been quite sick at the residence of  
his brother, Capt. W. R. Kenan, in  
this city, for a week past, has so far  
recovered that he was able to go  
down to the Hammocks to day  
where he hopes to recuperate.

The Y. M. C. A. have purchased  
the McRee property, corner Front  
and Chestnut streets, as the site for  
their new building, paying for it  
\$12,000. Work will probably be be-  
gun in October. The fund now  
stands up \$23,546.

Capt. E. J. Pennypacker, Collector  
of Customs for this port, has ap-  
pointed E. B. Rice as Deputy Col-  
lector, and John E. Taylor as spe-  
cial Deputy Collector. A full list of  
the appointments is not yet ready  
for publication.

Mr. Brown has done a good work  
by putting out a net work of life  
lines in the surf opposite his bath  
houses on Wrightville Beach. A  
boat is also to be kept at hand, ready  
for service, and every precaution  
possible is to be taken to prevent  
accidents.

Mr. Iredell Meares, for four years  
Deputy Collector of Customs for this  
port, has now gone into the practice  
of his profession, that of the law  
and has opened an office in the Davis  
building, next door to the Bank of  
New Hanover, on Princess street.  
He will practice in the Federal State  
and County courts.

It is very important in this age of  
vast material progress that a remedy  
be pleasing to the taste and to  
the eye, easily taken, acceptable to  
the stomach and healthy in its na-  
ture and effects. Possession these  
qualities, Syrup of Figs is the one  
perfect laxative and most gentle  
diuretic known.

The Artillery Instructors.  
Sergeant Geo. H. Rice, of Battery F,  
1st U. S. Artillery, and Sergeant Jona-  
than Helcher, of Battery I, Second  
U. S. Artillery, have been detached  
from duty at Fortress Monroe to in-  
struct the troops at the Encamp-  
ment in artillery drill. They arrived  
here this morning and are at the  
Bonitz House. It is expected that  
the pieces will all be mounted to-  
morrow.

Be Temperate With Ice Water.  
Ice water seems very refreshing in  
hot weather, but too much should  
not be indulged in. Here is what  
the eminent Dr. Hammond says of  
too much ice water: "It is quite  
common for persons to feel faint and  
to become pale immediately after  
drinking a glass of ice water. They  
attribute these effects to heat or  
over exertion, or to some other cause  
which has nothing to do with the  
result, not knowing that they have  
so weakened the heart as to prevent  
its sending a due amount of blood  
to the lungs and brain, and that,  
had the water been a little cooler,  
life would possibly have been ex-  
tinguished altogether."

Advice to Mothers.  
MRS. WINSLOW'S SOOTHING SYRUP  
should always be used when children  
are cutting teeth. It relieves the lit-  
tle sufferer at once; it produces nat-  
ural, quiet sleep by relieving the  
child from pain, and the little cher-  
ub awakes as "bright as button." It  
is very pleasant to taste. It soothes  
the child, softens the gums, allays  
all pain, relieves wind, regulates the  
bowels, and is the best known reme-  
dy for diarrhoea, whether arising  
from teething or other causes.  
Twenty five cents a bottle.

### Important Announcement.

Owing to the movement of trains,  
consisting of forty odd cars loaded  
with troops, the management of the  
Wilmington Seacoast R. R. an-  
nounces that the 6:15 and 7:25 p. m.  
trains from Wilmington and the 6:15  
and the 7:30 p. m. trains from the  
Hammocks will be abandoned to-  
day, in order that they may be able  
to utilize their engines in the move-  
ment of troops.

### Merely a Dream.

The Sullivan-Kilrain fight took  
quite a hold on the imaginations of  
many here. A few nights ago one of  
our young German friends, while  
snugly asleep in bed, dreamed that  
he was Kilrain and that he and the  
Boston Boy were in the ring to-  
gether. So vivid was the dream  
that he let right out from the shoul-  
der, in his endeavor to get in the  
first lick, and struck the wall with a  
force sufficient to have smashed  
John L.'s nose. Badly skinned  
knuckles were of course the result.

### County Commissioners.

A special meeting of the Board of  
County Commissioners was held  
yesterday afternoon, Commissioners  
Pearce, Worth and Montgomery were  
present, and the chairman Mr. Bag-  
g, presided.

