Why is it that so lew American women have good complexions?" asked Mrs. Langtry on her first visit to America. Her question can be easily answered. Women are sallow because the blood does not circulate well through their bodies. It does not fill their cheeks with rich color and their eyes with brilliancy. It is "sluggish." What is the result? Bad color, weariness, and poor health. What will prevent this? A gentle and pure stimulant that imparts strength, life and good circulation. This is precisely what Duffy's Pure Malt Whiskey does. It is not a beverage; it is a health-giving remedy. It is admitted to have done more in making ladies stronger and healthier than any other preparation known to the world. It has the endorsement of clergymen, physicians and lady workers in the temperance cause, and it has never been known to fail in strengthening, restoring and benefiting. A wellknown lady, writing on this subject, said:

"Ican never describe the change that has taken place in my appearance and in my feelings. Instead of feeling tired and 'blue' as I once did, I am now strong and young, both in feeling and appearance. I had a great prejudice against the word 'Whiskey,' but since I have found that Duffy's is indeed a pure and harmless remedy. I feel like letting all women know what a grand help it is."

The experience of this lady has been verified in thousands of cases, and an innumerable number of women are kept in perfect health to-day wholly through this great remedy. To all purhasers we desire to say: "be sure and secuer the genuine, and take NO OTHER." It is sold

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until it is strong enough to resist every tendency to disease. Hundreds of subtle maladies are disease. Hundreds of subtle maladles are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Scruce Gazette. Made simply with boiling water or milk. We have no regular militia organization in the State, and the great body of our citizens are exempt from a duty which formerly took their valuable time, without adequate profit to the State. Instead, we have a State Guard, a volunteer organization, which is always at the service of the State to aid the civil authorities to quell a disturbance. Guard, under orders from the Govof law, and seemed determined on riot and bloodshed. This appropriation, with a salary of \$600 to the Adjutant General, and \$150 to keep the State's arms and ammunition in order, is all that the military organizations of the State cost. The expenses of the recent Wrightsville encampment, &c., were paid from proceeds of sales of old arms dona ted by the United States.

The Rockingham Rocket, published in Dockery's own county, having been informed that a good old Democrat had announced his purpose to vote for Colonel Dockery because the Colonel was a prohibitionist, raises its hands in holy horror, and

"'Angels and ministers of grace, defend us!' Dockery a prohibitionist! Whence springs the zeal of any Republican who would make it appear that Colonel Dockery favored prohibition, moved by the hope that such impression, lodged in innocent minds, would draw votes to him from the Prohibition party, or at least draw votes off the Democratic party? It is one of the richest things among the humors of the campaign so far, inasmuch as it is a matter of history that Colonel Dockery not only wrote a long letter to the Wilmington Star against prohi bition, but in the campaign of 1881 canvassed portions of the State against it, and actually made bold enough to draw arguments from the Bible in support of his positions. How could the old gentleman of Fayetteville have become so wofully take any other instead. It is a Peculiar misinformed? We would be glad to

Mr. Cleveland and the Democratic

They insist that if pursued, this policy will destroy the prosperity of the people. And that makes up the issue between the Democrats and the Republicans. Which is right?

WACO, TEXAS, May 9, 1888—Gentlemen: The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from a violent itching and stinging of the skin. The disease haffled the skill of of the skin. The disease baffled the skill of the physicians who treated it. Her husband began finally giving his wife Swift's Specific. began finally giving his wife Swift's Specials, and she commenced to improve almost immediately, and in a few weeks she was apparently well.
