THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C., SATURDAY, OCTOBER 20, 1888. NO. 220.

DYSPEPSIA.

That misery experienced when we suddenly become aware that we possess a morbid arrangement called a stomach, the stomach is the reservoir from which every fibre and tissue must be nourished. Any trouble with it is soon felt throughout the whole system. Among a dozen dyspepsias no two will have the same present-symptoms. Dyspeptic symptoms are: a bilious temperament, subject to Sick Headache; those who are thin and nervous are abandoned economy forebodings. Some dyspepsias are wonderfully fatal; others have a wonderful irritability of temper. Whatever form Dyspepsia may take, nothing is certain.

The underlying cause is in the LIVER.

Persons who are equally certain, no one will remain a dyspeptic who will.

WILSON'S LIVER REGULATOR

It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion, and, at the same time, Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Steiner, she was induced to try Wilson's Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Wilson's Liver Regulator and I feel sure she will be restored to all who will be benefited."—Wm. J. Lanest, Fort Valley, Ga.

The outlook for the Democrats at this time is simply brilliant. And it grows brighter every day. A bet of \$1,000 to \$750 in New York on Thursday night found no takers. We have never seen a better prospect ahead at this stage of the canvass in any previous presidential election.

The Democrats in Boston sprung a big surprise on the G. O. P. on Thursday. On that day Mr. Robert M. Moses, Jr., a lawyer of that city and one of the most prominent Republicans in the State, formally renounced his allegiance to the G. O. P. and came out squarely for Cleveland and Tariff Reform.

The estimate is that the increase in registration this year in New York and Brooklyn over 1884 will be about 75,000. Cleveland's majority in New York city in 1884 was 43,000. With the increased registration it will be strange if it is not 60,000 this year. He ought to go to Harlem river with between 70,000 and 80,000 majority.

Even the Democrats in little Rhode Island are getting "sassy." They had a big torchlight parade at Newport the other night and fairly took possession of the town. They fairly painted it red. Millionaires and the sons of millionaires marched in line for three solid hours. Many of the houses were handsomely illuminated.

SHE IS "GRATEFUL."

Late yesterday afternoon the fact became public that Mr. A. Shrier had suspended business. He made an assignment to Mr. Marsden Bellamy and his two stores, clothing on North Front street and shoes on Market street, were closed. The announcement was a great surprise. Mr. Shrier has been a successful merchant here for nearly twenty years and was highly thought of in business circles. Many sincere expressions of regret are heard and the hope is freely indulged that he will soon be able to resume. The exact amount of liabilities is not stated but preferred creditors are scheduled at upwards of \$25,000. It is thought that the assets will about cover the liabilities and Mr. Shrier hopes to resume business again before long.

The full hunter's moon rose in a clear sky last night. It was a gloriously lovely night for the latter part of October.

Capt. R. P. Addison was in the city to-day. He is from Titusville, Fla., and went up to Point Caswell this afternoon to visit his family.

We were pleased to receive a visit to-day from our good friend, Capt. Jno. T. Patrick, State Immigration Agent, who is here in the interests of our own people and city.

City Court.
There was a small crowd of spectators gathered at the City Court this morning and a docket with three cases entered upon it which were disposed of as follows:
Annie Williams, assault and battery, \$10 and costs or 30 days in the county jail.
Jno. Rowan, disorderly conduct, \$10 or 20 days.
Obadiah Jenkins, disorderly conduct, case transferred to Justice A. David.

"Colville Patent Folding Crates."
The Brunswick, (Ga.) News gives a graphic and interesting account of the manufacture in that city by Messrs. Colville & Dexter, of the "Colville Patent Folding Crates." Mr. Colville, the senior partner, was for many years a highly esteemed resident of this city. The crates are made from refuse lumber and that cheapens the cost. They are light and durable and can be used many times. They are easily filled and as easily emptied and can be folded to occupy a very small space. The manufacturers turn out from 600 to 800 per day and they can be put on the market at very low prices.

