A True Tonic.

When you don't feel well and hardly know what ails you, give B. B. B. (Botanic Blood Balm) a trial. It is a fine tonic.
T. O. Callahan, Charlotte, N. C., writes: "B. B. B. is a fine tonic, and has done me great good."
L. W. Thompson, Damascus, Ga., writes: "I believe B. B. B. is the best blood purifier made. It has greatly improved my general health."
An old gentleman writes: "B. B. B. gives me new life and new strength. If there is anything that will make an old man young, it is B. B. B."
P. A. Shepherd, Norfolk, Va., August 10th, 1888, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."
Thos. Paulk, Alabama, Ga., writes: "I suffered terribly from dyspepsia. The use of B. B. B. has made me feel like a new man. I would not take a thousand dollars for the good it has done me."
W. M. Chesire, Atlanta, Ga., writes: "I had a long spell of typhoid fever, which at last seemed to settle in my right leg, which swelled up enormously. An ulcer also appeared which discharged a cupful of matter a day. I then gave B. B. B. a trial and it cured me."

THE DAILY REVIEW.

VOL. XIII. WILMINGTON, N. C., TUESDAY, JANUARY 29, 1889. NO 25.

Fanny Davenport is reported as being quite ill at Pittsburg, Pa. Made sick possibly by the nastiness of some of the plays in which she has delighted to appear.

Some people are intensely worried and exercised over the matter of President-elect Harrison's Cabinet, but for the life of us we cannot see what reason or right they have to meddle in the matter. It will be his cabinet or political household when it is selected and its selection should be left entirely with him and the politicians should keep themselves aloof. They have done enough in electing a President of their choice, and if the latter has a mind to work for the country's good he should not be handicapped in the outset by a lot of advisers who work in opposition to his wishes. Pray let the old man alone, and let the country see what he will do.

The second annual fair of the North Carolina Fish, Oyster, Game and Industrial Association will be held at Newbern, beginning on the 19th of February next and continuing until the 23rd of the same month. While, as its name indicates, it is intended that a diversity of industries shall be represented at the fair, the greatest prominence in the exhibition will be given to the fish and oysters, with which the waters of Eastern North Carolina abound. It is a grand enterprise, well worthy the public spirit prompting it and will add much to the efforts now being made to develop the natural wealth of the State. It will undoubtedly prove an influence for good to our people, especially to those of that part of the State. We hope the enterprise will prove a most complete success, as it is to be through such channels that our good old State is to become better known and more highly appreciated by the outside world. Let us all let politics severely alone for the next four years while we devote all our energies to the development of our natural internal wealth, and at the expiration of that time we shall undoubtedly find ourselves a wealthier, happier and much wiser people.

"Why so pale and wan, fond lover, Priththead, why so pale?" "Well if the truth must be told, I have the most villainous cold a man ever had." She only smiled a confident and happy smile—and brought down her bottle of Dr. Bull's Cough Syrup.

Indications.
For North Carolina, fair weather, slightly warmer except in the eastern portion, where it will be slightly colder to-night.

The children of St. John's Sunday school have bought a new organ for their school room with the proceeds of the operetta they gave at Christmas, and used it for the first time on Sunday last.

The atmosphere this morning was clear, cold, bracing and healthy, but it necessitated deep inroads on the coal bin and woodpile, much to the regret of those who were short of fuel and had not the wherewithal to lay in a supply of the same.

For Seamen.
Rev. W. W. Kennedy, Chaplain, will preach at the Seamen's Bethel at half past 7 o'clock to-morrow (Wednesday) evening. Seats free and the public generally and seamen especially are cordially invited to attend.

Personal.
Rev. W. M. Kennedy, the newly appointed Chaplain of the Seaman's Bethel, and his estimable wife are now in the city and are stopping with Mr. W. P. Oldham, on Second, between Orange and Ann streets. We extend to them a cordial welcome to the city, with the hope that their sojourn here may be as pleasant as they richly deserve.

