Convincing Proof.
In many instances it has been proven that a B. B. (Botanic Blood Balm), made by the Wood Balm Co., Atlanta, Ga., will cure blood poison in its worst phases, even when all other treatment fails. A. P. Brunson, Atlanta, Ga., writes: "I had a running ulcer on one leg and on the other and felt greatly prostrated. I believe I actually swallowed a barrel of medicine in vain efforts to cure the disease. With little hope I finally acted on the urgent advice of a friend and got a bottle of B. B. B. I experienced a change, and my despondency was somewhat dispelled. I kept using it until I had taken sixteen bottles, and all the ulcers, rheumatism and all other horrors of blood poison have disappeared and at last I am sound and well again, after an experience of twenty years of torture." Prof. Ward, Maxey, Ga., writes: "My disease was pronounced a tertiary form of blood poison. My face, head and shoulders were a mass of corruption, and finally the disease began eating my skull bones. My bones ached, my kidneys were deranged, I lost flesh and strength, and life became a burden. All said I must surely die, but nevertheless, when I had used ten bottles of B. B. B. I was pronounced well. Hundreds of scars can now be seen on me. I have now been well over twelve months."

Minnesota has passed a law providing for executions before sunrise, and allowing the condemned man to invite three persons to witness his taking off.

Ten and three quarter miles is the range that the French have obtained for the forty three ton gun. Thirty five feet long, with a 300 weight projectile and 425 pounds of powder.

The enterprising city of Griffin has been selected by a commission of the Georgia Legislature as the location for an experimental farm and station. Griffin offered 125 acres of land and \$4,000 in cash, and won.

The greatest surprise of the day is the statement that the Eiffel tower is not, in fact, the Eiffel tower, but the Monguier tower. It was a young engineer of that name in Eiffel's employment who first conceived the idea and worked it out.

The officers of the North Carolina Horticultural Society report that the present season is so far the best on record for fruit. The only trouble is as regards the apple crop. Many apple trees failed to bloom. The prospects for the grape crop were never better. Fruit raising is an important industry in this State and is rapidly growing.

The New Hampshire Senatorial election, which is to be held by the Legislature of that State next month, according to the St. Louis Globe Democrat, is not such a dead sure thing for William E. Chandler as his friends are claiming it will be. A formidable candidate has risen for the place in Hon. Jacob H. Galinger, whose followers claim 106 votes out of the joint caucus of 188.

Mrs. C. L. O'Gorman, of Macon, Ga., has a mocking bird that has learned to exactly imitate the whistle of the postman. He has the note so exact that the neighbors are constantly running to the door looking for the letter that never comes. It has been observed, too, that if the postman changes his whistle the bird changes to suit the new sound.

We see a floating item in some of our exchanges about "John R. French, who was a member of the 40th Congress from North Carolina." That was about twenty years ago, say in 1868-'70. It is evidently a mistake. We don't recollect of any John R. French who represented or misrepresented North Carolina in 1868-'70.

There is a pretty how-dy-do in New York. Bishop, the mind reader, died, or is said to have died, of catalepsy and in a few hours afterwards the bloody doctors had their knives in him. His mother and his wife say that no permission was asked of them. The former believes that her son was alive and in a cataleptic state, and that he was not dead. There is no positive proof that the man was dead. It is a horrible story.

\$500 Reward. So confident are the manufacturers of Dr. Sage's Catarrh Remedy in their ability to cure nasal catarrh, no matter how bad or of how long standing, that they offer, in good faith, the above reward for a case which they cannot cure. Remedy sold by druggists at 50 cents.

The Last of the Season. The hop given by the Brooklyn Glee Club last night at Hibernian Hall was well attended. There were twenty couples on the floor. The committee consisted of Messrs. J. M. Murrin, D. M. Davis and Geo. McInerney. These gentlemen did everything in their power to make it pleasant for all. The hop was opened by a grand march, led by Mr. J. M. Murrin and Miss Annie Peterson. Dancing was kept up until 2 o'clock.

Reunion of the Third N. C. The 23d annual reunion of the Third North Carolina Infantry Association was held at Greenville yesterday. There were sixteen veterans present and also a number of ladies, relatives of members, who had been invited to accompany the Association.

A formal business meeting was held and the announcement was made that the Oakdale Cemetery Co. had presented to the Association a burial plot in Oakdale, where several interments had already been made of bodies removed from other parts of the grounds. City Court. The following cases were disposed of by the Mayor this morning:

Wm. Mason, larceny, bound over in sum of \$100, justified bond.

Jas. Mack, on two charges of larceny, guilty as to one, not guilty as to the other.

John Gilmore, rape, not guilty.

Stripping the Wreck. A dispatch from Beaufort, received yesterday afternoon, says that the wrecking tugs *Resolute* and *Victorin J. Peed* visited the wrecked steamer *Aberlady Bay* Wednesday. Capt. McGregor agreed to give the wreckers half of all they saved. Considerable material was taken off the vessel. The wind seemed to be shifting from the south west to the northward, in which case there will be a smooth sea and the wreckers can work to advantage.

The Commercial Hotel.

Mr. Wm. Bonitz formally took charge of the Commercial Hotel in this city to day. He is an old hotelist and had an enviable reputation as such in Goldsboro. It is his intention to thoroughly renovate and improve the entire building. It will be cleaned and painted throughout and new furniture will be put in. There are forty rooms in the house and if the business justifies it Mr. Bonitz will add to his facilities. The Commercial will hereafter be kept on the European as well as the American plan. This can be easily done as there are two commodious and comfortable dining rooms in the building. Mr. Bonitz tells us that his first and primary object is to make a good reputation for the house and he will spare neither pains nor expense to accomplish this.

A Fortune Awaits Them. Capt. H. Von Glahn expects to sail for Germany next month. He will be accompanied by his wife, to whom a legacy has been left by an aunt. The amount of this is not yet definitely known but it is reported to be a very considerable one. The aunt, in her will, devised everything to her niece, Mrs. Von Glahn, who, by the way, she has never seen. Mrs. Von Glahn was the daughter of Mr. A. Mindel who died here many years ago and who was for a long time a highly esteemed citizen of this place. She removed with her parents to Wilmington when very young. We congratulate Capt. Von Glahn and his excellent wife on this accession of worldly goods and hope that it may prove a large one.

Anniversary of the W. L. I. The Wilmington Light Infantry will celebrate their 36th anniversary on Monday next, the 20th inst., by an excursion to the Hammocks. They will go down in full summer uniform and will engage in target shooting for the company medal. The harpers will be taken along and there will be music for dancing. Tickets will be on sale at the book-stores and drugstores and they will be good to go and return on any train on the Seacoast R. R. on that day. The company will assemble at the armory at 2:15 p. m. and will march to Princess street depot and will leave the city at 3 o'clock. The proceeds are to be devoted to the fund for paying the expenses of the company during the Encampment. The company expects to turn out with full ranks on that day and as but half of a day is required, it is hoped that all will be able to attend. They expect, too, and with much reason, that the people of Wilmington, and especially the ladies, will be on hand in large numbers.
