The Daily Review.
WEDNESDAY, JUNE 19, 1889.
STATE NEWS.

Winston Daily: The town of Wilkesboro is making rapid progress in the way of building and increasing her population. Quite recently a company was organized, with Mr. N. Dean, recently of Winston, at its head. The object of the company is to erect and operate a sash, door and blind factory. It will also take contracts for the erection of buildings.

Durham Sun: We are told that a young man in Durham, Sunday, rolled up a five dollar bill, green-back, belonging to a friend, and playfully tossed it in his mouth. He misjudged his calculation, for the bill went down like a pill, much to his own as well as his friend's astonishment. How now wants that bill changed—at least from its present resting place.

Raleigh News and Observer: The portrait of the Hon. Wm. T. Dortch, of Wayne, has been added to the collection of pictures of judges and eminent lawyers in the Supreme Court Library. There is no longer any anxiety or concern about the Raleigh Cotton Mills. Its existence in the near future is a guaranteed certainty. The board of directors still have the matter of the selection of a site under consideration and will make a choice this week, when the company will be fully organized. There now remains only about five or six thousand dollars of stock to be taken and this will be made up without any trouble.

Durham Plant: Yesterday morning, at Trinity Sunday School, Col. E. J. Parrish stated, with regret, that circumstances over which he has no control made it necessary for him to decline to go to the World's Sunday School Convention, at London, as a delegate to which the school had been so kind as to elect him and to vote him a purse sufficient to defray his expenses. Whereupon, on motion of Mr. P. M. Briggs, the school elected its assistant superintendent, Mr. N. H. Snow, a delegate upon the same conditions tendered Col. Parrish. Mr. Snow left on the early morning train for New York, and expects to sail from there for London on Wednesday morning.

Newbern Journal: Mr. Gardner calls our attention to the price of blackeye peas in the Norfolk market, which is \$3.25 per bag of two bushels, and he suggests that our farmers would find more money in making them than corn or any other grain. He says \$2.50 is a low price for a two bushel bag. At that price we must agree with him that there is money in them, for any old field will make peas. Gov. Fowle is showing that he belongs to the great men of the nation by following the footsteps of Grover Cleveland and Daniel Webster. He is at Ocracoke and catches from 75 to 100 fish a day, and it is not good fishing weather either. The shipments of truck from this section this season have been the heaviest ever known. For the last two or three weeks the steamers of the O. D. and E. C. D. lines have gone out loaded every trip, and the A. & N. C. R. K. has carried immense quantities. At every crossroad, almost, shelters have been erected for the protection of truck, and every truck train finds something to take on every day. The business is assuming huge proportions all along the line of the road, and as soon as the farmers generally learn how to make it pay, it will be a big thing for Eastern Carolina.

The Burden of Womanhood.
Thousands of women are silently suffering untold misery, simply because they shrink from consulting a physician in those numerous complaints arising from functional irregularities and disorders. Many a modest girl and woman prefers to bear her heavy burden in silence rather than to go to the family physician for advice. All sufferers from this class of disorders can, however, find prompt and sure relief in Dr. Pierce's Favorite Prescription. It is a specific in such cases, and has brightened the lives of countless women by restoring them to perfect health.
