### LACK OF LIFE,

When the pulse beats feebly: when the en-ergy is gone; when the appetite is weak and sleep uncertain, the body is in a condition of actual "low life." No matter what the causes may have been Nature has given way and un-less her strength is restored disease is certain to take possession of the body. The first thing any doctor does in such a case is to as. thing any doctor does in such a case is to as-

sist Nature. Here are some instances: Prof. Austin Flint, of Bellevue (New York) College, says: "The judicious use of alcoholic stimulants is one of the striking characteristics of progress in the practice of medicine during the last half century."

The celebrated Dr. J. M. Carnwall says: "I am most happy to say, after a very thorough test, that for persons suffering with nervous and general deblitty or any wasting disease, or for delicate persons or invalids. Duffy's Pure Mait Whiskey is the best tonic and purest stimulant with which I am acquainted." There are no higher scientific authorities

than these and they speak volumes. Beware of all bottled whiskies which may be offered you, excedt Duffy's. It has stood the test of time and is absolutely pure.

## The Daily Review. JOSH. T. JAMES, Editor & Prop'r. WILMINGTON. N. C.

THURSDAY, MAY 23. 1889.

Entered at the Postoffice at Wilmington, N.C. as second-class matter.

The following is the form of the death warrant issued in New York State under the law providing for executions by electricity. It was issued in the case of Wm. Kemmler, who is the first convict to be executed by the new process. The warrant is directed to the warden of the prison, and directs that the sentence be executed "upon some day within the week commencing"Monday, the Lord 1889, and within the walls of the Auburn State prison or within the yard or enclosure adjoining thereto, by then and there causing to pass through the body of him.the said William Kemmler, otherwise called John Hart, a current of elec. tricity of sufficient intensity to cause

death, and that the application of such current of electricity be con tinued until said William Kemmler, otherwise called John Hart, be dead."

Mayor Grant, of New York, has entered a protest against some of the extravagant bills which the city has been called upon to pay for its recent Centennial show. Among the worst of those mentioned is a bill for the breakfast which President Harrison is supposed to have eaten on board the Dispatch between Elizabethport and New York. It was ordered for fifty persons, and the charge is \$1,000, or \$20 a head. But this rate is surpassed by the charge of Otto Dencke for the use of his building, 151 and 153 East 23d street, for four days, \$1,000, which is at the rate of \$90,000 a year; and even he is in turn surpassed by Sophia Steinhardt, the owner of the Ballston, 147 West 35th street. She asked \$1,100 for the use of her build-\$99,000 a year. C. Goldstein and Mr. Bimberg, who quartered Ohio troops, did tolerably well, asking \$2.50 a day for each soldier, though the soldiers have ever since been complaining of their treatment. Erastus Wiman is the bright and shining light of the Centennial creditors. He only asked the city \$265 for the use of his big ferry boat named after himself, which can carry 3,500 people, while the Southern Railroad of New Jersey asked \$1,000 for the use of the Monmouth, of considerably less passenger capacity. All these bills have been paid. Regarding the recent alleged reform order issued by the Secretary of the Navy and sent out by the As sociated Press, the Washington correspondent of the Baltimore Sun says: "Secretary Tracy seems to be inclined to steal some of ex-Secretary Whitney's thunder. To day he issued a circular in regard to the purchase of supplies in the Navy in which, with its accompanying table, he reflects on the way in which the purchases were made in Mr. Whitney's administration, when in real ity he is simply following out Mr. Whitney's plans and ideas. Secretary Whitney when he took charge of the Department found this abuse grown to enormous proportions, and he took vigorous steps to rectify it in the face of determined opposition from the bureaus. - When, however, Secretary Whitney's circular was issued it was met with the objection that such transfers were not expressly authorized by law, and its effect was thus defeated. The Secretary then went to Congress, and in the last naval appropriation bill. which was approved just two days

#### Epoch.

The transition from long, linger ing and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach of long or short standing you will surely find relief by the use of Electric Bitters. Sold at 50c, and \$1 per bottle at Robt. R. Bellamy's wholesale and retail drug store.

### MISCELLANEOUS.

PEED'S MILL, TEXAS, June 20, 1888-The Swift Specific Company, Atlanta, Ga.-Gen-tlemen: One of my children was troubled with rheumatism and boils for about two years. We gave her various kinds of medi-cine, but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the diseases all disappeared, and she is now a hale, hearty and healthy girl twelve years old. Another child has just become afflicted in the same way, and I am using the S. S. S. and anticipate a prompt and permanent cure. N. C. WAGGOMEN. RICH HUL, MO., July 7, 1888-The Swift

and permanent cure. N. C. WAGGOMER. RICH HILL, MO., July 7, 1889—The Swift Specific Co., Atlanta, Ga.—Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair—a robust, hearty child. I feel it but my duty to make this statement. Respectfully, H. T. SHOBE. CHATTANOOGA. TENN. June 27, 1889—The

CHATTANOOGA, TENN., June 27, 1883—The Swift Specific Co., Atlanta, Ga.—Gentlemen: In 1886 I contracted blood poison, and at once sought a physician, who treated me for sev-eral months. By his advice I went to Crab eral months. By his advice I went to Crab Orchard Springs, Ky., where his course of treatment was carefully observed. I recov-ered, as I thought, but the next spring pim-ples began to appear on my face and body. These gradually increased to sores and run-ning ulcers. I was advised to try S. S. S. and immediately after taking it I commenced to improve, slowly at first, but more rapidly afterwards, and soon nothing remained to tell of my trouble. My blood is now thor-oughly cleansed, and my system free from taint, and I owe my present condition—a perfect cure—to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit.
