WILMINGTON. N. C.

WEDNESDAY, JAN. 2. 1889.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

Marblehead, the Massachusetts town recently destroyed by fire, has quite a history. It was originally a part of Salem, and was incorporated as a distinct town in 1649, at which time it contained forty-four families. Many of the settlers were from the Channel Islands, and their peculiarities of language are still to be noticed among the inhabitants. At the beginning of the Revolutionary war Marblehead was the second town in Massachusetts in population and wealth. It contributed a regiment of 1,000 men to the army, and at the end of the war there were 600 widows and 1,000 fatherless children in its population of less than 4,000. During the war of 1812 the frigate Constitution was chiefly manned by sailors from Marblehead. The town also sent out a great number of privateers, and when peace was declared it was found that 500 citizens were held in England as prisoners of war.

The New York *Tribune* says: "The Rev. Wilbur F. Crafts, pastor of the First Union Presbyterian Church, who at the National Convention of the American Sabbath Union was selected to undertake the active work of pushing the Sunday Rest bill through Congress, will enter upon his new duties on January 1st. This bill, which is in charge of Senator Blair, advocates the discontinuance of all Inter-State trains on Sunday, thus providing a day's rest for many thousands of railway men, who now regularly work seven days a week. The bill has received the official sanction of nearly every religious denomination, in addition to which the Knights of Labor, Central Labor Union, Brotherhood of Locomotive Engineers and Cardinal Gibbons are actively supporting it. The headquarters of the executive committee, of which Col. Elliott F. Shepard is chairman, will be at No. 23 Park Row."

The raising of fruit and vegetables for the Northern and Western markets is a rapidly growing industry along the line of the Illinois Central Railroad between New Orleans and Canton, Miss., and the pioneers in this industry have so far found it far more profitable than the cultivation of cotton. A gentleman living at Independence, La., realized last season the sum of $11,000 on his strawberry crop, and even larger profits are being made by persons at other points—by the farmers who have gone into the business on a large scale. Crystal Springs, Miss., has within the past three years become the most important point for the shipment of vegetables in the South, and last year a large canning factory was established there. The shipments of fruits and vegetables from the principal local stations on the Illinois Central Railroad between New Orleans and Canton, Miss., for 1888 aggregated 58,225 tons, being an increase of 26,707 tons, or 85 per cent., compared with the previous year.

The commissioners for the revision of the excise law in New York have been wrestling with the question of opening the liquor stores on a part of Sunday, or closing them altogether. There were three propositions before the commission on the subject: One to permit saloons in cities to be opened from 12 to 5 p. m. on Sundays, with the consent of the mayor and council; an amendment that the new law should reaffirm the provision in the present law, that the saloons should be kept closed during the whole of Sunday; and a substitute that the sale of beer should be permitted for one hour on Sundays from 12 to 1 p. m.—through an aperture—not to be drunk on the premises. The latter proposition was offered by the Rev. Dr. Howard Crosby, who said he had some consideration for the German element, who were accustomed to drink beer with their dinners, and he was willing to make some provision for their comfort. The discussion on these propositions was vigorous and at times heated, and the result of the vote was that they were all negatived. It was then voted—three to two—that all saloons be kept closed on Sunday, and that the sale and disposition of intoxicating liquors on that day be not permitted. The commissioners agreed that the section of the rules providing for the closing of liquor stores on election day should read so as to require the places to be closed only while the polls are open.

WHY WOMEN FADE.

Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for colds. Munds Bros., druggists.

Eupepsy.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and oust the demon Dyspepsia and install instead Eupepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c. and $1 per bottle at Wm. H. Green & Co's Drug Store.

JANUARY JOKES.

Many large wagers are chronicled from time to time; but Queen Elizabeth still remains the greatest Bet in history.—*Boston Bulletin.*

She—"Good gracious! How dark it is. I can hardly find my mouth." He—"Allow me, Miss, to assist you in searching for it."—*Siftings.*

When you want to intimate to a man that you consider his veracity questionable, the safest plan is to use the telephone.—*Syracuse Herald.*

Little Girl (reading book of travels in North Africa)—"At last I reached the summit, and saw the whole of the famous mountains outspread beneath me like a map." "Oh! then, that's why they call them the Atlas mountains."—*Harper's Young People.*

It is said that when General Grant was in Japan the Japanese Premier, Prince Kung, desiring to compliment the General by telling him that he was born to command, tried it in English with this result: "Sire, brave General, you vas made to order."—*Phila Times.*

Ringing Noises

In the ears, sometimes a roaring buzzing sound, are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered." Peculiar in its "good name at home,"—there is more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly.

