The National Cemetery Road.

We are glad to know there is some prospect of getting the proposed new road to the National Cemetery built at an early day. The bill making an appropriation of \$10,000, has already passed the House and is now in the Senate. A determined effort will be made to get it through at this session and when this is done the road will be built at once. It will probably be either a macadamized road or a shell road, many preferring the latter.

At the regular meeting of Howard Relief Fire Engine Co. No. 1, held last night, arrangements were in augurated looking to a celebration of the anniversary of the company on the 20th inst., and Messrs. H. H. Gieschen, J. W. Duls, C. H. Hutaff, M.
