SIMMONS
LIVER
REGULATOR

Its peculiar efficacy is due
as much to the process and
skill in compounding as to
the ingredients themselves.
Take it in time. It checks
dyspepsia, cleanses the bowels,
and advances will prove a potent cure.
No Home should be without it.

It takes the place of a
doctor and costs very
little. All who lead
sedentary lives will find
it the best preventive of
constipation, Headache, Biliousness,
Nervousness, Depression, No loss
of time, no interference with business
while taking. For children it is most in-
valuable and harmless. No danger from
exposure after taking. Cures Colic, Di-
arrhoea, Bowel Complaints, Feverish-
ness and Febrile Colds. Invalids and
delicate persons will find it the most
agreeable and tonic they can use. A little
taken at night insures refreshing sleep
and a natural evacuation of the bowels.
A little taken in the morning sharpens
the appetite, cleanses the stomach and
sweetens the breath.

A PHYSICIAN'S OPINION.
"I have been practicing medicine for
twenty years and have never been able to
put on a vegetable compound that would
effectively move the liver to action,
and at the same time aid (instead of weak-
ening) the digestive and assimilative
powers of the system."
L. M. HINSON, M.D., Washington, Ark.

THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C., TUESDAY, NOVEMBER 6, 1888. NO 234.

The Pope has received jubilee
gifts of money to the amount of \$5-
750,000. France has been the most
liberal donor of cash, while the
smallest offerings came from Spain,
Portugal and Poland.

The first school census taken in
Georgia since 1882 has just been
completed. It gives the total num-
ber of children of school age as 560-
281, against 508,722 in 1882, and shows
that in the country districts the
boys outnumber the girls, while in
the cities and towns the girls pre-
dominate.

A curious ferry boat is building
for the River Clyde at Glasgow. In-
stead of requiring movable landing
stages or bridges to meet the rise
and fall of the tide, the deck of the
boat itself will be movable, as it
will rest on six hydraulic elevators,
by which it can be raised or lower-
ed. The boat will be a double ender,
150 feet long, of 55 feet beam, and 12
feet 6 inches draught.

There is as yet no news of any de-
cisive importance from the elections.
Our paper closes before the polls
close and therefore we cannot indi-
cate the result from the actual vote
anywhere. If it is close it may
take several days to ascertain the
actual result. This we do not an-
ticipate, however. We think that
North Carolina has surely gone Dem-
ocratic and that by a majority not
less than 25,000, while we feel equal-
ly sure that Cleveland is elected by
a larger vote in the Electoral Col-
lege than was given him in 1884. Our
estimate is that he can surely count
on 219 votes and probably more than
that.

James G. Blaine, Sr., has at last
mustered up courage to defy his
wife. He has set about to bring on
a reconciliation between James G.
Blaine, Jr., and his pretty wife. A
careful investigation, it is claimed,
has been made into the whole affair,
including the numerous evidences of
his son's improvidence. In all this,
it is said, nothing was found to show
that his son's wife had been any
thing but a loving, faithful helpmeet
and mother. The publicity of the
affair greatly annoyed Mr. Blaine,
but he found that his daughter-in-
law was in nowise to blame for that,
and that she still loves her husband
devotedly. Young Blaine is heav-
ily in debt, but the old man will fix
that. Mrs. Blaine, Sr., was called
to New York by telegraph for a
family conference. Intimate friends
of the family say that all is now at
peace.

Let's see, you can't make wrong,
right, or darkness, sunshine. Of
course not, but one bottle of Salva-
tion Oil can change a half-frantic
victim of rheumatism, into a very
dove of gentleness.

The net gain for the Democratic
party in New Hanover, by the elec-
tion to-day, will be nearly 300 votes,
according to the registration list. If
all of the State will do as all Cleve-
land and Fowle will have from 40,
000 to 50,000 majority.

The receipts of cotton at this port
to day foot up 944 bales.

Rev. Dr. T. H. Pritchard will
preach to night at the Baptist Chap-
el, corner Fifth and Wooster streets,
at 8 o'clock.

All quiet along the Carolina Cen-
tral to-day. No disturbance what-
ever has been reported from either
Richmond or Mecklenburg counties.

Hon. A. M. Waddell returned to
the city this morning, after some
most arduous work in his canvass of
the State, but work that has count-
ed for some magnificent results for
the Democratic party at the polls
to-day.

There are five young men in Ma-
sonboro township who cast their
maiden votes to-day for Cleveland
and Thurman. One of these is the
son of a Republican and the other
was raised by his uncle, who is a Re-
publican.

Jumbo, not Barnum's Jumbo, but
another equally marvelous, is in
the city and on exhibition. This
Jumbo is a man and weighs 649
pounds, although he is but 25 years
old. He is on exhibition at No. 17
Market street. See ad in this issue.

We close at 4 o'clock and at that
hour the voting is progressing quiet-
ly. The Democrats are polling their
full strength. A great deal of in-
terest centers on Mr. Johnson for
Sheriff, for whom the Democrats are
voting largely. The indications now
are that Mr. Johnson will run pret-
ty close to Sheriff Manning.

