

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. Not economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

The Daily Review.

SATURDAY, OCT. 27, 1888.

STATE NEWS.

Newton Enterprise: There is as much money to be made from raising apples right here in Catawba county as in the mountains or anywhere else. Capt. R. P. Reinhardt this week has gathered 150 bushels of "leather coats" from eight trees, and about 50 bushels had been gathered from the same trees. They readily bring 50 cents a bushel.

Goldsboro Argus: The county canvass is progressing with ever brightening cheer for the Democratic ticket, while the Republicans themselves are even so hopeless as to confess openly many of them, that they have made a mistake in their candidates—that they should have nominated straight out Republicans and not a "turn coat" crew who are Republicans for spoils only.

Raleigh News and Observer: The Secretary of State has sent blanks for election returns to the Register of Deeds of the several counties. If any have failed to receive them they are requested to make it known. The splendid new three reed sand dollar pipe organ which has been ordered for Edenton Street Methodist church is expected to arrive next month. An annex is being built in the rear of the church to accommodate the organ which will be a large and magnificent instrument.

Durham Recorder: About twelve months ago Mr. J. T. Wilkins, of this place, saw an advertisement in a matrimonial paper, by a young lady in Troy, Vt., and he answered it. Friendly letters were passed between them. Photographs were exchanged. The correspondence ripened into mutual love and to-day we chronicle the result. They had not seen each other, but it was mutually agreed that they should meet at the Richmond Exposition. They did so, Mr. Wilkins leaving here Sunday. They met and both being satisfied with their choice, they will be married to-night.

Wilson Advance: Mr. George P. Sugg, who has had considerable experience in curing pea vines hay, gives us the following directions for successfully curing this valuable forage: Cut pine poles, 7 feet long, burying 1 foot deep, tack two slats cross ways each other 12 inches from the ground. Pack the pea vines on this with a pitchfork immediately after it has been cut—before the sun shines on it long. Grass can be cured the same way except that it should be sunned one day. Peas should be cut when a few of the pods are beginning to turn creamy. Mr. Sugg says he made 10,000 pounds of this forage at a cost of only \$7.45 after paying for everything. It is undoubtedly an exceedingly cheap food for cattle.

Rockingham Rocket: Harvey Quick, colored, and one of the most intelligent men of his race in this State, has written a book entitled "Negro Stars in all Ages of the World." He is now negotiating for its publication. — Mrs. Louise Powell died at her home near Little's Mills, in this county, on the 16th inst., aged about 82 years. Her maiden name was Manly, a name distinguished in North Carolina history. She was a sister of the late ex-Gov. Charles Manly. — Rev. C. N. Grandison, a colored prohibition orator, made a speech here on Wednesday night of last week. He made a splendid speech in which he told the colored people some mighty plain truths. — We are informed by Mr. Dowdy, living near Laurinburg, that he had picked, packed and marketed this season 18 bales of cotton averaging more than 500 pounds to the bale, and that he would gather two bales more—making out twenty bales to one male crop. His grain crop will turn out a sufficient year's support. Besides, on 3 acres, from which he took a crop of oats in June, he planted the Red Ripper pea which yielded 20 one horse loads of heavy hay. Pretty good for a bad crop year.

TERRIBLE.

Two thirds of all deaths in New York City are from consumption or pneumonia. The same proportion holds for most other cities. Delays are dangerous. Dr. Acker's English Remedy for Consumption will always relieve, and may save your life. Munds Bros., druggists.

Personal.

We were pleased to receive a visit this morning from Mr. Robert Henning, formerly of this city, but now of Richmond, who is here on a brief visit. This is what Mr. Henning still calls "home," as do nearly all of the exiled Wilmingtonians. He expresses himself as highly pleased at the signs of a healthy prosperity which he finds on every hand and thinks we are destined to a glorious commercial future.

Stedman at Goldsboro.

Lt. Gov. Stedman has been doing some very effective work in this campaign. He draws out immense crowds wherever he has spoken and has been received everywhere with unbounded enthusiasm. He makes telling speeches for Judge Fowle and has won for him many votes. He spoke in Goldsboro on Wednesday night and the *Argus* says:

The large crowd that gathered at the Court House in this city Wednesday night to hear Lieut. Gov. Chas. M. Stedman, was perhaps the most representative gathering of our citizens that has come together on a like occasion during this campaign. White and black, Democrats and Republicans, were there, and the earnest, patriotic, convincing words of the speaker were as much applauded by one element as the other. In fact, his effect upon his large audience was electrical. He carried them to a man with him as he led them back and forth through the political history of our country and State and compared the records of the two opposing parties that are to be voted for in the coming election, and so did he hold them up, both in their true light, that we venture there was not a Republican in his hearing that did not feel his cheek tinge with shame as his heart recognized the justice of the peerless Stedman's scathing arraignment of that party for its unbroken record of corruption in all things.

Democratic Convention.

The convention of the Democratic party in New Hanover county met at the Court House this morning at 11:15 o'clock in adjourned session. In the absence of Mr. Riand, the Chairman, the Convention was called to order by Mr. Jno. D. Bellamy, Jr., who nominated Mr. Samuel Bear, Jr., as temporary Chairman.

On motion of Mr. W. B. McKoy, Mr. Bear was made permanent Chairman, and on motion of Mr. H. McL. Green, Capt. J. M. McGowan was made Secretary.

Mr. McKoy stated that the Executive Committee thought it was best for a call of the Convention to be made to take into consideration the matter of nominating a county ticket and moved that the matter be left to the Executive Committee with power to act. Mr. J. C. Stevenson offered as an amendment that the committee have power to nominate a ticket with the exception of Sheriff. The amendment was accepted and the motion adopted as amended.

Mr. Bellamy appealed to all good citizens to aid the Executive Committee in procuring funds.

On motion the Convention adjourned.

Creosote Lumber and Construction Co.
The Board of Directors of the Creosote Lumber and Construction Company met here yesterday. The Board consists of Gen. Wm. Mahone, of Petersburg, Va.; Mr. A. A. Thomas, of Washington, D. C.; Col. H. R. Duval, of New York; Senator M. C. Butler, of South Carolina; Capt. Jno. F. Divine, Mr. J. N. Sebell, Mr. Geo. W. Kidder, Mr. R. G. Ross, and Col. W. P. Canaday, of Wilmington, N. C.; Col. E. R. Brink, of Florida, is Secretary and Treasurer, and Col. W. P. Canaday, President of the company.

The report of the Executive Committee, of which Capt. J. F. Divine is chairman, shows that the affairs of the company are prosperous and its finances in splendid condition.

The plant of this company is located at Fernandina, Fla., and has a capacity of 25,000 feet per day. The company is an outgrowth of the Carolina Oil and Creosote Company of this city. Altogether they are doing an immense business, and have the largest and best equipped works in the world for the business in which they are engaged. Besides these works the company have commenced the construction of an extensive plant on the Pacific Coast at Seattle, Washington Territory, known as the Puget Sound Creosote Company.

Rock Crystal Spectacles and Eyeglasses

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

WHY WOMEN FADE.
