The game of base ball yesterday afternoon, at the Seaside grounds, between the Mutuals of this city and the Tarboro club, resulted in a victory for the former. The score stood 4 to 4 but the Tarboro team claimed that their catcher was sick and failing to play off the tie the game was awarded to the Mutuals.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle. July 6 deod&wly

Audit and Finance.
The Board met in regular session yesterday afternoon. The following members were present: Chairman R. J. Jones and Messrs. J. F. Maunder, Wm. Calder, W. R. Kenan and Jno. W. Hewitt.

Eighty one coupons which had been redeemed and cancelled were burned in the presence of the Board. Bill of Henry C. Evans for \$45 was deferred.

Bill of \$98 for hire of horses for the Wilmington Hook and Ladder Company, bill of \$12.00 for feeding horses, and bill of \$30 for attention to horses while sick, \$140.00 in all, were taken up. On motion the Clerk was ordered to send a communication to the Board of Aldermen setting forth the expenses incurred by the city for the horses of the Hook and Ladder truck and stating that this Board is not willing to continue these extraordinary expenses for that purpose, and asking them to devise some way to remedy the said extraordinary expenses.

Several bills for the Fire Department were presented, approved by the Chief of the Fire Department and not approved by the Mayor as chairman of the committee on Fire Department, whereupon it was ordered that the bills be sent to the Board of Aldermen and the fact called to their attention, and that they be requested to law down a rule designating who is authorized to purchase supplies in that department and certify to the correctness of bills.

Bills were audited and approved as follows: Current expenses \$5,728.41; Coupons \$832. Total \$6,560.41.

No Envy and No Malice.
We said yesterday that the man Talbot, who attempted suicide on Saturday night, as was alleged, is "a printer who has recently been employed on the Messenger." This means, of course, that the man had worked in the Messenger office. We stated this simply as a fact that had been told us. The Messenger thereupon waxes wrathly. It says this morning:

Hence we hurl back with supreme contempt at our envious contemporaries the malicious assertion that the unfortunate Mr. Talbot, the compositor who came so near losing his life from an overdose of laudanum, was "a Messenger printer." The man repeatedly "subbed" for some of our regular compositors as he has in other offices in this city, but he has never himself "held a case" on the Messenger.

That is a very pretty expression—that "hurl back with supreme contempt" but we think we have heard something like it before. It is getting rather stale though now. As for the allusions to "envious contemporaries" and "malicious assertion" that is something more serious and must be more seriously considered. We don't envy the Messenger for the simple reason that we wouldn't swap even with it to day, and as for the "malicious" part we will content ourselves with saying, so far as we are concerned, that the assertion is simply false.

We said that the man was "a printer who had recently been employed on the Messenger," and we repeat it and prove it by what the Messenger itself says in the extract we have quoted above.

We say now in all kindness to our cotemporary that we cannot see why he should have taken offense at our remark. The Messenger was not responsible for the occurrence nor was any such thing intimated. Had the man worked on the Star, or on the REVIEW, we would have spoken in the same way, merely as a matter of fact, in recording a circumstance. There was no envy and no malice in the matter—none whatever—and none but a jaundiced mind, it seems to us, could have discerned such a thing where it did not exist.

Ills, Wills and Pills.
An odd mixture of words, but the sufferer from constipation, indigestion, impure blood, biliousness and other such ills, can be cured if he wills, without taking the horrid, old fashioned pills. These are superstitious in our day by those wonder working, yet tiny, little globules, known as Dr. Pierce's Pleasant Pellets. No gripping, no drastic purging; do not cause costiveness afterwards, as the old style pills do. One little Granule a dose.

Mr. Geo. P. Cotchett's family are in Lincolnton and will spend the balance of the Summer there.

Board of Aldermen.
The Board of Aldermen met yesterday afternoon in regular session. All the members of the Board, with the exception of Aldermen Post and Craft, were in attendance.

The Streets and Wharves Committee reported concurrence in the application of the W., O. & E. C. Railroad Company for the right of way on certain streets in the lower part of the city.

Alderman Hicks, of the special committee appointed in regard to the obstruction to traffic on Nutt street, reported that a conference had been held with Capt. Divine, of the Atlantic Coast Line, who said the railroad authorities were doing all they could to remedy the evil complained of. The committee asked for further time, which was granted.

