The strike of the glass workers which began in December, 1887, continued for twenty one weeks, 2,760 men being engaged in it. Assuming that the average wage of each participant was \$15 per week -a fair estimate for those employed in this trade-the actual loss of wages amounted to, in the twenty one amount of relief afforded the strik- reliability, and ask you frankly if ers was \$250.000, or considerably less than a third of their actual wage loss for the time specified. Bradley Johnson has compiled a table showing the amounts paid and received on account of pensions by total amount received by them in property. that year was \$1,724,115, against \$26,717,032 paid by them. "This," says Mr. Johnson, "is the indemnity for the civil war actually levied on the Southern States."

The New York Times says: "There is no worse place in the country for judging of the state of public sentiment on political matters than the city of Washington, and no persons so blinded to its actual condi tion as those connected with the National Administration. They exist in an atmosphere so permeated with official and partisan mists that their vision is distorted and perverted until they see men like trees walking. An Important Announcement
About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using kiniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail.