Hood's Sarsaparilla

Is Peculiar to Itself

Fertilizers, Pine Fibre and Pine Fibre Matting.

WILMINGTON, N.C

THE REPUTATION OF OUR FERTILIZERS the ACME and GEM, is now established, and the results of three years' use in the hands of the best farmers of this and other States attest their value as a high grade manure.

The MATTING, made from the leaves of our native pine, is conceded to be equal to any wool carpet for comfort and durability and the demand for it is daily increasing. It has virtues not found in any other fabric.

The FIBRE or WOOL is extensively used for upholstering purposes, and as a filling for Mattresses is almost equal to hair, being light elastic and proof against insects.

Certificates from reliable parties using our goods can be seen at our office, or will be mailed upon application. jan 4 tf

MISCELLANEOUS.

PEED'S MILL, TEXAS, June 20, 1888—The Swift Specific Company, Atlanta, Ga.—Gentlemen: One of my children was troubled with rheumatism and boils for about two years. We gave her various kinds of medicine, but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the diseases all disappeared, and she is now a hale, hearty and healthy girl twelve years old. Another child has just become afflicted in the same way, and I am using the S. S. S. and anticipate a prompt and permanent cure. N. C. WAGGONER.

RICH HILL, MO., July 7, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust, hearty child. I feel it but my duty to make this statement. Respectfully, H. T. SHOBE.

CHATTANOOGA, TENN., June 27, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: In 1886 I contracted blood poison, and at once sought a physician, who treated me for several months. By his advice I went to Crab Orchard Springs, Ky., where his course of treatment was carefully observed. I recovered, as I thought, but the next spring pimples began to appear on my face and body. These gradually increased to sores and running ulcers. I was advised to try S. S. S., and immediately after taking it I commenced to improve, slowly at first, but more rapidly afterwards, and soon nothing remained to tell of my trouble. My blood is now thoroughly cleansed, and my system free from taint, and I owe my present condition—a perfect cure—to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit.
HARDY M. BURT, 24 West Ninth St.

HOMER, LA., May 25, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: About two years ago my general health gave way entirely. I was so debilitated that I almost despaired of ever feeling well again. All that the physicians done for me brought no permanent relief. Friends insisted that I should give S. S. S. a fair trial, although I thought it would be throwing away money. After taking a thorough course, my health and strength returned, and I must say that S. S. S. alone cured me, as I discarded all others while using it. As a tonic I can most heartily recommend it; for general debility it certainly is a specific. W. F. BRIDGES, J. P.

HOMER, LA.—I know Mr. W. F. Bridges, and will say that his statement is correct.

1,500 ACRES OF LAND IN THE PINE leaf pine region. For sale on easy terms in lots to suit purchasers. Four acres for $25. Larger tracts $5 per acre, in monthly payments of $10. This land adjoins the "Southern Pines", a recently established health resort (or sanitarium), and is specially adapted for Fruit Culture, as well as all the cereals. A number of New England people have bought lots in the town of "Southern Pines," and it is the desire of the owners of this land to induce small farmers, mechanics and others from the New England and Middle States, as well as elsewhere, to locate here. No State in the Union offers greater inducements to settlers than North Carolina. Nowhere can better farming country or as fine a climate be found. This is the opinion of Northern men who have settled in North Carolina. This is a *bona fide* offer, and is limited

25th Annual Session.

THE TWENTY-FIFTH ANNUAL SESSION of Misses Burr & James' School will commence on Thursday, Oct. 4th, at St. John's Chapel, on Third, between Red Cross and Campbell streets, where it has been located for the past two years. The street cars running on Red Cross, a few yards from the building, can cover any objection to distance. A well ventilated schoolroom, pleasant playground, good cistern of water and retired situation make it more desirable than most central localities available.

The Principals, as heretofore, will spare no effort for the advancement of the pupils kindly entrusted to their care, giving individual attention to each, and ruling with firm but loving discipline.

Their many graduates, some of them now occupying the position of teachers, testify to their success. As always stated in their circulars, scholars received only for the session—no deduction being made except in cases of protracted sickness. Those entering after October charged only from date of entrance.

MUSICAL INSTRUCTION given by Mrs. A. S. Cushing, whose life-long devotion to the science and long experience in teaching should be a guarantee for her ability.

Vocal music, Calisthenics and Free Hand Drawing, free of charge, daily exercises.

Instruction in Needle-Work of all kinds, also free of charge, given weekly.
