THE DAILY REVIEW.

VOL. XIII. WILMINGTON, N. C., FRIDAY, FEBRUARY 22, 1889. NO 46.

The intimate friends of President Cleveland at Buffalo feel now called upon to deny that he is a spiritualist.

It is said that Benjamin H. will find nearly 50,000 applications for office awaiting his arrival in Washington City.

Boulanger is credited with the intention, if he ever gets the chance, of trying to whip John Bull, instead of Bismarck.

The New York Herald states it as a positive fact that Warner Miller will be Harrison's Attorney General. You can't make backbone out of wood-pulp.

Gen. Noble, of St. Louis (we are not acquainted with the gentleman) says that he has been offered and has accepted the portfolio of Secretary of the Interior.

Mrs. Langtry has decided to play in Shakespearean plays in London for a season. She will shortly leave New York for London, but she says that she will soon return to appreciative America.

Senator Kenna has got there at last. He was yesterday re-elected by the Legislature of West Virginia. His patience and pluck and persistence have been rewarded. "Patience and perseverance got a wife for his reverence."

The capital stock of the Nicaragua Canal Construction Company is placed at \$100,000,000, with the option of increasing it to \$200,000,000 if desired. The bar at Greytown is to be deepened at once and it is said that work will begin all along the line in about two months.

The House Judiciary Committee have reported unfavorably a bill to relieve W. W. Holden's political disabilities. Of course they have. A stranger passing along the streets of Raleigh for the first time in his life has just as much authority to remove Holden's disabilities as has the Legislature.

Miss Ethel Arnold, the sister of Mrs. Humphrey Ward, of "Robert Elsmere" fame, who is visiting relatives in New York, is receiving much attention from society people. Miss Arnold is described as a brunette, tall and decidedly imposing. When at home Miss Arnold teaches school at Oxford, and has been a ready contributor to periodical literature. She is very proud of her sister's fame.

A party of scientific gentlemen recently performed a series of electrical experiments on the animals in a menagerie at Bridgeport, Conn. The baboon, the sea lion and seals, monkeys, the elephants and other animals were treated to doses of the electric current. All the animals, with the exception of the elephants, manifested an intense disgust at the experiments and fought and howled with rage. The elephant, on the contrary, appeared to enjoy the electricity.

Lexington, Ga., can boast of the most unique club house in the world. The young men of that town built a log hut, which they chinked with clay, making it as snug and tight as a palace. At one end is a primitive chimney with an enormous open fireplace. The club, which embraces the best young men, has a weekly supper. The day before the supper a huge wood fire is built in the fireplace, and in the evening there is a bed of coals and ashes that a king might envy. The birds, fish, possum and oysters are cooked in the glowing ashes, and some wonderful tid bits they turn out.

The Baltimore City Council has tied itself in a hard knot. A special to the New York Herald says:

The illness of two Democrats in the first branch of the City Council has practically caused a suspension of that legislative body. The Democrats have withdrawn and decline to proceed with business until the absent members return. This action was taken because of the fact that with the help of an independent the Republicans have one majority on joint ballot, and, though really in the minority, could elect seven School Commissioners whose terms have expired.

The independent member acting with the Republicans is president of the first branch, and he has inflicted a fine of \$2 on each absent member. The Democrats remained away last night and again to-night, leaving the branch without a quorum.

That Beautiful Snow.

Yesterday's snow was pretty general. It extended West to the mountains and North to Richmond. At Raleigh there was 5 inches, at Charlotte 5 and at Shelby 6. It was the hardest snow we have had here in ten years. It ceased about 6 o'clock and rain then began to fall. Had the snow fallen on a frozen earth there would probably have been four or five inches of it here. We found it on a level nearly two inches deep. This morning there was not a trace of it left; not even snowy slush. It had all gone and the rain had taken its place.

Stealing a Bag of Coffee.

Yesterday afternoon Mr. F. Lennair, of Bladen county, who had been down street shopping, drove into the cart-house on the corner of Fourth and Swann streets, where he was going to stop with his team for the night, and while he was in the back part of the house eating supper a colored boy, by the name of Alfred Jones, slipped in and stole a bag, containing 20 pounds of coffee, from his cart, but before he could make his escape Mr. Bettencaugh, the keeper of the cart-house, caught him.

