MARTIN T DAVIS—For Sale
W M CUMMING—Mattresses
MUNDS BROS—Pharmacists
EXCURSION—Bladen St M E Church

W. M. Cumming has Pine Fibre for sale.

W. M. Cumming sells Mosquito Nets and Bars.

Barney, one of the Atlantic engine horses, reported by us on Saturday as being very sick, is dead.

We have a few Fluting Machines which we are closing out at less than factory cost. See them. N. Jacobi Hdw. Co

We are sorry to hear that Mr. W. H. Sneed, manager of the Knoxville Furniture Co., is quite sick and confined to his bed.

Miss Bertie Altaffer, who has been quite sick for several weeks, we are glad to say is better and will resume her dressmaking in a few days.

Economy and strength are peculiar to Hood's Sarsaparilla, the only medicine of which "100 Doses One Dollar" is true.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Mr. Martin T. Davis, real estate agent, announces in this issue a number of desirable dwellings and building sites for sale in various sections of the city. See ad.

I am closing out everything AT COST FOR CASH. No humbug in this. Making room for new goods, at I. Shrier's, S. E. corner Princess and Front streets.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co.

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co.

Five new locomotives have recently been received at the W. & W. Company shops in this city. Three of these are for the W. & W. R. R. and two for the North Eastern R. R. They will all be put together here.

Mr. I. Shrier is now comfortably and conveniently located in his handsome new quarters, southeast corner of Front and Princess streets, which were thoroughly renovated for his reception. He will go North in a few days to purchase new goods.

A large excursion party from Weldon and intermediate points on the Wilmington and Weldon Railroad is expected here on Wednesday. Six coaches have been chartered. The train will arrive here about 11 o'clock in the forenoon.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co.

Charlotte News: A letter received yesterday from Mr. Eccles, gives a glowing account of the stay of the Charlotte party in Venice. They met there quite a party of North Carolinians, including Mr. Pembroke Jones and family, and Mr. Watters, of Wilmington, and Mr. H. C. Smith, of Raleigh.

Shirts, we have got them by the million, made by good and skillful hand; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 122 Market street. Sign of the blue awning.

To Dispel Colds.

Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

W. M. Cumming renovates old Mattresses.

Messrs. Frank Williams and Harry Boatwright have gone North on a short trip.

Mr. T. A. Kerehner, of Baltimore, is here on a brief visit to his brother, Col. F. W. Kerehner.

Throw dull care to the winds at Carolina Beach and go down there to-morrow evening to the Masquerade Ball advertised for that occasion. It promises to be a very enjoyable event. There will be good music for dancing and fireworks also. The Grove will leave at 5 o'clock and the Passport at 7. The fare is only 25 cents.

The Remedy is Easy.

There is complaint about the street sweeping. As it is the dust is swept up dry and as a consequence it pervades everything. On Saturday last the sweepers were at work on South Front street, during the busiest hours of the day, and more than one person got some of it in his Sunday dinner. The remedy is easy. The streets should be sprinkled before they are swept.

The Island Beach Hotel

Mr. Horace Platt has resigned the Island Beach Hotel into the hands of the Seacoast R. R. Co. and has made an assignment to Capt. J. R. Nolan for the benefit of his creditors. The announcement will cause surprise as the general impression has been that the hotel has done a good business this season. The house will be kept open, however, and Capt. Nolan, on behalf of the Company, will see that it is well kept. An official announcement to this effect will be made in a day or two, probably to-morrow.

Fatal Accident.

A dreadful accident occurred at Messrs. Parsley & Wiggins' steam saw mill, at Hilton, on Saturday evening, shortly after our paper had been issued. Mr. J. Davenport, the sawyer, attempted to adjust a belt which had slipped from a pulley and his sleeve was caught in the belt and he was dragged up above the floor. As soon as possible the machinery was stopped and the unfortunate man was released, but his injuries were seen at a glance to be fatal. His right arm was drawn from the socket and his left arm was broken and mutilated. Dr. Wright was telephoned for and arrived at the mill in a very short time but nothing could be done and the unfortunate man died a few minutes after the arrival of the physician.

Mr. Davenport was about 35 years old and was unmarried. He came here from Suffolk, Va., and had been employed at the mill only about two weeks, where he had given general satisfaction. An inquest was deemed unnecessary.

Freeman-Cowan File Co.

We are pleased to know that the Atlantic Coast Line has adopted the Freeman-Cowan File as the most useful device for filing and posting rates under the Inter State Commerce law.

Mr. Stephen G. Cowan, the President of the Company, is a native Wilmingtonian and we wish him the greatest possible success. He now occupies the position of Chief Assistant in the Division Freight and Passenger Agent's office of the Richmond & Danville Railroad, at Richmond, having years of fruitful experience in this line of railroad work. We understand that Mr. Cowan does not give up his railroad business, but simply accepts the position of President of the File Company because he is a principal stockholder and the device is largely of his own invention.

From what we have heard of the file, we think its very general adoption only a question of time, a large proportion of the Northern roads having already placed them in use. Again we wish our friend, Mr. Cowan, success with his invention. The place of manufacture is in Richmond, Va.

