> FRIDAY, MARCH 15, 1889. as second-class matter.

Entered at the Postoffice at Wilmington, N.C.

The claim of Canada that the Alaska boundary is about ninety miles out of the way would be important enough in any case, but is made much more so by the fact that the disputed territory covers the best part of the gold fields yet found. At present our anthorities are acting under the supposition that their own maps are correct, and this supposition will be maintained until inaccuracy is shown. Although the seals and the salmon of Alaska were more counted upon than its minerals in our purchase of the Territory, vet the Yukon gold district is certainly valuable, and will be resorted to by a greater number of miners as it becomes more accessible. About three hundred miners were there in the summer of 1887. The existence of this boundary controversy is a menace to international peace, or at least a fruitful source of local trouble and international complications. At present there is no taxing of land in Alaska, so that some sources of trouble are avoided, but the true boundary should be promptly determined.

Editorially, the News and Courier speaks as follows of the untimely death of its lamented chief:

Merit Witte

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and ae stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Robert R. Bellamy, wholesale and retail druggists.

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the enild from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. I could get no permanent relief from any medicine prescribed by my physician. I took over a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure your medicine cured me, and I would recommend it to any one suffering from any blood disease. Yours truly. O. E. HUGHES, Conductor C. & G. R. R.

Waco, Texas, May 9, 1888—Gentlemen: The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from a violent itching and stinging of the skin. The disease baffled the skill of the physicians who treated it. Her husband herself and the skill of the skill began finally giving his wife Swift's Specific, and she commenced to improve almost immediately, and in a few weeks she was apparently well. She is now a hearty fine-looking lady, with no trace of the affliction left. Yours very truly, J. E. Sears, Wholesale Druggist, Austin Avenue.
