**Why Not A Musical Festival?**  
Rev. F. W. E. Peschau, who is an educated musician and an accomplished violinist, has a few young lady pupils on that "King of Instruments," who are evincing marked proficiency in musical science. It is proposed that the class shall give a concert at no distant day, when our people may see our native talent in a new light. We have been favored with piano concerts, vocal concerts, and it will be a pleasing novelty, as well as an interesting entertainment when we have a violin concert by home talent; trained and educated under home science and skill. The concert will undoubtedly be varied by the introduction of selections for the piano and by vocal efforts by some of our best amateurs.

In this connection, having a man so deeply interested in musical science in addition to his other labors for the social, moral and spiritual advancement of our people, and who has always shown a genuine public spirit, would it not be well to urge him and others of like musical skill and knowledge to join forces and establish a musical organization similar to that of Petersburg, Va., which has just concluded its seventh annual festival, which continued four days and which has received unstinted praise from the press? We have the material, both for the orchestra and a heavy and effective chorus. Now let our public spirited citizens take hold of this good work and by another year we can have a musical festival at little cost that shall reflect profound credit upon our people, and if it may not reach the excellence of the Petersburg Festival, it will be far above mediocrity and to greater and nobler achievements. Let us try it! Let Wilmington talent take the lead in a musical destiny that is sure to come, or some other smaller city will rob us of the honor!

Peschau and the music adapted from a popular German melody by the same gentleman, and dedicated to "Cape Fear" and "Orion" lodges of Odd Fellows, in this city. While it is not a pretentious effort, it has a pleasing melody and a chorus well arranged, with harmonies that are full of tender and sweet sounds. Words and music are happily wedded, and when properly rendered will be touchingly effective. All the receipts from the sale of the song will be donated to the Odd Fellows' Orphan Fund. Arrangements are being made to have the song of "The Orphan's Plea" sung at the hall of Cape Fear Lodge, I. O. O. F., on Third street, next Tuesday night. Some children are being trained to sing it. The song will then be put on sale and we trust that an appreciative public will show their love for good music and their sympathy for the poor orphans by buying this sweet piece of harmony.

**Why Not A Musical Festival?**  
Rev. F. W. E. Peschau, who is an educated musician and an accomplished violinist, has a few young lady pupils on that "King of Instruments," who are evincing marked proficiency in musical science. It is proposed that the class shall give a concert at no distant day, when our people may see our native talent in a new light. We have been favored with piano concerts, vocal concerts, and it will be a pleasing novelty, as well as an interesting entertainment when we have a violin concert by home talent; trained and educated under home science and skill. The concert will undoubtedly be varied by the introduction of selections for the piano and by vocal efforts by some of our best amateurs.