The report of Martin Newman, Esq., Chief of the Fire Department, was read, showing the condition of the department, the number of fires the past month, etc., and recommending the purchase of horses for Hook and Ladder Co. No. 1, the necessity of a lighter truck, and that horses of the department be fed on oats and bran during the summer months.

A communication from the Board of Audit and Finance was received in relation to extraordinary expenses attending the horses of the Hook and Ladder Company No. 1, and also in regard to certain bills approved by the Chief of the Fire Department and not approved by the Committee on Fire Department.

Alderman Hicks submitted the following as an amendment to the ordinances on Fire Department, and it was read and adopted without debate, viz:

The Chief of the Fire Department shall have and exercise supreme control over the entire department at all times. He shall be chief executive officer of the Board of Fire Department, and see that all orders and regulations of the Board are rigidly enforced. He shall see that proper discipline is maintained and observed by the officers and men, and shall make a monthly report of the number of men on duty and of the condition of the several houses, horses, apparatus and equipment. He shall have charge of the purchasing of all supplies, and issue them upon requisitions under the direction of the Board. He shall visit each department house as often as practicable, and inspect and see that the quarters are in good condition and well kept. He shall not absent himself from the city without the consent of the Board, and if granted permission he shall immediately notify his assistant in writing.

Petition of the Fifth Ward Hook and Ladder Company was read, asking that the company be supplied with a horse and harness.

On motion of Alderman Bell the petition was granted and \$200 appropriated for the purchase of a horse.

Alderman Morton offered a resolution that a small light truck be purchased, to be used in the suburbs of the city, and that an appropriation of \$600 be made for this purchase. Adopted.

Petition from residents on Eighth and Campbell streets was referred to Street and Wharves Committee.

Alderman Morton called attention to the condition of certain streets in the First Ward that had been ballasted with sawdust and were now in such bad condition that physicians said they were likely to cause sickness, and residents had threatened to bring suit against the city authorities unless the matter was remedied. He submitted a motion that these streets be attended to at once. Adopted.

Alderman Lane asked that lights and fire hydrant be placed on Eighth street. Referred.

Alderman Lane asked that the law prohibiting drug stores selling cigars, soda water, etc., on Sunday be repealed. Alderman Bell seconded the motion, but it was lost.

Alderman Smith moved that the Chief of the Fire Department be authorized to purchase two horses for the W. H. & L. Co, the cost not to exceed \$600. Adopted.

Alderman Smith called attention to parties selling fresh meats from cars at the railroad depot without paying the tax required of other dealers. The Mayor said the Chief of Police would attend to the matter at once.

Distress after eating, heartburn, sick headache and indigestion are cured by Hood's Sarsaparilla. It also creates a good appetite.

County Commissioners.
The Board of Commissioners met yesterday afternoon in regular session, all the members being present and Chairman Bagg presiding.

The Treasurer submitted his monthly report, showing balance on hand to the credit of the general fund amounting to \$12,481.64, and amount to the credit of the educational fund, \$9,675.97.

The Register of Deeds reported \$19.95 received as fees for marriage licenses and exhibited the Treasurer's receipt therefor.

The Clerk of the Superior Court reported \$50 collected—\$25 from the Switchback Pleasure Company and \$25 from the Industrial Manufacturing Company—and turned over to the Treasurer.

Ordered, That James O. Brown, of Harrett township, and John Howland, of Wilmington, be allowed to list their taxes.

Ordered, That the personal property tax of D. B. Barber, of Cape Fear township, be reduced from \$750 to \$450.

The Board drew the regular venire of jurors for the Superior Court to meet on the third Monday in September, as follows:

The Stedman Bucket Co.
We are glad to note that the Board of Aldermen has appropriated \$200 for the purchase of a horse and harness for the C. M. Stedman Bucket Co. of the Fifth Ward. This is the name of the company but they are supplied also with a good truck and they have long been in need of a horse to pull it. This company has performed excellent service in times past but of late have not been always at fires for the reason that they have had no horse to pull the truck. There is some splendid material there and we understand that the company will now be reorganized on a better basis than ever. Capt. Newman, Chief of the Fire Department, proposes to give them all of the aid and encouragement in his power.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co. †