The railroad property of the New  
Hanover Transit Company was as-  
sessed for three miles of roadbed,  
one locomotive, four cars, one plat-  
form car, one hand car, etc., \$12,650.

In the matter of hearing com-  
plaints from tax payers the Board  
took a recess until the second Mon-  
day in August.

### Teachers' Institute.

The Teachers' Institute for the  
county of New Hanover began yes-  
terday in the Union school building  
and will be continued for one week.  
There were twenty-five teachers in  
attendance. The institute is con-  
ducted by Prof. M. C. S. Noble, of  
this city. The exercises will consist  
of a thorough review of the branches  
usually taught in the public schools  
and a careful study of the best meth-  
ods of teaching these branches. The  
Institute makes a good beginning  
and will profit all who attend. At  
the close of the session an examina-  
tion will be held and certificates  
will be issued to all who pass.

### An Echo of the Wedding.

A very pleasant little affair took  
place at the Island Beach Hotel on  
Saturday night. It was an enterta-  
inment given by the ushers at the  
wedding of Mr. Louis Stein and  
Miss Rosa David, and a few other  
young gentlemen in this city, to  
visiting young ladies and other  
in the city. About forty in all sat  
down to an eloquent banquet, care-  
fully prepared by Mr. Platt, the  
proprietor of the hotel, and after-  
wards dancing was indulged in in  
the pavilion. It was a delightful  
evening and the party returned to  
the city on the midnight train.

### The Newbern Firemen.

Mr. E. G. Parmele, chairman of  
the reception and entertainment  
committee of Wilmington S. F. E.  
Co. No. 1, last night received a let-  
ter stating that Newbern Steam  
Fire Engine Company No. 1 will  
leave for this city next Tuesday,  
arriving here at 6 p. m. of that day,  
with 20 men and a brass band. They  
will be the guests of W. S. F. E. Co.  
No. 1 while here and will be hand-  
somerly entertained.

### Mr. Bear's New Building.

The new store building of Mr.  
Samuel Bear, Sr., on Market street,  
between Front and Water, is rapid-  
ly nearing completion. It will be  
one of the handsomest of its class in  
the city. It is 22x66 feet, running  
clear back to the alley, and the  
ceiling of the first floor is of native  
pine in an unusually pretty design.  
It will be occupied by Mr. Bear in  
the Fall.

### The Encampment.

The Encampment of the North  
Carolina State Guard will be formal-  
ly opened at Camp Latimer, at  
Wrightsville Sound, to morrow  
morning. The camp is fully pre-  
pared for their accommodation.  
Gen. Glenn and Gen. Anthony are  
both on the ground, with many of  
the members of the respective staff  
of each. There will be four regi-  
ments in camp, in all about 1,300  
men, although more can be easily  
received and provided for.

Brigadier General Anthony will  
be in command of the troops. Col.  
R. I. Dodge of the 11th Infantry U.S.  
A., has been detailed to visit and  
report, in detail, matters at the En-  
campment and he is already on the  
ground. Of the Brigadier's staff Maj.  
J. W. Wood, A. A. G.; Maj. Morrison  
R. Divine, Brigade Quartermaster,  
and Major W. W. Hall, Commissary  
General, are already on the  
ground. Col. Cameron and Col.  
Olds of the Governor's Staff, are also  
there.

The first troops to arrive were the  
Rocky Mount Light Infantry,  
Co. D., of the First Regiment.  
They arrived here this fore-  
noon and at 11:50 embarked on  
the Seacoast road for camp. The  
Carolina Central road will bring  
in troops this afternoon, on a special  
train, all along the line between this  
city and Charlotte and others will  
arrive to night and to morrow  
morning. The Wilmington Light  
Infantry leave at 5 o'clock, with  
40 men, and the Germania Cornet  
Band, with 19 pieces.