Suspension of Mr. A. Shrier.
Late yesterday afternoon the fact became public that Mr. A. Shrier had suspended business. He made an assignment to Mr. Marsden Bellamy and his two stores, clothing on North Front street and shoes on Market street, were closed. The announcement was a great surprise. Mr. Shrier has been a successful merchant here for nearly twenty years and was highly thought of in business circles. Many sincere expressions of regret are heard and the hope is freely indulged that he will soon be able to resume. The exact amount of liabilities is not stated but preferred creditors are scheduled at upwards of \$25,000. It is thought that the assets will about cover the liabilities and Mr. Shrier hopes to resume business again before long.

Jay Gould's wonderful new yacht will, it is said, be most completely and elegantly furnished. Among other useful and indispensable things ordered for it was a box of Dr. Bull's Cough Syrup.

Thanksgiving.
It has been suggested that in all of our churches to-morrow thanksgiving exercises shall be held for the mercy of God in protecting our city from epidemics, earthquakes, riots, cyclones, storms, &c., during the past year. It is an excellent suggestion and may be acted upon by all of our churches, both white and colored.

Inconvenient Hours.
There is a great deal of complaint in the different wards about registering. We had several working men to tell us yesterday that they could not get a chance to register because the books were not open when they started to work and were closed before they got off. The hours now are from 9 to 2 and from 3 to 5. From 9 to 2 and from 5 to 8 would probably accommodate all.

Capt. Patrick in Wilmington—A Laudable Undertaking on Hand.
Capt. J. T. Patrick, Commissioner of Immigration, is in the city to-day on a matter of vital interest to the people of Wilmington. He thinks and not without reason, that a large part of the travel which usually goes to Florida from the North can be stopped here. He is here by invitation of Mayor Fowler, with whom he had a conference, to-day, and by invitation of Mr. Chadbourn will go down to Wrightsville and the Hummocks this afternoon. He thinks our climate suitable in every respect to Northern pleasure seekers as well as to invalids, and our mortality statistics show that there is no healthier spot on the whole Atlantic coast.

This laudable undertaking meets with the hearty approval of the REVIEW and we are confident that it will meet with the cordial and undivided endorsement of all of our people, for all will be benefited by the result, from the banker down to the bootblack. The Northern visitors have aided in building many fine churches in Florida and they contribute liberally to the weekly collections at the churches. The larger number of visitors are invalids and have to patronize our doctors and druggists. The schools of the city will be benefited, for many families will bring their children and send them to school. Real estate dealers will have a happy time. The hotels and boarding houses will reap a harvest. The butchers, the bakers, the grocery men will have to supply the provisions for the hotels. The lively stables will be patronized extensively. The street railway and the Seacoast Railroad will receive a large amount of patronage. The excursion steamers that are now idle can count on large profits. The saloons, the barbers, and in fact every citizen of the place will have a show in the prosperity and money brought to Wilmington.

The plan formulated by Captain Patrick is to have the advantages of Wilmington as a health resort fully written up and published in convenient form, to be sent to every physician in the Northern and New England States. This is a splendid way of reaching those who spend their winters South, for the doctors in a large measure direct the winter travel. Capt. Patrick also proposes to visit a number of prominent towns North and personally meet the physicians and secure their influence for this and other North Carolina cities and towns that offer good hotel accommodations. From the success Capt. Patrick has heretofore had in this direction we are confident, with the yellow fever scare to keep the travel from Florida, Wilmington can count on a great number of visitors if our people will only do their part. It is proposed to raise the means necessary to fully advertise the city by donations from those most interested, and if sufficient funds is not secured in this way the city authorities have intimated that they will recommend an appropriation of two or three hundred dollars. Now is the time for the people of Wilmington to act and we hope that when called upon they will subscribe liberally, for they will be giving to an undertaking that will return to them and the city many thousands of dollars.
