to bring Missouri into court but as she was unable to appear the case was continued until to-morrow, as was originally intended.

Want Waking Up.

We have some reports from Onslow county which are not by any means pleasing or encouraging. It is said that a general apathy prevails throughout the county on all political questions. The people need canvassers and documents. We suggest to Chairman Whitaker that some good speakers be sent there at once and an effort made to rouse the people. Onslow ought to give Cleveland 500 majority.

Butt's Panorama.

The inclement weather doubtless deterred many who would otherwise have gone to see Mr. Butt's new panorama at the Opera House last night but there were many who braved the elements and there was a good audience present. The paintings are artistically executed and gracefully grouped and the effect on the audience is very pleasing. The interest is held from the first to the last. Mr. Butt's recitations in explanation of each scene are clear and well presented. During the interludes the audience were entertained with selections on the piano by Miss Bagwell, a charming young lady only twelve years old and already a fine instrumentalist.

All In.

Mr. S. H. Fishplate, the King Clothier, has his Fall stock ready for inspection. He always purchases early so as to obtain the choice styles. Merchants buying their stocks this season of the year have to take the "cuttings," or what is left, that other merchants would not have. Mr. Fishplate's stock is composed entirely of first class goods and tailor made—equal to custom make. He employs no women at 25 cents a day and work them 10 hours each day to make pants and Cheap John goods to palm off on the public. His stores are well lighted day and night, which is very essential for buyers of clothing. We advise our readers to beware of a dark store and Cheap John goods.

Justice Hall tried Maria McNeal this morning for disorderly conduct. She was sentenced to 24 hours in jail and the costs, which amount to \$9.50.

Yesterday News and Observer has strayed somewhere as the REVIEW copy has not yet been received. It will probably turn up O. K. in a week or so.

Indications.

For North Carolina, rainy on Thursday, fair on Friday, stationary temperature Thursday, and colder on Friday, storm central on the coast.

Mr. Jno. F. Garrell received to-day another carload of fine beef cattle. See his ad, "Still Ahead." Mr. Garrell is also ahead in the use of printer's ink. He tells us that about the best investment he has made in the past two years is his insertions in the advertising columns of the DAILY REVIEW.

City Court.

There was a slim attendance at the City Court this morning and a docket that showed up two cases which were disposed of as follows:

John Hines, unlicensed dog, judgment suspended upon procuring a badge and paying the costs.

Jno. Mike Carroll, disorderly conduct, \$10 or 20 days.

Death of an Aged Lady.

Miss Elizabeth A. DeRosset, one of the oldest residents of this city, died here last evening, at 5 o'clock, at the residence of her brother, Dr. A. J. DeRosset, in the 87th year of her age. She was a native of Wilmington and had passed all of her long life here. She is a sister of Mrs. C. G. Kennedy, and a daughter of Dr. A. J. DeRosset, the elder, who died some years previous to the war and who was, we think, 93 years old. The deceased lady had for more than three-fourths of a century been a consistent and devout member of St. James' Church.

That Mexican Storm.

The storm struck us early this morning, before day, and there are few persons probably who are as yet aware of the fact that the wind was at one time hustling around at the lively rate of a mile a minute. Yet such is really the fact. For about three hours and a half this morning it blew at the rate of 60 miles an hour. This was from 1:30 to 5 o'clock. At 12:10 a. m. it was 36 miles an hour; at 12:15, 30 miles; at 11 o'clock to-day it was 25 and at 12 o'clock it was 26 miles. The storm signal, the cautionary northwest, a square yellow flag with a white square in the centre and a white peaked flag above this, was hoisted this forenoon. This was preceded by the cautionary northeast, the same flag, but with positions reversed. The latest indications were to the effect that the storm was moving gradually off the coast and would perhaps blow out to sea. Nothing has been heard from Southport, as the wires are down. No damage has thus far been reported and we have heard of none in the city.

At Wrightsville the wind was very violent and a gentleman who lives in one of the most substantial houses on the Sound says that it shook his house for the first time, to his knowledge, since it was built. The rain also fell in torrents. The damages, however, seem confined to blowing down a few panels of fence with here and there the limb of a tree.

About Problems.

MR. EDITOR:—Tell "Bertha" that in the dog problem it isn't the dollar and cents that we are looking for, but the number of hounds.

Now for the chicken problem: A had 105 chickens; fox killed 42; hawk caught 35; died, 15; left remaining, 13. A. H. P.

JARVIS, N. C., Oct. 9, '88.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

WHY WOMEN FADE.

Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for colds. Mund's Bros., druggists.

Programme for the Parade.

The following arrangements have been made by the Young Men's Democratic Club for the grand demonstration to take place in this city on Friday night, the 12th inst:

The members of the Young Men's Democratic Club in full uniform are requested to meet at Linder's Hall, corner of Front and Orange streets, at 7:30 p. m., and report for duty to their division marshals as soon thereafter as practicable.

The first division will form in front of the Market House, with the right resting up Front street, and the second, third and fourth divisions will form successively on the first division. The band will take the usual place on the right of the line, and will meet as prescribed for members.

The procession will start at 8 o'clock sharp and move up Front street in the following order:

Chief Marshal and Staff (mounted).

Germania Cornet Band.

First Division Y. M. D. C., under supervision of Division Marshal G. L. Morton.

Second Division Y. M. D. C., under supervision of Division Marshal L. H. Meares.

Third Division Y. M. D. C., under supervision of Division Marshal Martin Newman.

Fourth Division Y. M. D. C., under supervision of Division Marshal Geo. Branch.

Citizens from various wards in the city.

A halt will be made at the Orton House, during which time the speakers for the occasion and the various committees in carriages will join the procession on the left.

THE LINK OF MARCH

Will then be resumed as follows: Up Front street to Chestnut, up Chestnut to Fourth, down Fourth to Princess, and thence to the Opera House.

Owing to sickness in the neighborhood of the Democratic stand on the corner of Dock and Third streets, the speaking will take place from the steps of the Opera House, the use of the same having been kindly offered and accepted. Seats for ladies will be placed in the City Hall Park.

We now have 213 lamps, which will be given to the members, and it is hoped that those who have been spoken to in reference to transparency will furnish them for this occasion.

Each division marshal should supply himself with a transparency, with his division number on each side, so that the members can easily find their division.

The marshals and assistant marshals will report to the chief marshal promptly at 7:30 o'clock.

Those who have not secured beavers and bandanas should do so at once.

A place in line will be reserved for those who have not as yet secured a uniform, but it is hoped that each Democrat will see the necessity of coming out in full regalia.

J. C. MORRISON, Chief Marshal, J. T. MEDDLIN, 2d Ass't Marshal.