Fair Warning.
Messrs. Alex. Sprunt & Son advertises in this issue, that as agents of the British steamship *Albany* and her owners, they are prepared to pay reasonable salvage on any of the jettisoned cargo of said steamer which may be recovered, and that they shall hold to strict legal accountability any who may hold such cotton or trade in the same.

Girl Babies Ahead.
There were forty-five babies voted for at the exhibition of the Glass Blowers at Germania Hall last night. We cannot give the names of all the fair, fat and forty-five contestants, but the two who received the largest number of votes were Lizzie Gilbert Kirkham, who received fifty-eight votes, and Johnnie Owens, who received forty six votes. The contest, we understand, will continue until Saturday when the prizes will be delivered to the fortunate winners in the race.

Resolutions of Respect.
A meeting of the up-town merchants of the city was held yesterday afternoon at the store of Messrs. George R. French & Sons, to take appropriate action relative to the death of the late Mr. Wilkin Roddick. Mr. George R. French was called to the chair and Maj. R. M. McIntire was appointed Secretary. Mr. P. Heinsberger stated the object of the meeting and Messrs. M. M. Katz, W. N. Jacobs and G. W. Huggins were appointed to draft suitable resolutions, which were reported and adopted unanimously. The resolutions were as follows:

Resolved, That we, the uptown merchants deeply feel and deplore the death of our brother merchant, Mr. Wilkin Roddick, in whom we recognized a congenial companion ever courteous and kind-hearted, noted for his liberality, and always ready to aid with a willing hand the distressed whenever deserved.
Resolved, That we sympathize deeply with his afflicted sons in their bereavement, and pray that the Father of all mercy may console and comfort them in their affliction.
Resolved, That the secretary publish these proceedings in the city papers, and furnish a copy to the family of the deceased.
GEO. R. FRENCH, Sr., Chmn.
R. M. MCINTIRE, Sec'y.

Cotton Seed Lard.
Dr. Thos. F. Wood, our Secretary of the State Board of Health, says he has been unable to eat bread or biscuit made with hog lard; says he has tried cotton seed lard and it makes the finest biscuit he ever ate and cordially recommends its use to all.

Care should be taken not to use it too freely as it requires only a little or half as much as lard. It is therefore a great saving, selling at retail cheaper than the best leaf lard and does double the work. Samples can be had free of any of our grocers.

There was a large crowd assembled at the City Court this morning and a docket that showed up eight cases, which were disposed of as follows:
John White, larceny, bound over to the next term of Criminal Court in the sum of \$200 justified bond.
Alex. Richardson, disorderly conduct, continued.
W. H. Wright, disorderly conduct, judgment suspended.
Thomas McClumny, passing counterfeit money, continued.
Ed Spencer and Sarah McNeal, affray, bound over to the next term of Criminal Court in the sum of \$50, justified bond.
There were two young men charged with disorderly conduct, whose name we suppress by request, judgment was suspended upon the payment of costs in their cases.

Three tramps were escorted to the city limits with a warning not to return.

A Good Movement.
The meeting of our citizens and business men at the Orton last night, the call for which we announced in our yesterday's issue, was well attended. It was called to order by Mr. J. M. Forshee, who requested Mr. John D. Bellamy, Jr., to take the chair and Mr. W. E. Worth was made secretary.

Mr. Forshee then stated the object of the meeting to be to consider and discuss a plan for the formation of an organization whose object should be the improvement and better development of the possibilities of Wilmington and the surest way of inducing capitalists to locate here. Remarks pertinent to the subject were made by a number of the gentlemen present, and a committee, consisting of Messrs. J. M. Forshee, Oscar Pearsall, J. A. Bonitz, H. A. Burr, N. Jacobi, W. R. Barksdale, and W. E. Worth, was appointed to draft a suitable constitution and by-laws, and report at a subsequent meeting which will be held at the City Court room at 8 o'clock next Monday night. The meeting last night was characterized by great interest and earnestness of purpose. It was a step in the right direction and if wise and judicious counsels prevail the result will be greatly to the advantage of this city.

