Now Suffering, Misery and the Seeds of Death are Taken into the Body Unknown to the Unconscious Victim.

"It is a wonder people live as long as they de." said one of the leading physicians of New York while conversing with some newspaper friends recently. "Every breath that is taken contains poison. Millions of germs, so small that they cannot be seen by the naked eye, are drawn into the lungs, the throat, the stomach, and while many of them die thousands of them live and feed upon the body and cause what is called disease. Germs are the source of all disease; kill the germs and you cure the disease."

So interested were his listeners with the above remarks that the doctor continued:-"You naturally ask what will kill these germs? I am sorry to say only a few things. The surest safeguard against all germs is pure whiskey--pure, mind you. Germs do not thrive where it is used judiciously. Unfortunately there is but little pure whiskey to be had and I know of but one which I can absolutely recommend and that is Duffy's. I have analyzed it carefully and found no fusel oil, no impurities, and nothing that could harm even a child. Duffy's Pure Malt Whiskey is also recommended by such high medical authorities as Dr. Henry A. Mott, Prof. Wm. T. Cutter, Dr. Carnwell and others. Understand me, I advocate the use of whiskey only as a medicine and not as a beverage. As a medicine it is strengthening, restoring and beneficial, and is endorsed by priests and clergymen. Under no circumstances, even as a medicine, use any but the pure, and do not allow any druggist to persuade you to take any other."

The politics of Illinois is believed by the managers of both parties in that State to be of exceptional importance this year. The Democrats hope and the Republicans appear to fear that there is a fighting chance for the election of General Palmer as 'United States Senator from that State by the Legislature to be chosen this fall. The Demo crats are very much in earnest, and propose to make a strong contest for the Legislature. The canvass will be not unlike, in national importance, the one made thirty years ago between Lincoln and Douglas. The Democratic organization is in the hands of men who are in thorough sympathy with the fariff re form policy, and they hope by care ful work and by intelligent agitation and discussion to bring the majority of the people of the State to

their side. The Argentine Republic has for many years been pushing immigration, until now it seems to have got quite as much of it as it can handle. We gave her various kinds of medi-cine, but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the discases all disappeared, and she is now a hale, hearty and healthy girl twelve years old. Another child has just become affilted in the same way, and I am using the S. S. S. and anticipate a prompt and permanent cure. N. C. WAGGONER. Etch Hut, Mo. July 7, 1883-The Swift

RICH HILL, MO., July 7, 1883-The Swift Specific Co., Atlanta, Ga.-Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. and by the special benefit. We tried S. S. S. and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair-a robust, hearly child. I feel it but my daty to make this statement. Respectfully, H. T. SHOBE.

CHATTANGOGA, TEXN.; June 27, 1888-The Swift Specific Co., Atlanta, Ga.-Gentlemen : Swift Specific Co., Atlanta, Ga.—Gentlemen: In 1886 Leontracted blood poison, and at once sought a physician, who treated me for sev-eral months. By his advice I went to Crab Orchard Springs, Ky., where his course of treatment was carefully observed. I recov-ered, as I thought, but the next spring pim-ples began to appear on my face and body. These gradually increased to sores and run-ning ulcers. I was advised to try S. S. S., and immediately after taking it I commenced to improve, slowly at first, but more rapidly afterwards, and soon nothing remained to afterwards, and soon nothing remained to tell of my trouble. My blood is new thor-oughly cleansed, and my system free from taint, and I owe my present condition-a perfect cure-to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit. HARDY M. BURT, 21 West Ninth St.

HARDY M. BERT, 24 West Ninth St. HOMER, I.A., May 25, 1885—The Swift Specific Co., Atlanta, Ga.—Gentlemen: About two years ago my general health gave way en-tirely. I was so debilitated that I almost despaired of ever feeling well again. All that the physicians done for me brought ho permanent relief. Friends insisted that I should give S. S. S. a fair trial, although I the taking a thorough course, my health and strength returned, and I must say that S. S. S. alone cured me, as I discarded all others while using it. As a tonic I can most others while using it. As a tonic I can most heartily recommend it; for general debility, it certainly is a specific. W. F. BRIDGES, J. P. HOMER, LA.-I know Mr. W. F. all this will at length, no doubt, come a great future for the Argentine Republic, with its variety of skilled industries and its ample supply of labor.

Louisiana politici ans are considerably agitated over the probable outcome of the special election that is to be held to select the successor of Edward J. Gay, recently de-ceased. Mr. Gay represented the Third Congressional District during Third Congressional District during the past two terms and was reelected to the 51st Congress. The district is said to have a large majority of colored voters, and it was that district that sent William Pitt Kellogg to the House of Representatives after his Senatorial career was end ed. Prior to his first election Mr. Gay never took an active part in Louisiana politics, but devoted his energies to the sugar interest, and was President of the Sugar Exchange from its foundation. He was a very wealthy man, and, it is said by his friends, that his first election to Congress cost him upwards of \$62,000. He was always regarded as a close figuring, economical business man, but in his first political cam paign it is said that he never disputed a single bill presented by his campaign committee. Some of the items in the bills were quite unique.

However, he paid them without a murmur. The Democrats are trying to get his son-in-law to become a candidate at the special election, but the young man says he has no de sire to undergo his father in-law's political experience, but is contented to look after the business interests which the deceased left behind him.