Jones was tried before Mayor Fowler this morning and bound over to the next term of the Criminal Court in the sum of a \$100 justified bond, failing in which he was committed to jail.

No Wonder She Envied Bridget.

A rich society lady told her servant, "I wish I could be as strong, healthy and full of life as you are!" The lesson is plain. The girl had plenty of exercise, and constitutional health and contentment. Riches will not buy health, always, but broken down women can find some relief in Dr. Pierce's Favorite Prescription. It is a powerful, invigorating, restorative tonic and nerve, and imparts strength to the whole system in general, and to the uterine organs and appendages in particular. For "pendulage," debilitated and feeble women generally it is the greatest earthly boon.

Sunday School Convention.
The New Hanover County Sunday School Convention convened last evening at 8:15 o'clock in Grace M. E. Church.

After half an hour's devotional exercises, conducted by Rev. Dr. T. H. Pritchard, Rev. W. S. Creasy delivered an address of welcome, which was responded to by Rev. W. McC. Miller, on behalf of the delegates. A temporary organization was then effected by calling Mr. Geo. Chadbourn to the chair and requesting Mr. J. S. Mitchell to act as Secretary.

The committee appointed some time since to prepare a constitution presented one, which was read, and after a few alterations adopted.

The Committee on Nominations reported the following officers, who were unanimously elected to serve for one year:

President—Geo. Chadbourn.
Vice President—Jas. F. Post, Jr.
Secretary and Treasurer—Joseph S. Mitchell.

Executive Committee—Chas. H. Robinson, chairman; Jas. W. King, Joseph W. Taylor, W. H. Strauss, E. Hewlett, Dr. Thomas F. Wood, W. F. Williams, W. H. Sprunt, Jas. M. McGowan.

On account of the small attendance Rev. F. D. Swindell was requested to postpone his address on the "Importance of Sunday School Work" till the morning session.

On motion the convention adjourned to meet this morning at 10 o'clock.

There was an increased attendance at this morning's session of this body, which was held at Grace M. E. Church at 10:30 o'clock. The first half hour of the session was occupied in devotional exercises, conducted by Rev. P. H. Hoge.

The following Superintendents submitted reports for the past year: J. W. King, Grace M. E. Church Sunday School; C. H. Robinson, First Presbyterian Church Sunday School; J. S. Mitchell, First Baptist Church Sunday School; Jas. M. McGowan, Fifth Street Methodist Church Sunday School; W. H. Sprunt, St. Andrew's Church Sunday School; Samuel Northrop, Presbyterian Mission Sunday School, and Joseph W. Taylor, Brooklyn Baptist Sunday School. Superintendents W. H. Strauss and J. G. Darden of the Lutheran and Bladen Street M. E. Sunday Schools being absent, Rev. F. W. E. Peschau and Rev. T. P. Ricard, reported in their stead. These reports, embracing as they did the statistics of the various Sunday Schools for the past year, and stating the difficulties met with in the work, and the encouragement received, were exceedingly interesting and highly edifying. Reports were also made of plans used in the conduct of some of the Sunday Schools which proves the fact that our schools, as a rule, used the latest and best aids to insure success in the work. Rev. R. C. Beaman then addressed the convention in a practical earnest manner, urging upon Christians the necessity of action in this direction.

Rev. F. D. Swindell, who was to have spoken last evening upon the "Importance of the Sunday School Work," then made a stirring address upon this theme, after which the Benediction was pronounced by Rev. Dr. Pritchard and a recess taken till 3 o'clock this afternoon.

This afternoon the convention assembling at 3 o'clock, Rev. G. M. Tolson will speak on "The Teacher's Work and How to do it," and Rev. F. W. E. Peschau on "What has been accomplished by Sunday Schools."

At 8 o'clock this evening, after devotional exercises, conducted by Rev. T. P. Ricard, the following subjects will be discussed: "Relation of the Parent to the Sunday School," by Rev. T. H. Pritchard, D. D.; "Relation of the Sunday School to the Church," by Rev. P. H. Hoge.

Delegates to the State Convention will be elected.

The vexing question of this vexing age is—How did Noah and his family survive that long damp spell without Dr. Bull's Cough Syrup.

Rev. L. T. Christmas has returned to the city, and will preach at his church (the Central Baptist, corner Seventh and Red Cross streets,) Sunday morning at 11 o'clock and at 7:30 p. m.
