The Third Regatta. The third regatta of the season of the Carolina Yacht Club will take place next Tuesday afternoon, the 6th inst., at 3 o'clock p. m., over the usual course at Wrightsville. It may be that the race will decide the result as to the magnificent cup, the Latimer prize, offered by Commodore Wm. Latimer to the boat which beats three successive races. The prize has been on hand for two years and while it has been eagerly competed for it has never yet been won. The issue now is between the Pirate, of the first class, and the Resa of the second class. If the Pirate leses in her class and the Rosa beats in her's, the former will take the cup and so the converse-The coming race therefore bids to be an unusual interesting and spirited contest.

The new laws of the State o North Carolina, passed by the session of 1889, afford a study. We have already made some extracts from them but there is a great deal in the big book just issued that ought to be known by the people. One of the most important of all the acts of the legislature was an amendment to the law in relation to the crime of bunglary. That crime has been graded. Heretofore it has been the law in North Carolina that burglary, simple or compound, was punishable only by death. The amended law grades the crime of burglarly into first and second degree. A burglary of the first degree is defined. If the crime be committed in a dwelling house or in a room used as a sleeping apartment in any building, and any person is in the actual occupation of any part of said dwelling house or sleeping apartments at the time of the commission of said ecime, it shall be burglary in the first degree.

Burglarly in the second degree is where the crime may be committed in any dwelling or sleeping apart ment not actually occupied by any one at the time of the commission of the crime. Burglary in the first TINSURPASSED FACILITIES FOR PREdegree is punished by death; in the second degree by imprisonment for arday morning. In all there are life or a term of years in the discretion of the court.
