Mercurial Poison.
Mercury is frequently injudiciously used by
quack doctors in cases of malaria and blood
poison. Its effect is, in some cases, the
original disease. B. B. B. (Botanic Blood
Balm) contains no mercury, but will eliminate
mercurial poison from the system. Write to
Blood Balm Co., Atlanta, Ga., for book of
convincing proof of its curative virtue.
A. F. Britton, Jackson, Tenn., writes: "I
suffered malaria in Louisiana, and when the
fever at last broke my system was saturated
with poison; and I had sores in my mouth and
my tongue. I got two bottles of B. B. B.,
which I used in my mouth and throat, and
made a new man of me."
W. H. Richmond, Atlanta, Ga., writes: "My
wife had malaria. Doctors called it syphilis.
Her eyes were in a dreadful condition.
Her appetite failed. She had pain in
her joints and bones. Her kidneys were de-
stroyed, and no one thought she could be
saved. Dr. Gilliam recommended B. B. B.,
which she used until her health was entirely
restored."
L. F. Jones, Atlanta, Ga., writes: "I was
suffering with copper colored eruptions, loss of
appetite, pain in back, aching joints, debility,
nausea, loss of hair, sore throat, and great
weakness. B. B. B. put my system in fine
condition."

The pulpit of the Bladen Street Methodist Church will be filled to-morrow at 11 a. m. by Rev. James W. Craig and at 8.15 p. m. by the pastor, Rev. T. Page Ricard.

It is rumored here that the present schedule on the Seacoast R. R. will probably be kept up all Winter but we opine that it is rather early for such rumors to become current.

We hear that one of the young lady teachers with the Teachers' Excursion is quite sick at a hospital in London. She is said to be from Tarboro but we could not learn the name.

Mr. Phil Thomas, heretofore conductor on the Ocean View R. R., has gone into the employ of the Seacoast R. R. Mr. Oscar Grant takes the position vacated by Captain Thomas.

Hon. Geo. V. Strong, of Raleigh, who has been on a visit to his daughter, Mrs. Norwood Giles, at Wrightsville, will leave on Monday for Lenoir Court, which convenes at Kinston on that day.

Capt. Allen's successor as Master of Transportation on the C. C. R. R. has not yet been made and we hear that it is likely that the office will be abolished and that Mr. Terrell, the Train Despatcher, will be assigned the duties of the position.

Capt. Manning sports an unique and attractive sign at his place at Wrightsville. It is in the shape of a huge fish with a crescent above, on which is the name of the house, "Atlantic View," and below the fish is another crescent bearing the name of "E. W. Manning."

The large pavilion of the Ocean View R. R., at Switchback Station, is one of the most pleasant places that we know of. It is built almost directly over the edge of the ocean, at high tide. Lately the water has made some encroachments there and it has been found necessary to anchor a rude breakwater in front.

Not Dead, But Getting Well.
The report was current here yesterday that Miss Margey Busbee had died in Asheville from sickness contracted at the Milburnie picnic, near Raleigh, some weeks ago and we gave voice to it in the REVIEW. We are truly glad now to be able to contradict the report. On the appearance of the REVIEW last evening a telegram was sent to Raleigh asking for further particulars, and the gratifying reply was received that the young lady was not only still in the land of the living but that she is getting well, a fact which will be gladly heard by her many friends and admirers in this city.

They "Swore like our Army in Flanders," may be said of many sufferers from biliousness, headache, constipation, indigestion, and their resultant irritability, intellectual sluggishness, ennui, etc. The temptation to thus violate a sacred commandment, however, is speedily and permanently removed by the use of Dr. Pierce's Pleasant Pellets—tiny, little, sugar-coated anti-bilious Granules; nothing like them. One a dose. Druggists.

To Dispel Colds.
Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

Left Last Night.
Mr. R. T. Burton, the genial chief clerk of the Orton House, left here last night for Philadelphia, where he has accepted a position in the Washington Hotel in that city. We regret very much to lose him. He has many warm friends here who bade him good-bye with sincere regret.

