Of this balance, Mr. Bain ex

These dividends are applied under the law and decree of the United States Circuit Court, only to the payment of the interest on the new 6 per cent. State bonds, and the fund was being used for that purpose at the time the bank closed.

The legitimate revenues derived from tax on property and other sources for general purposes, and to pay the interest on the four per cent. bonded debt, were, for the fiscal year ending November 30th, 1887, \$655,715.70; for the fiscal year ending November 30th, 1888, \$515, is a peculiar medicine, possessing,

The collection of the tax on"drummers," which formerly yielded an annual average amount of \$83,000, was necessarily suspended on ac 7th, 1887, in the case of Robbins vs. Shelby County Taxing District, Tennessee, and a decision of the United States Circuit Court, Eastern District of North Carolina, in the case of Henderson vs. Warren, Sheriff of Chowan county, which latter case is now pending in the Supreme Court of the United States. In the first case, the Court holds that "no regulations can be made directly affecting Inter-State Commerce," and any such regulation "would be an unauthorized interference with the power given to Congress over the subject.

During the fiscal year 1887, \$35,-275 were collected from this source, nearly all before the decision of March 7th, and only \$400 in the fiscal and preparation of ingredients,

The tax on One drummers, he apprehends, will be entirely lost, which will increase the loss this year to \$160,000, as compared with the collections under the former levy of twenty-five cents.

We have then this statement. The erto unknown, and has won for itself otal estimated expenses for the next wo years are \$713,580, the estimates being made in accordance with existing statutes "except as to normal schools (an increase of \$4,000 for the of Hood's Sarsaparilla white schools having been recom Lowell, where mended by the Superintendent of

Public Instruction). The estimated resources for the same period, on the basis of existing rates of tax on all subjects except property, are \$702,395, and there is no balance," says Mr. Bain, "to add to this amount of resources, except about \$7,000, as the small balance at the close of the fiscal year was payable on account of expenses that legit-imately belonged to the last fiscal year." PEED'S MILL, TEXAS, June 20, 1888—The Swift Specific Company, Atlanta, Ga.—Gentlemen: One of my children was troubled with rheumatism and boils for about two years. We gave her various kinds of medicine but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the diseases all disappeared, and she is now a hale, hearty and healthy girl twelve years old. Another child has just become afflicted in the same way, and I am using the S. S. S. and anticipate a prompt and permanent cure.

RICH HILL, Mo., July 7, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust, hearty child. I feel it but my duty to make this statement. Respectfully, H. T. SHOBE.

CHATTANOOGA, TENN., June 27, 1888—The
Swift Specific Co., Atlanta, Ga.—Gentlemen:
In 1886 I contracted blood poison, and at once
sought a physician, who treated me for several months. By his advice I went to Crab
Orchard Springs, Ky., where his course of
treatment was carefully observed. I recovered, as I thought, but the next spring pimnles began to appear on my face and body.
These gradually increased to sores and running ulcers. I was advised to try S. S., and
immediately after taking it I commenced to
improve, slowly at first, but more rapidly
afterwards, and soon nothing remained to
tell of my trouble. My blood is now thoroughly cleansed, and my system free from oughly cleansed, and my system free from taint, and I owe my present condition—a perfect cure—to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit. HARDY M. BURT, 21 West Ninth St.

Homer, La., May 25, 1888—The Swift Specific Co., Atianta, Ga.—Gentlemen: About two years ago my general health gave way en-tirely. I was so debilitated that I almost despaired of ever feeling well again. All that the physicians done for me brought no permanent relief. Friends insisted that I should give S. S. S. a fair trial, although I thought it would be throwing away money. After taking a thorough course, my health and strength returned, and I must say that S. S. S. alone cured me, as I discarded allothers while using it. As a tonic I can most heartly recommend it; for general debility, it certainly is a specific. W. F. BRIDGES, J. P. Homer, La.—I know Mr. W. A Happy and a Prosperous New Year

We thank one and all of our patrons and friends for their liberal patronage during the year just closed, and assure them that no pains on our part will be spared to still further merit their confidence.

We are constantly adding the latest production from the Type Founders, but have not thought it necessary to speak of every new font of Type we buy, preferring to let our competitors, who occasionally make a small investment for new material, do the blowing; they invariably copy our styles, and endeavor in every way to duplicate us, becoming mere imitators.

We purpose increasing our facilities during the year, and can safely handle any work offered us.