Came to Grief.
A well dressed young man who had been stopping at the Commercial Hotel for the past two or three days, was arrested Saturday night by direction of the Chief of Police, charged with passing a forged check for \$25 on Messrs. Hefflin & Dunston, of Norfolk, Va. It appears that the young man cut quite a dash while in the latter city where he passed under the name of David L. Barnes and represented himself to be a private detective of Washington, D. C. He registered at the hotel here as Allen B. Custer, but took his arrest coolly and at once admitted his identity, saying that he endorsed the check to accommodate another party. When searched a pad of blank checks of the First National Bank, of this city, and blank check on the Central National Bank, of Washington, D. C. and the Norfolk National Bank of Norfolk, Va., besides a number of blank letter heads of the "Christian Society Organization of the District of Columbia," and of "Woodward & Lathrop, of Washington, D. C.," were found upon his person. Custer, as he calls himself, is about 25 years of age, of good address and claims to have been a pupil of Hermann, the magician, and had advertised to teach a class how to perform tricks with cards. He was remanded to await the arrival of an officer clothed with the necessary requisition papers to take him to Norfolk, Va., where he will be tried for his offense.

The literary societies of Davidson College have elected Hon. A. M. Waddell to be their annual orator.

Nor. barque *Manica*, Johannesen, cleared to day for London with 6,121 barrels rosin, valued at \$5,700, shipped by Mr. J. W. Bolles.

Rev. R. A. Snyder, of Hickory, N. C., will preach at the Central Baptist Church, corner of Seventh and Red Cross streets, to-morrow night, commencing at 8 o'clock.

The steamer *Bessie*, Capt. Spell, has been overhauled and put in first class order and will resume her trips between here and Southport to-morrow morning. See ad. in this issue.

We have received a copy of the *Watchman*, the organ of the Young Men's Christian Association, published weekly at Chicago, Ill. It is a 16 page paper and is furnished at the extremely low price of \$1.50 per annum. It is well gotten up, excellent in its typographical appearance and each number contains a complete sermon by some eminent divine, besides being full of news and information of value to the reading public and especially to the Y. M. C. A. It has a large circulation, thus making a good advertising medium. Mr. J. M. Forshee is agent for this city and vicinity and is now ready to receive subscriptions.

The case of the State vs. Charles Wessel, who was indicted at the recent term of the Criminal Court on the charge of manslaughter in causing the death of Henry William Weston by striking him on the head with a stick, but which was removed to the Superior Court for trial, was taken up yesterday afternoon. Solicitor O. H. Allen appeared in behalf of the State, while the defendant was represented by ex-Judge D. L. Russell and Marsden Bellamy, Esq. The selection of a jury and the taking of testimony occupied the time until 6 o'clock last evening when the Court took a recess until 10 o'clock this morning.

Upon the convening of Court this morning arguments were at once commenced by counsel, and the delivery of these occupied the time until noon. The case for the State was able and forcibly presented by Solicitor Allen and the interests of the accused were jealously guarded by Messrs. Russell and Bellamy. All of the arguments were able, forceful and logical. The judge's charge to the jury was plain and a lucid and clear exposition of the law in all its bearings upon the case. The jury were absent from the box about ten minutes when they returned a verdict of "Not Guilty."

February Weather.
We have been kindly furnished by the Signal Office with the following character of weather conditions for February at Wilmington, as shown by observations of the past eighteen years:

Possible range of maxima temperatures between 78 degrees in 1880 and 27 degrees in 1886.
Possible range of minima temperatures between 23 degrees, in 1884, and 10 degrees, in 1886.

Clear days (less than one-third clouds), one day in three.
Rain (or snow), one day in three, averaging .12 inch daily.
Cloudy (including rainy) days, one day in three.
Wind, hourly mean velocity of seven miles; most frequent direction S. W., 17 per cent.
Highest hourly velocity of wind 44 miles from the S. W. on 25th, 1875 and on 4th, 1882.
Greatest daily rainfall 3.23 inches on the 31st, 1888.

Rock Crystal Spectacles and Eyeglasses Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the night. You can get the best at Heinsberger's.
