Mr. Henry Runge, of this city, has been elected teacher of German in the North Carolina College at Mt. Pleasant.

The many remarkable cures Hood's Sarsaparilla accomplishes are sufficient proof that it does possess peculiar curative powers.

The tide rose very high in the Sound last evening. All the marshes between the main land and the Hammocks were covered.

The *Sylvan Grove* met the Goldsboro party this morning at the railroad wharf and carried a large portion of them to Carolina Beach.

There will be no prayer meeting to night at the First Presbyterian Church, on account of the condition of the lecture room, which is undergoing repairs.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdq. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdq. Co. †

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdq. Co. †

A party of ten or twelve gentlemen from Richmond, Va., arrived here on the 9:55 train last night, and went down on a special over the Seacoast road to the Island Beach Hotel at the Hammocks.

The recent heavy rains have caused the water in the Sound in front of Wrightsville to become so fresh that pig fish confined in coops are dying by the wholesale. Mr. Stokely lost 400 on Tuesday.

This is the "cool spell in August" which drops in on us generally every year during the early part of the month. It was cool enough for blankets early this morning and almost cool enough for fires.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdq. Co. †

There was an excursion train from Goldsboro this morning of eight carloads of white and colored people. The Goldsboro colored base ball club was with the excursionists and they will play the Mutuals of this city at the Seaside grounds this afternoon.

St. Mark's Church, colored Episcopal, corner of Seventh and Chestnut streets, has been undergoing some improvements. They have now a new pulpit, a new pipe organ and new chandeliers and other improvements have been made to the interior of the church.

Don't forget the concert to be given at Carolina Beach to-morrow afternoon by the Germania Cornet Band. The *Sylvan Grove* will leave at 5 o'clock and the *Passport* at 7 o'clock. The fare for the round trip is 25 cents. This is your chance to hear some good music.

Shirts, we have got them by the million, made by good and skillful hand; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 122 Market Street. Sign of the blue awning. ††

To Dispel Colds. Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

**Forecasts.**  
For North Carolina fair weather and stationary temperature. For Wilmington and vicinity, fair weather.

**Refreshing and Invigorating**  
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

**The Address Postponed.**  
A great deal of disappointment was felt and expressed last night at the disappointment of the address which was to have been delivered by Col. Hall before the Democrats of the First Ward Club. It had been given out that the meeting would be postponed on account of the weather yet a good number assembled to hear the address, who had not heard of the postponement. The delivery of the address was postponed until some night next week.

**Entertainment at Southport.**  
Posters have been put up about the city announcing a grand entertainment at Southport to-morrow night, given by the ladies of that town for the benefit of a fund for the improvement of the streets. The *Passport* and the *Bessie* will both make an afternoon trip from this city and an opportunity will thus be afforded those of who may desire to attend to be present on that occasion. The moon will be nearly full then and if it is a pleasant occasion no more delightful evening can be desired.

**Carolina Insurance Company.**  
Yesterday afternoon a preliminary meeting was held at the rooms of the Produce Exchange to organize the Carolina Insurance Company. After some discussion by those present it was decided that if possible the capital stock should be made \$50,000, and a committee was appointed to secure subscriptions. Twenty four thousand dollars were subscribed and the additional amount will probably be obtained in a few days. It was the evident purpose of those present at the meeting to furnish the patrons of the company perfectly safe insurance, and they will put the company at once on a permanent and solid basis. Among the largest stockholders, all of whom were present at the meeting—except one or two who were absent from the city—are Messrs. D. L. Gore, D. G. Worth, J. W. Williams, Donald MacRae, H. VonGlabn, E. S. Latimer, L. Vollers, W. J. H. Bellamy, C. W. Yates, Clayton Giles, M. S. Willard, S. B. Solomon, John D. Bellamy, Jr., J. S. Allen, Belden & Rankin, Geo. R. French & Sons, L. S. F. Brown, R. W. Hicks, M. Cronly, Jr., and a number of others.

Messrs. D. L. Gore, N. B. Rankin and M. S. Willard were appointed the committee to secure further subscribers, and either of them will receive subscriptions.

**Wide Awake for August.**  
*Wide Awake* for August is an open air number, full of things to be done out-of-doors; geologizing and the making of wild flower books. The number is largely written by travelers and sight-seers. Mrs. Fremont describes her "Camping near the Giant Trees" in the early California days. "In the Meadows at Trianon" tells of a somewhat peculiar visit to the famous playground of Marie Antoinette and her Court. "Queen Mary's Child-Garden" gives an account of a day on the islet of Inchmalone where Mary, Queen of Scots, abode for a time when she was a little girl. "Fishing in Tweed and Yarrow," with its beautiful engravings of the historic river scenery, is a most readable paper. Then there is a touching melodious ballad by Mrs. Harriet Prescott Spofford. The story element is of fine quality. In the Peppers serial a mysterious pleasure is hinted at for Bonnie Polly Pepper; and in "Sybil Fair's Fairness" young Mr. Harvard turns out pretty well, after all. "Gul Baba, 'Father of Roses,'" is one of the best of the folk tales of Hungary. "How Long Pond Ran Away" describes a disaster in Vermont many years ago. "Bin" is a charming story. "Tim Faraday and the Two Auroras" is an amusing political story. The poems of the number are all good. \$2.40 a year. D. Lothrop Company, publishers, Boston.