### Weather Crop Bulletin.

The report this week from the  
State Weather Service is very dis-  
couraging. It is, however, to a con-  
siderable extent in conflict with  
statements we have seen in our ex-  
changes. We beg pardon, but we  
are compelled to say that the "gen-  
eral outlook" is not so very dis-  
couraging, after all. The Bulletin  
was made up last Friday, however,  
before the rains had fairly ceased  
and when the reports sent in from  
its various correspondents partook  
more of their fears than of their  
hopes. We copy as follows:

The reports of correspondents of  
the Weekly Crop Bulletin, publish-  
ed by the North Carolina Experi-  
ment Station and State Weather  
Service, cooperating with the United  
States Signal Service, shows that  
there has been a very marked ex-  
cess of rainfall, about an average  
temperature and very little sunshine  
during the week ending Friday,  
June 5th. All crops have been in-  
jured by the excessive rains. In the  
Roanoke valley cotton and corn are  
said to have been almost entirely  
destroyed. All lowland crops have  
been seriously injured. Wheat and  
oats which had not been garnered  
have been very seriously damaged;  
the wheat is sprouting in the shock.  
Reports from a number of localities  
state that tobacco has been "drowned  
out." Fruit is rotting in many  
places. The general outlook is very  
discouraging. Reports from seven-  
teen stations give an average week-  
ly rainfall for the State of 4.44 inches.  
The normal weekly rainfall for the  
month of June for the State, as de-  
termined from observations taken  
at a number of Signal Service sta-  
tions (from four to thirteen years) in  
this State and the adjoining States  
of Virginia and Tennessee, is 1.27  
inches, giving a weekly excess of  
3.17 inches. Freshets have occurred  
in many places, flooding bottom  
lands and washing away bridges.  
The week has been very unfavor-  
able to farm work and all crops are  
getting grassy, the land being too  
wet for plowing.

The box sheet for "The Little  
Tycoon" will be open at Heinsber-  
ger's to morrow morning.

but little if any money changed  
hands on the result.

### The Reunion and the Parade.

For the benefit of some of our  
country friends who seem to be  
unable to get the hang of the thing,  
we will state that the Reunion of  
the 18th N. C. Regiment is to take  
place at Carolina Beach on Thurs-  
day, the 11th, and the parade of  
the Confederate Veterans on Fri-  
day, the 12th, at the Encampment.  
If there is any change in the pro-  
gramme we have not been advised  
of it.

### Black River Notes.

Capt. Ward, of the steamer *Delta*,  
from Point Caswell, who was in the  
city to-day, tells us that a large  
number of the people of his section  
will visit the city this week. He ex-  
pects to bring down his full quota  
of passengers to-morrow and Fri-  
day, to attend the reunion of the  
18th N. C. Regiment, at Carolina  
Beach, on Thursday, and the parade  
of the Confederate Veterans at the  
Encampment on Friday.

The water in Black River has  
been very high. Yesterday it was  
within four feet of the sills of the  
bridge across the river at Point  
Caswell. The rise there was about  
twelve feet, but when Capt. Ward  
left it was at a stand and is in all  
probability falling to-day.

The crops about Point Caswell  
have suffered severely in the low-  
lands on the river and in Caintuck  
but on higher lands they are very  
fine.

It is difficult to get to the freight  
intended for the steamer, on ac-  
count of the high water. Yesterday  
Capt. Ward ran his boat one hun-  
dred yards out of the course of the  
river, right into the woods, as it  
were, to take on some freight. He  
says he felt as old Father Noah  
probably did when he was looking  
for the top of Mt. Ararat.

One day last week the hands on  
the *Delta* killed an enormous rattle-  
snake. He was seven feet long and  
about six inches in diameter in the  
thickest part.

### Getting in Some Fine Work.

Capt. Butts Everett, who resides  
on Mulberry street, between Front  
and Second, awoke about 1 o'clock  
on Sunday night and fancied that  
he saw through the mosquito net a  
strange shadow in his room. He  
laid still, pondering over the matter  
for a while, and then concluded to  
investigate. Approaching the win-  
dow he found a pole which had been  
used in the yard to prop the clothes  
line, projecting through the win-  
dow. He seized the pole and then  
found that it was pulled away from  
him. Looking out he saw a ladder,  
which as it turned out was stolen  
from a neighboring yard, propped  
against the house and a man on it.  
Capt. Everett then rushed for his  
pistol, and called to his son to go  
around the back way and head the  
man off. But unfortunately the  
drawer was locked and the key was  
not in the lock, and before it could  
be found the man had made his es-  
cape. Mr. J. D. Nutt, who lived  
next door, heard Capt. Everett call  
and he appeared a moment later to  
assist in the capture but the rascal  
made his escape. The fellow had  
used the pole to drag articles from  
the room, which he seemed afraid  
to enter. He had succeeded in get-  
ting a satchel out, which he cut  
open, and found empty. There was  
no loss, beyond this.