Hurrah for Columbus.
Information was received here
this afternoon to the effect that
Columbus county will give 1,250
Democratic majority and may pos-
sibly do even better than that. This
information comes to us from one
of the most prominent and reliable
gentlemen in that county. Colum-
bus gave over 900 majority in 1884
for the Democratic ticket.

Audit and Finance.
The Board of Audit and Finance
met in regular session yesterday
afternoon. Present: R. J. Jones,
Esq., chairman; Mr. Wm. Calder,
and Mr. W. I. Gore.

On motion, the order adopted by
the Board of Aldermen to furnish
the police force with pistols and
holsters, was concurred in.

Seven coupons for \$125, redeemed
and cancelled, were burned in the
presence of the Board.

Alderman Pearsall, of the Com-
mittee on Streets and Wharves of
the Board of Aldermen, was present
at the meeting for the purpose
of conferring with the Board
in regard to the matter of continu-
ing the paving of North Front
street beyond Mulberry.

Mr. Calder and Mr. Gore favored
the continuation of the work on
North Front street, while Mr. Jones
advocated stopping the work on
North Front street and paving
Market street, between Front and
Second. Finally, Mr. Calder sub-
mitted a motion, "that it is the
sense of this Board that the Com-
mittee on Streets and Wharves
should prosecute and complete the
paving of Front street, north of
Mulberry, as speedily as possible." This
motion prevailed—Messrs.
Calder and Gore voting in the af-
firmative and Mr. Jones in the nega-
tive.

Bills were audited and approved
as follows: Current expenses, \$3-
600.38; coupons, \$125; refunded taxes,
\$131.34.

November Sun and Meteors.
The sun rose on the 1st at 6h. 18m.
a. m., and set at 4h. 40m. p. m., mak-
ing the length of the day 10h. 22m.
The sun rises on the 30th at 6h. 52m.
a. m. and sets at 4h. 6m. p. m., mak-
ing the length of the day 9h. 23m.
The decrease in the length of the
day during the month is 59m. The
decrease in the morning is 35m. and
in the evening it is 24m. The day
at the close of November is 5h. 48m.,
shorter than it was on June 23d.

The earth plunges through the
gigantic meteor-zone on the 13th,
and stray meteors caught in the con-
cussion with the earth's atmosphere
will be visible on the nights of the
12th, 13th and 14th. There will
probably be only an ordinary dis-
play, but it is well to be on the
watch, for no one can tell what may
happen. The November meteor-
zone is made up of a collection of
meteors, following in the track of
Tempel's comet. Its perihelion rests
on the earth's orbit, and its aphe-
lion is beyond the orbit of Uranus.

All the Way From Brazil.

A queer looking little craft put in
at Southport on Sunday night. She
is about 30 feet long, sharp at both
ends, and has three masts. She is
from some port in Brazil and is
manned by a man and his wife and
his son and they were 20 days in
making this port. We did not
learn her name, or that of the skip-
per, but it seems that he was in
command of a vessel which was
lost somewhere on the coast of Bra-
zil. He managed to get ashore with
his wife and son and there he built
this boat of cedar and mahogany.
Her masts, gaffs and booms are
made of Brazilian cane and cane is
lashed all around the little craft to
make her buoyant and upright. The
party intend to proceed from this
place to Washington and from thence
to New York, in the small craft.

This reads somewhat like a chap-
ter from one of Mayne Reade's
works or the Swiss Family Robinson
To-morrow we may be able to give
further particulars.

The Last Rally.

The demonstration at the Opera
House last night was the fitting
close to a most brilliant canvass. It
was one of the grandest things
known in the political history of our
city. The young men certainly
"whooped 'em up." The torchlight
parade was a very large one and
the "cavalary" mounted nearly a
hundred horses. It was a beautiful,
pleasant night and the streets were
thronged with ladies and children
who had come out to witness the
crowning act of the campaign. Fire
works blazed in the air and some
of the houses on the line of march
were handsomely illuminated.

The line was from the headquar-
ters of the Young Men's Democratic
Club on Front street, down Front to
Market and on Market to Lt. Gov.
Stedman's, where that gentleman
was received. The line was then
reformed and proceeded to the
Opera House, which had already
been well filled with a large number
of ladies and gentlemen, who had
gathered there in advance of the
arrival of the procession.

Maj. Stedman was very happily
presented to the audience by Mr.
Sol. C. Weill and then that gentle-
man arose and proceeded to address
the vast assemblage. We cannot
follow him through the intricacies
of his speech and if we could would
despair of reproducing any of it in
a way that could give any one an
idea of its magnificent presentation.
The distinguished gentleman liter-
ally excelled even his own previous
efforts. It was one of the very best
political addresses ever delivered in
this city and has never been excelled
here even by Senator Ransom, or
Senator Vance, those masters of
logic and eloquence. This is the
verdict of all who heard him last
night. Maj. Stedman concluded by
predicting a glorious victory for Gar-
field, both State and Federal, and
his prophecy will be literally ful-
filled.

man, and Messrs. Roger Moore, E.