**Physical Instruction.**  
The Trustees of the University, on the recommendation of the Faculty, have accepted the offer of the Young Men's Christian Association of the students in regard to the management of the Gymnasium. The Association is to nominate a skilled instructor, who, with the approval of the Faculty, will have charge of the Gymnasium, and direct the students in regard to their physical culture.

In pursuance of this arrangement, Mr. Lacey L. Little, of Richmond county, a distinguished graduate of the class of 1889, and a thoroughly reliable man in every respect, is now in the Young Men's Christian Association Training School at Springfield, Mass., and will be ready to enter on his duties at the beginning of the next session, viz.: September 5th.

The friends of the University will doubtless cordially approve this provision for the physical instruction of pupils. The best institutions all have teachers specially qualified for this purpose. Many bright young men have found their intellectual training of little value because of the neglect of bodily health. Systematic exercise of the body, such exercise as is adapted to the peculiarities of the individual, is absolutely necessary to secure a sound and vigorous constitution.

**The Teachers Abroad.**  
The *Glasgow Daily Mail* gives this write up of the North Carolina teachers abroad: "There are at present on a visit to Glasgow one hundred and twenty teachers of schools from North Carolina. They arrived on Thursday evening at the Tail of the Bank per State liner Nevada, and took up their headquarters in the Central Station Hotel. Their tour lasts for six weeks, during which time they will visit the most interesting places in the country. They call themselves the "North Carolina Teachers' Assembly," and are under the charge of Major Eugene G. Harrell, who has arranged daily excursions for them. They are here with the combined object of pleasure, health and practical experience, and doubtless they will be successful in all these respects, especially from an educational point of view; while they will obtain many practical hints useful to them in their calling of instructing the children of the State. As the teachers from the other side of the Atlantic have never visited us in a body before, it is very unfortunate that they have come at a time when all the public schools here are closed, as they are therefore debarred from seeing the methods adopted in our schools. They are a very enthusiastic and influential body, and every year they hold meetings, lasting a week, in Morehead City, when they discuss educational matters. These meetings are generally largely attended, about one thousand teachers of both sexes from all parts of the State being present. Yesterday they visited the land o' Burns—the Mecca of many Americans—and returned to the city in the evening. Today they visit the Cathedral and the University; while Loch Lomond and the Trossachs will also be traversed in the course of next week. Afterwards they proceed to Edinburgh, and thence to Abbotsford, and on to London, where they spend a week. They cross to Paris, their stay in the continental capital lasting for several days. They return to Glasgow and, it is probable, as most of the Board schools will then have reopened for the season, that they will have an opportunity of seeing the scheme of education adopted in our schools. From Glasgow they go to Belfast and Londonderry; and after a few days' stay there they will again set sail for America.

**What We Prefer.**  
We publish THE DAILY REVIEW, not "our evening contemporary." The question of circulation is not allied, in the most remote manner, to the attempted suicide last Saturday night of "a printer who was recently employed on the *Messenger*." The REVIEW is a newspaper which pays off its employes in full every Saturday night and we prefer to save our money for that purpose.

**City Court.**  
The following cases were disposed of by the Mayor to-day:  
Henry McNeal, charged with disorderly conduct, was found guilty but judgment was suspended.

S. J. Talbott, charged with disorderly conduct, failed to appear and his recognizance was forfeited.  
Geo. McKoy, disorderly, judgment suspended on payment of costs.  
Sarah Hall, disorderly, not guilty and discharged.

**Pender County Commissioners.**  
The Board of Commissioners for Pender county met at Burgaw on Monday last, present, Mr. Foy, the chairman, and Commissioners Bland and Moore.

The following is a list of jurors drawn for the September term of the Superior Court:

First Week—B. S. Harrell, G. W. McMillan, M. A. Eakins, C. H. Huggins, W. T. Bordeaux, R. E. Batts, R. F. Debose, Robert Fuch, J. H. Alderman, W. H. French, W. T. Hall, J. D. Bowden, J. H. Armstrong, J. D. Hocutt, J. C. Wooten, D. J. Powell, Jas. Morgan, C. P. Woodcock, I. H. Filyaw, J. W. James, J. W. Rome, A. H. Bowden, Amos Atkinson, W. H. King, W. B. Henry, G. W. Bradshaw, John Costin, A. S. Lanier, J. B. George, Richard Hankins, J. W. Sidbury, J. C. Johnston, G. W. Corbett, L. W. McKoy, D. B. Croom.

Second Week—Kinchen Corbette, A. C. Wells, J. J. Debose, J. T. Rivenbark, E. J. Hall, Thaddeus Bordeaux, J. W. Lanier, H. R. Cason, Jack Bryant, J. H. Marshburn, W. N. Sanderson.

There are two capital cases on the docket to be tried, which will consume a great deal of time.

The Teachers' Institute is in session at Burgaw this week and nearly all of the teachers in the county are present. A good deal of interest is manifested. Dr. Satchwell delivered an address Monday evening on "The Christian Heart and its Relation to Longevity."