Don't Read This for \$500.

For many years, through nearly every newspaper in the land, the proprietors of Dr. Sage's Catarrh Remedy, who are thoroughly responsible, financially, as any one can easily ascertain by proper enquiry, have offered, in good faith, a standing reward of \$500 for a case of nasal catarrh, no matter how bad, or of how long standing, which they cannot cure.

A Sunday School Robbed.

When the Sunday School of St. John's Church was opened yesterday afternoon it was found that some one had robbed the mite chest. There was considerable money in it but it is not known how much. The chest was locked up in a closet. The thief broke into the closet by forcing the lock on the door. There is no clue as yet but the robbery must have been perpetrated by some one who knew that the money was there.

Saturday Night's Fire.

The alarm of fire about 9 o'clock on Saturday night came from the store No. 10 Market street, recently occupied by Mr. Samuel Bear. Mr. Bear had recently transported much of his stock to his new store but there were still a number of articles stored there. The fire was soon suppressed by the Department. There is about \$500 loss on the stock, which was uninsured, and perhaps the same amount on the building, which was owned by Mr. L. Volders and which was insured with Messrs. Northrop, Hodges & Taylor, in the Royal Insurance Co. of Liverpool for \$2,000. No one knows the cause of the fire.

A Handsome Publication.

From Mr. Jno. M. Rose, Secretary of the Cape Fear & Yadkin Valley R. R., we have received a copy of a very handsome publication, just issued in book form, descriptive of the road from Mt. Airy, at the base of the Blue Ridge, to this city. It is handsomely illustrated with a number of beautiful views, all true to nature, because all are made from photographs. The City Hall here is shown up in all of its handsome proportions and a picture of the moss-covered oaks at Hilton and one of surf bathing on the coast near the city are thoroughly realistic. In all there are 29 beautiful full page engravings and a large map showing the line of the railway and its connections.

The Fire Teams.

Barney, the horse belonging to W. S. F. E. Co. No. 1, which died last night, was a valuable animal, well trained and with a wonderful instinct. Last Saturday night, although they very near his end, he arose as soon as the fire alarm was sounded and staggered to his stall, where he stood, waiting to have the harness dropped upon him.

It is a fact that there is not now a thoroughly serviceable team for any one of the three fire steamers in this city, nor for the Hook & Ladder Co. The cause of this is ascribed mainly to the fact that the horses were worked sometimes during the recent rains and thus became chilled when overheated with work. The city mules, also, it is said, have suffered from the same cause. The engines weigh about 5,500 to 6,000 pounds each and they need good, strong, healthy horses to pull them.

Weather Crop Bulletin.

The reports of correspondents of the Weekly Crop Bulletin, published by the North Carolina Experiment Station and State Weather Service, cooperating with the United States Signal Service, show that there has been about an average rainfall, temperature and sunshine. The general effect upon the crops has been somewhat favorable, especially cotton, tobacco and corn. Prospects decidedly better than last week's. With favorably seasons it is possible that an average crop may yet be made. Farmers decidedly hopeful. In the Eastern district, however, the returns are not quite so favorable. In this district there has been a slight excess of rainfall and average temperature and very little sunshine. The general effect upon crops has been somewhat unfavorable, especially to corn and cotton. But the sun may for this district is made up from very meagre returns. With two exceptions these are from the Northeastern portion of the State. Brunswick is the only county South of Craven which was heard from and the report from Southport says: "Seasonable weather. Fine potatoes and corn and garden stuff."

Refreshing and Invigorating Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

The ladies of Bladen Street M. E. Church will give an excursion to the Hammocks on Wednesday next. The train will leave Front Street Depot at 9.30 a. m.

Forecasts.

For North Carolina, fair weather, and stationary temperature. For Wilmington and vicinity, fair weather.

A Great Farmers' Mass Meeting.

In view of the fact that the rates for transportation are the lowest that can be obtained and therefore put it in the power of the largest number of our farmers, especially those at a distance, to come together for conference and discussion, and for the further fact that a great deal of interest in this way of display in stock and farm products will instruct and benefit them; and the further fact that excursion will be run from Northern cities to Raleigh during that week, where an opportunity will be given to owners of land to meet those who are desirous of inspecting them, it is deemed advisable and of advantage to call a grand mass meeting of the farmers of the State in the city of Raleigh Oct. 15th and the subscribed committee have consented to act as a board of management:

- S. B. Alexander, Pres. State Alliance.
- Elias Carr, Pres. Agt Clubs.
- J. Van Lindley, Pres. State Horticultural Society.
- W. R. Williams, Master State Grange.
- John Robinson, Commr. Agt.
- L. L. Polk, Secy State Alliance and Pres. So. Ins. F. Assns.
- H. T. J. Ludwig, Secy Grange.
- J. A. Lineback, Secy State Hort. Society.

Distinguished speakers from other States and this State will deliver addresses on special subjects. The occasion will be made one long to be remembered, and it will be the endeavor to make it create in the farmers a new and firmer spirit, the results of which will be of lasting practical value.

THE MAIL SCHEDULE.

The mails close and arrive at the City Post office as follows:
