According to the Dajevnik, paper published at Saratoff, Russie, there is living there a man who is 140 years old. His name is Daniel Samoiloff, and he was born at Saratoff in 1749. He acted as adjutant to Field Marshall Pugatcheff, and took part in the storming of Kasan and Simbirsk and in the bombardment of Semara. He was arrested with Pugatcheff and brought back to Simbirsk, where he was subjected to one hundred and eight blows with the knout, and condemned to hard labor for life in the Siberian mines. After thirty eight years' banishment and hard labor Samoi loff was permitted to return to his native city. Despite the hardships

of his exile, he is described as still retaining all his faculties.

A movement has been inaugurated in Vicksburg, Miss., originating with Confederate veterans, to have a grand reunion of the veterans of the blue and the grey from all parts of the country in that historic city on next Decoration Day, May 30th 1890. Letters have been sent to the different State societies of the Conederate Veterans' Association, and to the various posts of the Grand Army of the Republic, asking their cooperation in carrying out the plan proposed. A committee will be sent to the meeting of the Grand Army of the Republic in Milwaukee, next September, to lay the plan before the chiefs of that society for their consideration. PEED'S MILL, TEXAS, June 20, 1838-The Swift Specific Company, Atlanta, Ga.-Gen-tiemen: One of my children was troubled with rheumatism and boils for about two years. We gave her various kinds of medi-cine, but without profit, and began to despair of curing her at all. I was persuaded to try your Swift's Specific. After she had used several bottles the discases all disappeared, and she is now a man, hearty and healthy girl twelve years old. Another child has just become afflicted in the same way, and I am using the S.S. and anticipate a prompt and permanent cure. N. C. WAGGONKA. RICH HILL, Mo., July 7, 1888-The Swift out two and permanent cure. N. C. WAGGONER. RICH HILL, Mo., July 7, 1888-The Swift Specific Co., Atlanta, Ga.-Gentlemen: Our little girl when but three weeks old broke out with eczema. We tried the prescriptions from several good doctors, but without any special benefit. We tried S. S. S., and by the time one bottle was gone her head began to heal, and by the time she had taken six bottles she was completely cured. Now she has a full and heavy head of hair-a robust, hearty child. I feel it but my duty to make this statement. Respectfully, H. T. SHORE. CHATTANOOGA. TENN. June 27, 1853-The

this statement. Respectfully, H. T. SHOBE. CHATTANOOGA, TENN., June 27, 1883-The Swift Specific Co., Atlanta, Ga.-Gentlemen : In 1886 I contracted blood poison, and at once sought a physician, who treated me for sev-eral months. By his advice I went to Crab Orchard Springs, Ky., where his course of treatment was carefully observed. I recov-ered, as I thought, but the next spring pim-ples began to appear on my face and body. These gradually increased to sores and run-ning ulcers. I was advised to try S. S. S. and immediately after taking it I commenced to improve, slowly at first, but more rapidly afterwards, and soon nothing remained to tell of my trouble. My blood is now thor-oughly cleansed, and my system free from taint, and I owe my present condition-a perfect cure-to your medicine. I cheerfully give this statement that others who have suffered as I have may reap the same benefit. HARDY M. BURT, 24 West Ninth St.

HARDY M. BURT, 24 West Ninth St. HeMER, LA., May 25, 1888—The Swift Specific Co., Atlanta, Ga.—Gentlemen : About two years ago my general health gave way en-tirely. I was so debilitated that I almost despaired of ever feeling well again. All that the physicians done for me brought no permanent relief. Friends insisted that I should give S. S. S. a fair trial, although I thought it would be throwing away money. After taking a thorough course, my health and strength returned, and I must say that S. S. S. alone cured me, as I discarded all others while using it. As a tonic I can most heartily recommend it; for general debility, it certainly is a specific. W. F. BEIDGES, J. P.
