Governor Flewing has begun his idministration of affairs in Florida by an act which will commend itself, not only to the people of his State who are more immediately incerested, but to the hundreds of ourists who have been accustomed to make winter pilgrimages to the land of orange groves. He has called an extra session of the Legislature for the purpose of establishing a State board of health; an institu tion which Fiorida has sadly needed, and for the lack of which her people have suffered severely. Un der the present system each county has its own little board of health, of all the others, and no practical then be a little rain deer. - Norr work for the sanitary condition of the State has eyer been possible. Quarantine regulations established by one board have been persistently ignored by the boards of adjoining counties, and even when the yellow fever has been raging furiously in the State it has been found impossible to secure any concert of action from the guardians of the public

As might be expected, the Western Legislatures are sailing into the "trusts," that have so flourished the past year, with wet sheets and a stormy sea. It is not proposed to regulate or tolerate to the least de gree any feature of the various combinations, but to tear them up, one and all, root and branch. The Michigan Legislature is favorably considering a measure declaring 'all contracts, agreements, understand | breast pin, and I asked her if she entered into by and between any person, copartnership or corporation in this State and any other person, copartnership or corporation Is worth a column of rhetoric, said within or without this State," whose an American statesman. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not on me to change.