The Fox Hunt.
The fox hunting season opened very successfully here yesterday morning. Capt. Phil Thomas, Mr. H. G. Bauman and Mr. E. T. Coghill turned out at 4 o'clock for a little sport. They started two big foxes near Col. Roger Moore's place, Quince's mill, and ran them back of the Spicer place, three miles from town on the old plank road. The run was about seven miles.

Fifth Street Church.
Rev. F. D. Swindell, P. E., will preach to-morrow morning and evening to the congregation of Fifth Street M. E. Church, South, in the "Union School House" on Sixth, between Nun and Church streets.

The Sacrament will be administered at the morning service. Every member of the Church is requested to be present, as the matter of deciding upon a name for the new church will be determined.

At the Beach Last Night.
There was another big crowd at Carolina Beach last night, not less in number, it is thought, than was assembled there on the previous Friday night. The Germania Band went down on the 5 o'clock boat, as well as many others, and the Pass-
port also carried down a large passenger list. The band played and the people promenaded and ate pig fish and all went as merry as a full symphony of marriage bells. There was also a very fine display of fireworks.

Pine Straw Bagging Coming In.
The Charlotte News says: Several dray loads of pine straw bagging from the factory at Cronly's have been seen moving up town from the Carolina Central depot to day. This is suggestive. Our farmers will cover their cotton with pine straw and cotton bagging as long as that can be obtained. Then they will fall back on old bed quilts and anything that comes handy. When they buy a roll of jute bagging you may know that the last resource has been exhausted. So far as covering for cotton is concerned, it is war times again in the South.

The Shark and the Fish.
Two gentlemen from this city caught a number of fine sheephead from the bridge at Hammocks yesterday afternoon. They strung them and then tied the string to a post and dropped the fish into the water to keep them alive. A short time after a huge shark came along and gobbled up the entire bunch and made off with it like a flash. He was seen as he struck the fish and made away with them. He was about six feet long. It was not, however, a shovel-nose of the man-eating variety but one of the kind that fishermen frequently haul up in their nets.

Farmers' Mass Meeting.
In this issue appears the call for a great farmers' mass meeting in October during the week set apart for the State Fair. It is signed by the highest officials of the great agricultural organizations of the State. It will embrace those out of the pale of such organizations as well as those in them, and will exclude no honest tiller of the soil. The great branches of farming and domestic economy will be represented by distinguished successful specialists. They will present the questions of which they are masters to the people and it will be such a course of lectures on the greatest of all subjects as few men will ever have the opportunity of listening to. It will be an occasion that will make North Carolina the Chatanooga of the farmers.

Forecasts.
For North Carolina, fair weather, and stationary temperature. For Wilmington and vicinity, fair weather.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Fifth Street M. E. Church South.
Rev. R. C. Beaman, pastor. The congregation worshipping temporarily in the Union school house, on Sixth, between Nun and Church streets. Services to-morrow at 11 a. m. and 8.15 p. m. Class meeting at 3 o'clock. Sunday School at 4.30 o'clock.

A Great Farmers' Mass Meeting.
In view of the fact that the rates for transportation are the lowest that can be obtained and therefore put it in the power of the largest number of our farmers, especially those at a distance, to come together for conference and discussion, and of the further fact that a great deal of interest in this way of display of stock and farm products will instruct and benefit them; and the further fact that excursion will be run from Northern cities to Raleigh during that week, where an opportunity will be given to owners of land to meet those who are desirous of inspecting them, it is deemed advisable and of advantage to call a grand mass meeting of the farmers of the State in the city of Raleigh Oct. 15th and the subscribed committee have consented to act as a board of management:

S. B. Alexander, Pres. State Alliance.
Elias Carr, Pres. Agt. Clubs.
J. Van Linder, Pres. State Horticultural Society.
W. R. Williams, Master State Grange.
John Robinson, Commr. Agt.
L. L. Polk, Sec'y State Alliance and Pres. So. Ins. F. Assts.
H. T. J. Ludwig, Sec'y Grange.
J. A. Lineback, Sec'y State Hort. Society.

Distinguished speakers from other States and this State will deliver addresses on special subjects. The occasion will be made one long to be remembered, and it will be the endeavor to make it create in the farmers a new and firmer spirit, the results of which will be of lasting practical value.

Col. E. S. Latimer, President of the Seacoast R. R., is in Baltimore.
