Rock Crystal Spectacles and Eyeglasses Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Pine Straw For Ever!

Pine straw matting will run cocoa out of the country some of these days. It is used extensively in all of the Southern States and the *News and Observer* tells us that "Clerk C. D. Upechur has carpeted the floor of his office with it, and the office of Mr. A. A. Thompson, commission merchant, and several other places in the city are carpeted with the same material."

Raid on Butcher Pens.

On Sunday night some one broke into Mr. Jno. F. Garrell's butcher pen and stole therefrom four pigs. He then set the place on fire but the flames were discovered and suppressed. Last night Mr. I. B. Rhodes' pen was raided and a quarter of beef and a sheep were stolen therefrom. These deprivations are becoming frequent of late but some of these days—or rather nights—the rascals will run against a snag and then a charge of buckshop will wipe out old scores, as well as new ones.

Fire in the Country.

The three-story frame dwelling house, owned and occupied by Mr. Cannon, on Town Creek, in Brunswick county, some ten miles from Wilmington, was destroyed by fire Sunday afternoon about 3 o'clock. The fire is supposed to have been caused by sparks from the chimney falling on the roof, and had made such progress before it was discovered that only part of the furniture could be saved. It is said that there was insurance on the building to the amount of \$1,200.

Prof. Burk's Equine Collage.

Prof. Burk and his trained horses will exhibit in this city on Thursday and Friday evenings, with a matinee on Thursday. It is an unique and pleasing entertainment and draws large houses wherever it shows. The box sheet will be opened at Heinsberger's to-morrow when reserved seats may be secured. An exchange says of it:

The performances of the remarkable troupe of highly educated horses, under the management of Prof. T. K. Burk, in spite of unfavorable weather, have drawn unexpectedly large crowds during the past week. Manager McLean has again engaged these horses for one more week. These horses are the best of all the trained equines that have ever appeared before an appreciative public. They are, moreover, very handsome horses and it is pleasant to watch their graceful evolutions as it is entertaining.

Disabled Confederate Veterans.

The North Carolina Confederate soldiers who received severe wounds in the late war and are receiving pensions from this State propose holding a convention in the city of Raleigh on or about the 23d of January next. The railway officials have kindly consented to give three delegates from each county free transportation. The *News and Observer*, in recording this fact, very truly says:

It should not only be the duty but the pleasure of every one to aid those men who suffered for a cause that we all thought right. Their numbers are growing less year by year, and ere long we will not have any of the one-legged and one-armed soldier boys who followed Lee and Jackson. We hope that the people will not only make their stay pleasant while in this city, but aid them in securing a larger pension from our State. We are able to give these men more than eight or ten dollars per year. We are surely able to tax ourselves five cents each, in addition to what we now pay. This would be a small amount to each man, woman and child in the State, but it would add materially to pensions now given the old soldiers.

Criminal Court.

This court will adjourn either this afternoon or to-morrow. Two cases were tried to-day and there was one more on the docket at 3 o'clock. These disposed of to day were as follows.

State vs. Levi Nixon, perjury. Not Guilty.

State vs. Henry Loftin, disorderly conduct. Guilty.

In Preparation.

The children of St. John's Sunday school are practising now for an entertainment entitled "Winter's Court," to be given some time during the holidays. A Christmas tree and other interesting incidents will be introduced into the piece. A small price will be charged for admission and the proceeds are for the benefit of the church.

Now, Who is the Liar?

We have received a communication from Wm. H. Cullingworth, who signs himself Postmaster at Richmond, Va., in reply to our strictures of a few days since, relative to the delay in delivery in Richmond of both letter and newspaper mail. Mr. Cullingworth is very wrathful and lets his anger outrun his discretion. He charges us with "a deliberate falsehood" in saying that "letter mail is kept on hand a full day," &c. Now, let us see who is the liar. The *DAILY REVIEW* of Monday, November 12th, left here on the midnight train, at 12:05 a. m. The train gets to Richmond about 7 o'clock in the morning and yet Monday's *REVIEW* was not delivered in Richmond until Wednesday morning. This was not, by any means, an isolated instance. We returned to this city from Richmond at 9:55 on Wednesday night and mailed a postal before 10:30 the same night for Richmond, which, undoubtedly, left here on the midnight train and was not delivered until Friday morning. These are facts beyond dispute and Mr. Cullingworth will find it troublesome to encounter them.

We think that we have established our case, but if Mr. Cullingworth is not satisfied we will refer it to headquarters at Washington City and see what they will say about it there.

As to the language of the letter, the charge of "deliberate falsehood," &c., safely made at such long law, that is a matter for private adjustment if it shall ever be our lot to meet Mr. Cullingworth face to face.

North Carolina Day at Augusta.

The management at the National Exposition at Augusta, Ga., has appointed Thursday, December 6th, as "North Carolina Day." They have extended an invitation to all the people of our State to visit their city at that time, that they may see the wonderful Exposition of Southern industries and Northern machinery that have been concentrated in the immense building they have erected, and at the same time that the people of the two States may meet socially, and confer together upon questions of vital interest to all. From all we have been able to gather from our exchanges, we have come to the conclusion that the exposition at Atlanta covers a larger area of industries, and shows better what the whole South is doing, and what it will be able to do in the future than heretofore held. We learn also that the different railroad companies have made such liberal arrangements for special days as will enable everyone of our readers to visit Augusta at a lower cost than they could ever have done in the past, or that there is any probability of their being able to do after the exposition closes. We are gratified to know the management has invited Senators Vance and Ransom, Hon. Alfred M. Waddell, and other distinguished citizens to go to Augusta at that time and to address the throngs assembled there. We hope that everyone of our readers who can, by any possibility, make the trip will do so, for the very best exhibit that North Carolina can make anywhere is an exhibit of its own sturdy, intelligent and patriotic citizens.

Pimples, Sores, Aches and Pains.

When a hundred bottles of sarsaparilla or other pretentious specifics fail to eradicate in born scrofula or contagious blood poison, remember that B. B. B. (Botanic Blood Balm) has gained many thousand victories, in a many seemingly incurable instances. send to the BLOOD BALM Co., Atlanta, Ga., for Book of Wonders," and be convinced. It is the only TRICK BLOOD PURIFIER.

G. W. Messer, Howell's X Roads, Ga., writes: "I was afflicted nine years with sores. All the medicine I could take did me no good. I then tried B. B. B. and 8 bottles cured me sound."

Mrs. S. M. Wilson, Round Mountain, Texas, writes: "A lady friend of mine was troubled with bumps and pimples on her face and neck. She took three bottles of B. B. B., and her skin got soft and smooth, pimples disappeared and her health improved greatly."

Jas. L. Bosworth, Atlanta, Ga., writes: "Some years ago I contracted blood poison. I had no appetite, my digestion was ruined, rheumatism drew up my limbs so I could hardly walk, my throat was cancerized five times. Hot Springs gave me no benefit, and my life was one of torture until I gave B. B. B. a trial, and, surprising as it may seem, the use of five bottles cured me." nov 10 1f cod&w
